OPERATION & MAINTENANCE,
NAVY

19950330 017

Introduction

The Operation and Maintenance, Navy (O&M,N) appropriation finances the day-to-day costs of operating naval forces, including fuel, supplies, and maintenance costs of ships, Navy and Marine Corps aircraft, other related weapon systems, and the support establishment ashore for naval forces.

The FY 1996 estimate of \$21,225.7 million includes price growth of \$605 million. This pricing increase results from a \$695.1 million one-time pricing increase associated with losses at closing DBOF activities. These losses have been reflected as a direct passthrough vice incorporation in customer rates. This one-time pricing increase has been partially offset by Defense Business Operations Fund (DBOF) materials and supplies price changes, and lower charges by the Defense Finance and Accounting Service (DFAS). The program reduction of \$707.9 million includes program decreases of \$856.1 million partially offset by net transfers of \$148.2 million. Significant transfers include: Resources for Fitting Out Support Assistance Team (FOSSAC), large and small purchases performed at Fleet Industrial Support Centers from the DBOF, and the realignment of Non-centrally managed equipment purchases from the procurement accounts. Program decreases result from a decline in both naval forces and aviation forces and their support structure, base closure savings and a cyclical decline in depot maintenance.

The FY 1997 estimate of \$20,254.5 million includes price growth of \$51.9 million. This price increase primarily results from Defense Business Operations Fund (DBOF) materials and supplies price changes, other purchases inflation and is offset by deletion of the one-time pass through to the DBOF in FY 1996. The program reduction of \$1,023.1 million includes program decreases only. There are no significant transfers to the O&M,N appropriation in FY 1997. Major program decreases include ship and aviation force downsizing, management initiatives to restructure and streamline maintenance infrastructure, Base Closure III savings and Base Closure IV projected savings.

Readiness continues to be our primary focus with flying hour and ship operations programs funded to meet Primary Mission Readiness (PMR) and OPTEMPO goals, while maintaining manageable levels of airframe, aircraft engine and ship maintenance backlogs. Full funding of all known Class I and Class II environmental projects is also included.

**Department of the Navy
Operation & Maintenance, Navy
FY 1996/1997 Budget Estimates
Exhibit OP-05**

Budget Activity: 01 - Operating Forces

I. Description of Operations Financed

This Budget Activity supports aircraft operations, ship operations, and other combat and weapons support. Funds are used to maintain combat ready forces necessary to respond to national objectives in Joint, Naval and Combined operations. It supports the forward presence and crisis response of the National Military Strategy.

Air Operations. This activity group operates, maintains, and trains ten active carrier air wings in FYs 1996 and 1997, and three Marine Corps air wings and aviation components of the 1st Marine Expeditionary Brigade (MEB) in all years. Naval aviation is divided into three primary mission areas, Tactical Air/Anti Submarine Warfare (ASW), Fleet Air Support, and Fleet Air Training. Tactical Air squadrons conduct strike operations and are flexible in dealing with a wide range of threats identified in the national strategy and provide long range and local protection against airborne and surface threats. Anti-Submarine Warfare Squadrons locate, destroy and provide force protection against sub-surface threats, and conduct maritime surveillance operations. Fleet Air Support squadrons provide vital fleet logistics support and other duties such as aerial photo reconnaissance. Fleet Air Training facilities provide the necessary training to allow pilots to become proficient with their specific type of aircraft and transition to fleet operations.

Ship Operations. This activity group provides resources for all aspects of ship operations and maintenance required to continuously deploy combat ready warships in support of national objectives and to ensure control of the sea and littoral if required. Programs supported in Ship Operations include: operating tempo (OPTEMPO), fleet training of units and specialized skills, and associated administrative support; support of fleet-owned training equipment/facilities; operational support such as command and control, pier-side support and port services, range support, and supporting ships and craft; organizational, intermediate and depot level maintenance, and associated support. This activity group also includes the cost of operating shore facilities supporting ship operations.

Budget Activity: 01 - Operating Forces. (Cont'd)

I. Description of Operations Financed. (Cont'd)

Combat Operations/Support. This activity group provides funding for all aspects of combat operations in support of force operations, from operations to group and specialized training, and maintenance and associated support. Programs supporting combat support forces and operational support of Naval units include: command and control; War Planning/Exercises/Wargaming; Combat Development; Oceanography and Environmental Prediction Support; Combat Support Forces - Seabees, Explosive Ordnance Disposal units; tactical command, control communications and surveillance; maintenance and support of equipment; and operation of shore facilities supporting these programs.

Weapons Support. This activity group provides funding for all aspects of unique weapons systems in support of force operations, from operation of weapon systems to group and specialized training, weapon systems maintenance and associated engineering and logistics support. Weapons Support programs provide for the operational readiness and reliability for aviation, undersea, and surface weapons systems. These weapons systems include; TRIDENT Strategic Weapons Systems (SWS) aboard fleet ballistic missile submarines, the Cruise Missile Weapon System (TOMAHAWK), HARPOON, Close-in Weapon System (CIWS), Stinger and other diversified weapons systems. Weapons Support provides in-service engineering, logistics support, weapons systems certifications; organizational, intermediate and depot level maintenance; and engineering and supply support. This activity group also includes the cost of operating shore facilities supporting weapons systems and programs.

DBOF Support. This activity group provides funding to bring the Accumulated Operating Result(s) (AOR) of DBOF activities that are closing in FY 1996 from negative to a break even position, thereby subsidizing rates at these closing activities. The subject activities are concentrated at Naval Shipyards and Naval Aviation Depots. This direct passthrough will preclude a corresponding increase in rates in subsequent years at DBOF activities that remain open.

BRAC IV Projected Savings. The FY 1996 budget includes a \$695.1 million increase associated with losses at closing DBOF activities. These losses have been reflected as a direct passthrough vice incorporation in customer rates.

Budget Activity: 01 - Operating Forces. (Cont'd)

II. Force Structure Summary Please refer to individual activity group exhibits for force structure information.

**Department of the Navy
Operation & Maintenance, Navy
FY 1996/1997 Budget Estimates**

Budget Activity: **01-Operating Forces**
Activity Group: **Air Operations**

I. Description of Operations Financed

Air Operations - The operational tempo funding operates, maintains, and trains ten active carrier air wings in FY's 1995, 1996, and 1997 and three Marine Corps air wings and aviation components of the 1st Marine Expeditionary Brigade (MEB) in all years. Naval aviation is divided into three primary mission areas, Tactical Air/Anti Submarine Warfare (ASW), Fleet Air Support, and Fleet Air Training. Tactical Air squadrons conduct strike operations and are flexible in dealing with a wide range of threats identified in the national strategy and provide long range and local protection against airborne and surface threats. Anti-Submarine Warfare Squadrons locate, destroy and provide force protection against sub-surface threats, and conduct maritime surveillance operations. Fleet Air Support squadrons provide vital fleet logistics support and other duties such as aerial photo reconnaissance. Fleet Air Training facilities provide the necessary training to allow pilots to become proficient with their specific type of aircraft and transition to fleet operations. The various elements funded within this activity group are summarized below.

Primary Activity Group Components

Mission and Other Flight Operations - Includes all Navy and Marine Corps Tactical Air (TACAIR) and ASW forces, shore based logistical fleet air support, operational testing and evaluation, operation and maintenance of the White House helicopters, and miscellaneous items such as transportation of squadron equipment and the operation and maintenance of drones.

Funding provides flying hours to maintain an adequate level of readiness enabling Naval and Marine Corps aviation forces to perform their primary mission as required in support of national objectives. Primary mission readiness (PMR) is expressed as a percentage and reflects the amount of hours aircrews must fly to maintain adequate proficiency and perform the primary mission of a particular type/model/series (TMS) of aircraft including all-weather day/night carrier operations and other assigned tasks as appropriate. The requested funds buy 83 percent PMR plus a two percent simulator contribution totaling 85 percent PMR. This TACAIR/ASW average is considered the minimum acceptable level. To ensure readiness and pilot proficiency, deployed crews receive 115 percent PMR, crews in work-up receive 100 percent PMR, while non-deployed crews fly at reduced levels.

Activity Group: **Air Operations (continued)**

Fleet Air Training - Includes Fleet Readiness Squadrons (FRSSs) which train replacement aircrews for each Navy and Marine Corps TMS in weapons tactics training, weapons delivery qualifications, carrier landing qualifications, training to adversary pilots, and provides adversary services to fleet squadrons to develop and maintain air-to-air combat skills. These FRSSs are located throughout the country. Student levels are established by authorized TACAIR/ASW force level requirements, aircrew/maintenance personnel rotation rates, and the student output from Undergraduate Pilot/NFO Training Program. Fleet Air Training also includes Fleet Aviation Specialized Operational Training Groups (FASOTRAGRU) which conduct specialized aviation support training such as, weapons systems, special tactics, anti ship missile and ASW tactics and systems, land survival and evasion techniques, and prisoner of war conduct. Management of the acquisition, operation and maintenance of flight simulation facilities are part of Fleet Air Training as well.

Intermediate Maintenance - This program includes Aircraft Intermediate Maintenance Departments (AIMD), Naval Aviation Engineering Services Unit (NAESU) and Navy Engineering Technical Services (NETS). The AIMD program funds the pay of civilian personnel and day to day operations at the AIMDs. The NAESU funding provides civilian personnel compensation, travel, automatic data processing and related support costs required for engineering and technical support of aviation units. NETS funding provides instruction, information and training in the installation, operation and maintenance of weapons systems, equipment and components.

Air Operations and Safety Support - This program includes funding for aviation mobile facilities, tactical systems support, expeditionary airfields, catapults and arresting gear, survival equipment, shorebased landing aids, air traffic control and the Marine Air Traffic Control Squadron (MATCS). The aviation mobile facilities program provides for engineering and support services for Marine Corps facilities. The expeditionary airfield program supports Marine Amphibious Force units composed of fighter, attack and helicopter aircraft. The catapults and arresting gear program provides for engineering, logistical and technical efforts for all aircraft launch, recovery and visual landing aid equipment. The survival equipment program provides support for Basic Design Engineering (BDE) and production support functions for Aviation Life Support equipment. The shorebased landing aids program and the air traffic control program provide funding for engineering support for landing aid improvements, replacement of obsolete landing aids and related facility alterations, air traffic control, identification and landing systems support at all USN and USMC aviation shore facilities worldwide and all aviation/combat ships afloat. The Marine Air Traffic Control Squadron funding ensures restoration of USMC aviation end items.

Aircraft Depot Maintenance - This program includes airframe rework, engine rework and component rework. The airframe rework provides inspection and repair of fleet aircraft. The engine rework program accomplishes the repair, modification and overhaul of aircraft engines, gearboxes and torque meters. The primary purpose of the component rework program is to provide readiness by ensuring that an adequate supply of components is available to support the Fleet.

Activity Group: Air Operations (continued)

Aircraft Depot Operations Support - This program includes aircraft support services rework, Naval Aviation Depot Operations Center (NADOC) and military support. Aircraft support services enhances Fleet readiness by providing expeditious solutions for the correction of unplanned maintenance problems incurred during Fleet operations. NADOC funding provides civilian personnel compensation, travel, automatic data processing and related support costs required for engineering and technical support of depot maintenance activities.

Base Support - Includes base support for activities that predominantly support aviation operating forces. Base support includes operation of utility systems, public works services, base administration, supply operations, base services such as transportation and security, personnel support functions, bachelor quarters operations, morale, welfare and recreation operations, real property maintenance, disability compensation, and environmental and hazardous waste management.

II. Force Structure Summary (TACAIR/ASW):

In FY 1994 there are 11 active carrier airwings, 2,564 crews and 1,887 primary authorized aircraft.
In FY 1995 there are 10 active carrier airwings, 2,540 crews and 1,872 primary authorized aircraft.
In FY 1996 there are 10 active carrier airwings, 2,476 crews and 1,825 primary authorized aircraft.
In FY 1997 there are 10 active carrier airwings, 2,430 crews and 1,779 primary authorized aircraft.

Activity Group: **Air Operations (continued)**

II. Financial Summary (Dollars in Thousands).

A. Sub-Activity Group Breakout

	FY1994 Current Estimate	Budget Request	FY1995 Appropriated	Current Estimate 1/	FY1996 Current Estimate	FY1997 Current Estimate

A. Wholesale Budget Rates	-26,743	
B. Civilian Pay Raise	1,852	
8. Functional Transfers		119,759

Activity Group: **Air Operations (continued)**

A. Transfers In - Inter-Appropriation		120,679
1) Realignment from Other Procurement Navy appropriation to reflect the Congressionally mandated increase in the unit cost of investment items that may be purchased with O&M funds from \$25 thousand to \$50 thousand. (Baseline: \$3,883,875)	679	
2) Transfer from Operation and Maintenance, Defense-Wide as directed by Section 8158 of the Department of Defense Appropriations Act, 1995. These funds are to reduce real property maintenance backlog. (Baseline: \$1,009,692)	120,000	
B. Transfers Out - Intra-Appropriation		-920
1) Transfer of Air Traffic Control support to LANTFLT, CNET and PACFLT to align initial supply equipment funding with program responsibility. (Baseline: \$82,235)	-753	
2) Realign resources to Combat Operations Support for consolidation of Personnel Support Offices (PSA Europe)	-167	
9. Program Increases		310,580
A. Other Program Increases		
Execution/Fact of Life Changes		
1) Increase in cost per hour for Aviation Depot Level Repairables and maintenance to reflect actual execution and maintain aircraft at readiness levels necessary to ensure airframe availability to meet pilot training and operational schedules. The additional funds are necessary primarily because of an increasing parts failure in a number of engine components. As a result, these engine components must be replaced more frequently than originally planned. (Baseline: \$2,479,964)	202,000	
Force Structure Changes		
1) Increase in flying hours resultant from an increase in primary authorized aircraft and an increased flying hour requirement. (Baseline: \$2,479,964)	58,829	
Legislative Changes		
1) Civil Service retirement and Disability fund payment representing \$80 for each employee as of March 31 of such fiscal year in accordance with the Federal Workforce Restructuring Act of 1994. (Baseline: \$2,152,717)	603	
2) Increased base support funding for units relocating from closing bases. (Baseline: \$820,101)	15,002	
Management Initiatives/Changes		
1) Increase in NAS Keflavik base air operations support; Consolidation of functions at Rota NS; Acceptance of dominant user status in Greece. (Baseline: \$820,101)	1,935	
2) Increased funding for Bachelor Quarters upgrades and Real Property Maintenance to reduce Backlog of Maintenance And Repair. (Baseline: \$337,522)	29,234	
3) Increase in single sailor loaner furniture program. (Baseline \$598,537)	2,977	

Activity Group: **Air Operations (continued)**

10. Program Decreases

A. One Time Decrease

Execution/Fact of Life Changes

1) Of the \$202 million increase explained above, \$72 million have been identified for a prior approval reprogramming into Air operations and are included in the current estimate. This adjustment reflects additional funding required to fund 85% primary mission readiness requirement. During execution it is intended that this amount will be reprogrammed into the flying hour program. (Baseline \$2,479,964)

B. Other Program Decreases

Execution/Fact of Life Changes

1) Congress authorized locality pay increases for federal employees nationwide. Decreases to Air Operations are needed to fully fund the pay raise. A reprogramming request will be provided to Congress and, once approved, funding will be restored. (Baseline: \$1,129,192)

2) Reduced in-service engineering support of Air Launch Recovery Equipment and restoration of Marine Air Traffic Control Landing Systems based on FY 1994 execution experience. (Baseline: \$82,235)

Force Structure Changes

1) Decrease in USN staff flying hours and USMC staff flying hours requirement. (Baseline: \$1,839,857)

Infrastructure Changes

1) Decrease to reflect a decreased requirement of the non-flying elements of the flying hour program, primarily air staff administrative costs, Individual Material Readiness List costs, TAD and requirements for radar and acoustic simulation. (Baseline: \$180,500)

2) Reduction of civilian workyears to reflect lower workyear execution. (Baseline: \$3,883,875)

3) Decrease in Intermediate Maintenance program associated with downsizing and increased energy conservation. (Baseline: \$66,750)

4) Decrease in Depot Support Items, Customer Services, Ferry Flights and Naval Air Pacific Rework Activity (NAPRA) operations associated with overall decreases in the depot maintenance program. (Baseline: \$33,920)

Management Initiatives/Changes

1) Reduced environmental pollution abatement at various air stations. An additional year provided to define projects. (Baseline \$101,478)

Infrastructure Changes

1) Reductions in Base support due to BRAC and other base closures and consolidations. (Baseline: \$820,101)

987
14,391

C. Transfers Out - Inter-Appropriation

- 1) Transfer of Air Traffic Control support to HQMC to align initial supply equipment funding with program responsibility. (Baseline: \$82,235)

-78

D. Transfers Out - Intra-Appropriation

- 1) Assets transferred to activities providing phone service. (Baseline: \$21,173) (-16ES, -16WY)

-1,054

14. Program Increases

222,874

A. One Time FY 1996 Increases

Execution/Fact of Life Changes

- 1) Increase to restore the FY 1995 baseline to a level that funds 85% primary mission readiness requirement.
(Baseline: \$2,418,262)

130,000

Activity Group: Air Operations (continued)

B. Other Program Increases in FY 1996		92,874
Execution/Fact of Life Changes		
1) Increase to allow customer reimbursement to Fleet Industrial Supply Centers for supply management and supply operations costs of running SERVWART and retail inventory of Navy owned 9 COG material. These costs have been removed from the wholesale surcharge. (Baseline: \$2,418,262)	8,148	
2) One additional workday in FY 1996. (Baseline: \$2,579,078)	1,566	
3) Increases base support funding to support units relocating from other bases. (Baseline: \$820,101) (+183 E/S, +91 W/Y)	11,705	
Management Initiative/Change		
1) Increase to Real Property Maintenance to reduce critical backlog of maintenance and repair. Includes additional Bachelor Quarters upgrades. (Baseline: \$337,522)	41,780	
2) Increased funding for environmental compliance. (Baseline: \$101,478)	29,170	
3) Realignment from Combat Support for the CINCLANTFLT Manpower Assist Team	318	
Infrastructure Changes		
1) Increase of NAPRA workyears and associated costs for Guam Detachment moving to Okinawa. (3 W/Y) (Baseline: \$66,607)	88	
2) Increase of NADOC contract support due to increased NADEP workload becoming commercial as a result of NADEP closures. (2 W/Y) (Baseline: \$66,607)	99	
15. Program Decreases		-329,328
A. Other Program Decreases in FY 1996		-329,328
Management Initiatives		
1) Savings resulting from increased usage of the IMPAC Bank card for purchases below the micro-purchase threshold. (Baseline: \$2,418,262)	-187	
2) Savings resulting from the use of Electronic Funds Transfer as the standard method for paying travel vouchers. (Baseline: \$2,418,262)	-80	
3) Reduction in commercial telephone bills due to a reduction in fraud waste and abuse and other management cost savings. (Baseline: \$820,101)	-1,707	
Force Structure Changes		
1) Decrease in flying requirement in Fleet Air Training squadrons, primarily USN TACAIR and ASW readiness squadrons, USMC readiness squadrons and the adversary squadron. (Baseline: \$532,099)	-59,392	
2) Decrease in flying hours associated with decreased TACAIR/ASW primary authorized aircraft and flying hour requirement. (Baseline: \$1,886,163)	-37,395	
3) Decrease in Fleet Air Support hours resultant from a decreased flying hour requirement. (Baseline: \$1,886,163)	-23,493	
Infrastructure Changes		
1) Decrease reflects reduced requirements for radar and acoustic simulation, mission essential travel, and administrative requirements at operational staffs. (Baseline: \$287,127) (-62 ES/-77 WY)	-27,599	
2) Reductions in base support due to BRAC and other base closures and consolidations. (Baseline: \$820,101) (-627ES, -445WY)	-73,402	

Activity Group: Air Operations (continued)

Execution/Fact of Life Changes

- 1) Decrease in cost per hour for Aviation Depot Level Repairables and maintenance which reflects the introduction of solutions to the engine component problems experienced in previous years. This decrease will maintain aircraft readiness levels necessary to ensure airframe availability to meet pilot training and operational schedules. (Baseline: \$2,418,262) -19,725-
- 2) Decreased Engineering Technical Support and AIMD requirements associated with reduced force structure and fewer AIMD sites. (-37 E/S, -14 W/Y) (Baseline: \$66,607) -714
- 3) Reduced in-service engineering, fleet technical assists, refurbishment of expeditionary matting and inspection of Marine Air Traffic Control Landing Squadrons due to reduced force structure and increased reliability and maintainability of equipment. (Baseline: \$77,128) -10,252
- 4) Decreased Standard Depot Level Maintenance of airframes and engines as a result of decreased Primary Authorized Aircraft. Program structured to a manageable backlog level of 100 airframes and 250 engines based on prior year execution experience. (Baseline: \$681,132) -60,185
- 5) Decreased maintenance support costs associated with the closure of NADEP Alameda, and overall decreases in the depot maintenance program. (Baseline: \$31,921) -1,433
- 6) Reduced support costs for Naval Air Pacific Repair Activity due to increased burdenshring from the Government of Japan. (Baseline: \$31,921) -553
- 7) Government of Japan burdensharing agreement provides for 100 percent of Foreign National Indirect Hire costs and 100 percent of FY 1989 baseline utility costs. (Baseline: \$820,101) -4,214
- 8) Reduction in collateral equipment for MILCON and facility maintenance projects. (Baseline: \$598,537) -507
- 9) Reduced funding associate with purchases for the Naval Air Warfare Center in order to reduce the backlog of funded orders from previous years. (Baseline: \$77,128) -8,490

16. FY 1996 President's Budget Request 4,266,628

17. Pricing Adjustments 262,339

A. Annualization of FY 1996 Pay Raise

- 1) Classified 2,305
- 2) Wage Board 1,660
- 3) Foreign National Direct Hire 397

B. FY 1997 Pay Raise

- 1) Classified 248
- 2) Wage Board 7,741
- 3) Foreign National Direct Hire 6,161

C. Defense Business Operating Fund (DBOF)

- 1) Supplies, Material, and Equipment 640
- 2) Fuel 940

D. Other Defense Business Operating Fund

- 1) Foreign National Direct Hire 134,897

E. Foreign National Direct Hire

- 1) Foreign Currency 128,292

F. Foreign Currency

- 1) Other Pricing 6,605

- 2) Other Pricing 91,500

- 3) Other Pricing 815

- 4) Other Pricing 0

- 5) Other Pricing 25,081

Activity Group: Air Operations (continued)

18. Program Increases		35,219
A. One Time FY 1997 Increases		
1) Collateral equipment support for MILCON Projects. (Baseline: \$1,205,651)	4,404	4,404
B. Other Program Increases in FY 1997		
Execution/Fact of Life Changes		
1) Increased base support costs to support units relocating from closing bases. (Baseline: \$817,572) (+193 E/s, +91 W/Y)	4,893	
2) Fund Service Craft overhauls. (Baseline: \$817,582)	7,165	
3) Increase for Naval Air Warfare Centers in order to bring program funding back to then-year requirements. Prior year funding had been reduced in order to work down funded carry forward. (Baseline: \$59,060)	8,490	
Management Initiatives/Changes		
1) Outsourcing security and other base functions. Includes Civpers reductions. (Baseline: \$566,728) (-128 E/s, -65 W/Y)	8,604	
2) Increased Quality of Life support. Includes child care and family service support. (Baseline: \$73,102)	1,663	
19. Program Decreases		-198,199
A. Other Program Decreases in FY 1997		
Force Structure Changes		
1) Decrease in flying requirement in Fleet Air Training squadrons, primarily USMC TACAIR and USN ASW readiness squadron and the adversary squadron. (Baseline: \$410,207)	-7,955	
2) Decrease in TACAIR/ASW flying hours resultant from a decrease in primary authorized aircraft and flying hour requirement. (Baseline: \$1,730,515)	-18,515	
3) Decrease in Fleet Air Support flying hour requirement hours. (Baseline: \$1,730,515)	-2,506	
Infrastructure Changes		
1) Decrease in requirements for simulator support, equipment maintenance, supplies, materials, transportation of things, corrective maintenance support, contract support for simulator instructors, ADP support, printing, reproductive and publication services, training software support, maintenance and technical trainer support and electronic warfare training support. (Baseline: \$275,450) (-14 ES/-18 WY)	-12,803	
2) Reductions in base support due to BRAC and other base closures and consolidations. (Baseline: \$817,572)	-27,846	
3) Reductions associated with the closure/realignment of Aviation Intermediate Maintenance Departments at Miramar, Alameda and Barbers Point. (-10E/S,-29 W/Y) (Baseline: \$68,070)	-1,069	
4) Decreased Engineering Technical Support and AIMD requirements associated with reduced force structure. (-11 E/S,-12 W/Y) (Baseline: \$68,070)	-3,760	
5) Decreased Standard Depot Level Maintenance of airframes and engines as a result of decreased Primary Authorized Aircraft. Program structured to a manageable backlog level of 100 airframes and 250 engines. (Baseline: \$489,443)	-32,524	

Activity Group: Air Operations (continued)

Execution/Fact of Life Changes

1) Decrease in cost per hour for Aviation Depot Level Repairables and maintenance which reflects the introduction of solutions to the engine component problems experienced in previous years. This decrease will maintain aircraft readiness levels necessary to ensure airframe availability to meet pilot training and operational schedules. (Baseline: \$2,140,722)	-66,999
<u>Management Initiatives</u>	
1) Savings resulting from increased usage of the IMPAC Bank card for purchases below the micro-purchase threshold. (Baseline: \$2,125,906)	-371
2) Savings resulting from the use of Electronic Funds Transfer as the standard method for paying travel vouchers. (Baseline: \$2,125,906)	-27
3) Reduction in funding to draw down facilities backlog of maintenance and repair due to increased funding level in FY 1996 to reduce backlog in readiness related facilities. (Baseline: \$388,079)	-23,824

**Operation and Maintenance, Navy
FY 1996/1997 Budget Estimates
EXHIBIT OP-05**

Budget Activity: **01-Operating Forces**
Activity Group: **1B - Ship Operations**

I. Description of Operations Financed

This activity group provides resources for all aspects of ship operations and maintenance required to continuously deploy combat ready warships in support of national objectives and to ensure control of the sea and littoral if required. Programs supported in Ship Operations include: Operating Tempo (OPTEMPO), fleet training of units and specialized skills, and associated administrative support; support of fleet-owned training equipment/facilities; operational support such as command and control, pier side support and port services, range support, and supporting ships and craft; organizational, intermediate and depot level maintenance, and associated support.

Ship Operational Support and Training - Financing for this program provides for the detailed pre-planning, engineering, training and range operations necessary to insure that operating force ships and nuclear attack submarines and their crews are operating at high levels of readiness.

Intermediate Maintenance - Financing within this program supports fleet maintenance which is normally performed by Navy personnel on tenders, repair ships, aircraft carriers, and Shore Intermediate Maintenance Activities (SIMAs). The SIMA program funds the pay of civilian personnel, materials and day-to-day operations at the SIMAs. Additionally, funding provides for the cost of travel and related costs required for engineering and support for the Naval Sea Systems Command. Navy Engineering Technical Support (NETS) funding provides instruction, information and training in the installation, operation, and maintenance of weapons systems, equipment, and components.

Ship Depot Maintenance - Financing within this program supports all maintenance ranging from Overhauls (OH) to Restricted Technical Availabilities (RA/TA). Ship overhauls restore the ship, including all operating systems which affect safety or current combat capability, to established performance standards. This includes the correction of all discrepancies found during pre-overhaul tests and inspections or developed from maintenance history analysis. RA/TA repairs include selected restricted availabilities, phased maintenance availabilities, emergent repairs, service craft overhauls, repairs, repairs during post shakedown of new units, interim dry docking, battery renewals and various other miscellaneous type repairs.

Ship Depot Operations Support--Financing within this program supports a variety of depot maintenance programs, including Planning and Engineering for Repair and Alterations (PERA), Ship Repair Facilities (SRF), Maintenance Engineering and Logistics Support, Outfitting (including Integrated Logistics Review) Technical Support for Mine Countermeasures (MCM/MHC) Ships, and Surface Ship Extended Operating Cycle (SSEOC). The Fleet Modernization Program (FMO) support effort begins in FY 1995 in the O&M,N appropriation and provides for minor ship alterations both in and out of scheduled availabilities.

Activity Group: Ship Operations (continued)

Base Support--Includes base support for activities that predominantly support ship operating forces. Base support includes operation of utility systems, public works services, base administration, supply operations, base services such as transportation and security, personnel support functions, bachelor quarters operations, morale, welfare and recreation operations, disability compensation, and environmental and hazardous waste management.

II. Force Structure Summary

In FY 1995 this sub-activity group supports 11 aircraft carriers, 113 surface combatants, 39 amphibious ships, 84 nuclear attack submarines, 16 strategic ballistic missile submarines, 43 combat logistics ships, 13 mine warfare ships, and 27 support forces ships. In FY 1996, funding provides for 11 aircraft carriers, 116 surface combatants, 42 amphibious ships, 80 nuclear attack submarines, 17 strategic ballistic missile submarines, 41 combat logistics ships, 11 mine warfare ships, and 22 support forces ships. In FY 1997, funding provides for 11 aircraft carriers, 116 surface combatants, 42 amphibious ships, 73 nuclear attack submarines, 18 strategic ballistic missile submarines, 41 combat logistics ships, 11 mine warfare ships, and 18 support forces ships.

Activity Group: Ship Operations (continued)

III. Financial Summary (Dollar in Thousands)

A. Sub-activity Breakout

	FY 1994	FY 1995	FY 1996	FY 1997
	Current Estimate/1	Budget Request	Appropriated Estimate/2	Current Estimate
1B1B Fleet Operations	2,149,244	1,891,202	1,891,202	1,907,675
1B2B Ship Operational Support and Training	429,964	501,771	524,771	498,229
1B3B Intermediate Maintenance	465,628	425,116	425,116	439,314
1B4B Ship Depot Maintenance	1,729,305	2,337,433	2,365,433	2,387,205

1B6B Base Support	1,175,848	1,009,960	1,041,260	1,063,432
Subtotal	6,626,542	7,032,686	7,114,986	7,217,258

Technical Adjustments

Allocation of Congressional General Adjustments

Fuel Credits 1/ -181,033

DLA Supply Credits 2/ -16,585

MSC Rates 2/ -2,535

Anticipated Reprogramming to Support -3,304

Civilian Pay Raise

Activity Group Total 6,445,509 7,032,686 7,083,189 7,194,834 6,879,010 6,734,199

- 1/ The FY 1994 amount includes \$181,033 in fuel credits consistent with the FY 1994 Appropriations Act.
 2/ The FY 1995 Current Estimate includes \$16,585 thousand in DLA supply credits and \$2,535 in MSC rates adjustment consistent with the FY 1995 Appropriations Act.

B. Reconciliation Summary

	Change FY 1995/FY 1995	Change FY 1995/FY 1996	Change FY 1996/FY 1997
Baseline Funding	7,032,686	7,194,834	6,879,010
Congressional Adjustments (specified)	82,300		
Technical Adjustments	-7,598		
Congressional Adjustments (general)	-24,199		
Price Change	-4,602	64,170	231,448
Functional Transfer	22,435	20,223	0
Program Changes	93,812	-400,217	-376,259
Current Estimate	7,194,834	6,879,010	6,734,199

Activity Group: Ship Operations (continued)

C. Reconciliation of Increases and Decreases.

1. FY 1995 President's Budget Request	7,032,686
2. Congressional Adjustments (Program specified)	82,300
Supply Operations	-20,000
Ships Supplies and Equipage	23,000
Ship Maintenance Backlog	50,000
SSBN Maintenance Backlog	-23,000
Constellation/INTREPID Survey	1,000
Travel	-2,000
Charleston Naval Complex	6,000
Shipyard Modernization	46,300
Environmental Activities, Derecoctor Shipyard	1,000
3. FY 1995 Appropriated Amount (Program Specified)	7,114,986
4. Technical Adjustments required to comply with Congressional Intent	-7,598
Supply Operations	3,415
Travel	1,211
Environmental Activities, Derecoctor Shipyard	-1,000
Pentagon, Major Commands & Admin	-2,883
Workyear Pricing	-1,911
Family Support Centers	2,425
Base Communications Infrastructure	-2,214
Environmental Technologies	-4,106
MSC Rate Change	-2,535
5. Congressional Adjustments (General)	-24,199
Civilian Personnel Pay Raise	2,507
Contractor and Consulting Services	-17,438
Information Technology General Reduction	-9,265
FY 1995 Budget Amendment	-3
6. FY 1995 Appropriated	7,083,189

Activity Group: Ship Operations (continued)

7. Price Growth			-4,602
Civilian Pay Raise		3,304	
Wholesale Budget Rates		-7,906	
8. Functional Transfers			22,435
A. Transfers In-Inter-Appropriation			21,756
1) Inter			
a) Funding realignment from Other Procurement Navy as a result of increased threshold for expense/investment criteria from \$25,000 to \$50,000. (Baseline \$656,716)	1,756		
b) Increase to Real Property Maintenance for reduction in backlog backlog of maintenance and repair. (Baseline \$811,152)	20,000		
B. Transfers In-Intra-Appropriation			2,841
1) Intra			
a) Transfer from Combat Operations Support to align air traffic control initial supply equipment funding with program responsibility.	741		
b) Transfer from Prepositioning and Surge to cover cost for Mobile Medical Augmentation Readiness Team (MMART). (Baseline \$51,134)	2,100		
C. Transfers Out- Inter-Appropriation			-11,030
1) Inter			
a) Realign Commands and Staff/Fleet TAD for afloat training organization from Ship Operations Fleet Ship Training to properly place funds (Baseline \$51,134)	-1,991		
D. Transfers Out- Intra-Appropriation			-171
1) Intra			
a) Realign resources to Combat Operations Support for consolidation of personnel Support Offices (PSA Europe)	-171		
9. Program Increases			189,737
A. One Time FY 1995 Costs		451	
Execution/Fact of Life Changes			
1) Increased cost for crew training of T-AO 203 (from \$274 base in FY 1995 President's Budget) and inactivation costs of T-AO 187 (from \$3,849 base in FY 1995 President's Budget).	151		
2) Crew training costs for T-AE 27 which will undergo conversion in FY 1996. (Baseline \$477,099)	300		

Activity Group: Ship Operations (continued)

B. Other Program Growth in FY 1995

189,286

Execution/Fact of Life Changes

- 1) Delayed decommissioning of CG-20 from FY 1994 to FY 1995 will allow continued IEAP testing. (Baseline \$1,417,360) 2,640
- 2) Delay in inactivation of T-AO 190 results in increase of 92 Full Operational Service (FOS) days. The extension in planned service was caused in part by the canceled delivery of T-AO 191 and T-AO 192 following bankruptcy of the building yard. (Baseline \$477,099) 5,034
- 3) Increased costs for conversion of TAE 27, increased per diem days for TAO 201 conversion costs for TATS 1 and reimbursable costs for commercial services. (Baseline \$477,099) 1,960
- 4) Increase in Repair Parts in support of phased material replacement items and repair parts required to achieve shipboard preventative and corrective organizational level maintenance. This increase allows for restoration of deferred purchases of S&E items which resulted from non-receipt of \$49,000 thousand in Counter-Drug OPTEMPO funding. (Baseline \$417,146) 33,630
- 5) Increased funding for Fleet Commands and Staff/TAD based on historic training requirements and execution requirements. (Baseline \$51,1343) 6,493
- 6) Increased funding to cover minimally executable requirements in Berthing and Messing as well as Planning and Estimating/Ship Repair Support efforts. (Baseline \$867,204) 5,558
- 7) Additional funding required to fund minimum executable workload in Intermediate Level Maintenance based on execution experience (Baseline \$425,116) 22,050
- 8) Increase in Ship Technical Support Program to provide for additional updates of technical documentation and logistics support items for the BOATALTS, additional lifecycle maintenance, development and implementation of software and hardware upgrades, and continuation of ship operational commitments. (Baseline: \$867,204) 3,224
- 10) Increase in the Target/Boat/Berthing Rehabilitation Program reflects additional design, development, and advanced planning actions. (Baseline: \$867,204) 1,900
- 11) Realignment of programs from Combat Operations Support to include the Integrated Undersea Surveillance System and Service Craft Maintenance programs. (Baseline \$709,214) 27,000

Force Structure Changes

- 1) Increase for fuel and utilities funding based on execution experience and increases in operating months in FY 1995. (Baseline \$608,495) 15,890

Activity Group: **Ship Operations (continued)**

- 2) Accelerate downsizing of fleet units increases IMA support for decommissioning. (Baseline: \$425,116) 2,210
- 3) Increase due to change in number and mix of RA/TA availabilities and miscellaneous RA/TA. (Baseline: \$2,337,433) 35,600

Legislative Changes

- 1) Pursuant to Federal Restructuring Act of 1994, payments to the Department of Treasury on behalf of the civil service retirement and disability fund for employees employed as of March 31st of each year. (Baseline: \$665,181) 593

Infrastructure Changes

- 1) Realignment of family service centers, Sasebo base expansion, and conversion. (Baseline: \$709,214) 1,078

Management Initiative/Changes

- 1) Increase in the SUPSHIP program to cover one time costs for Separation Incentive Pay (SIP) and Reduction in Force, along with increased design engineering and general administrative support. (Baseline: \$867,204) 11,987
- 2) Increase in environmental program support for pollution abatement. (+6ES,+6WY), (Baseline: \$101,039) 10,158
- 3) Collateral equipment support for MILCON projects. (Baseline: \$709,214) 1,136
- 4) Increase in recreation specialists from NAF to AP (+8ES,+18WY), (Baseline: \$709,214) 1,145

10. Program Decreases

-95,925

A. Other Program Decreases

Execution/Fact of Life Changes

- 1) Nuclear fuel program decreases primarily as a result of revised cost estimates for nuclear fuel storage and handling and anticipated reductions to shipyard core storage as shipments to Idaho of expended cores resumes. (Baseline: \$101,015) -8,561
- 2) Reduction in support of USS Frank Cable (AS 40) and USS Belknap (CG 26) resulting from accelerated inactivation and 1/2-less ship year of service in FY 1995. (Baseline: \$1,843,325) -5,640
- 3) Delayed delivery of DDG 62 from FY 1995 to FY 1996. (Baseline: \$1,843,325) -1,369
- 4) Decrease in per diem days of FOS charter for T-AK 286 resulting from early decommissioning in FY 1994 vice FY 1995. Decrease in per diem days of FOS charter of T-AO 201 due to 13 day delay in delivery and delay in operational service of T-AE 32 to FY 1996 and reduced support of Deep Submergence Research Vehicle. (Baseline: \$477,099) -26,677

Activity Group: **Ship Operations (continued)**

- 5) Canceled inactivation costs of T-AO 190.
(Baseline: \$477,099) -3,839
- 6) Decrease in consol tanker and towing operations T-AE 32
activation costs and commercial services administered through MSC.
(Baseline: \$477,099) -2,652
- 7) Decrease in estimated crew training costs for T-AE 32 and T-AO 204.
(Baseline: \$477,099) -102

Infrastructure Changes

- 1) Reduction in Recreation Specialist services to better support MWR
in the Kings Bay area. (Baseline: \$51,134) -44
- 2) Disestablishments of two submarine groups and one squadron in conjunction
with force structure downsizing. (Baseline: \$51,134) -132
- 3) Reduction to Management Headquarter/Commands and Staff based on execution
(Baseline: \$1,907,675) -18,162
- 4) Realignment of support functions at Kings Bay, NAS Sigonela, and Naval Station
Rota. (-29ES, -28WY), (Baseline: \$1,049,245) -1,360
- 5) Various adjustments across multiple programs, largely to address civilian
personnel shortfalls in other areas. (-31 ES/WY) (Baseline: \$501,771) -1,819
- 6) Fewer RADFAC equip calibrated and less planning and development of surface
IMAs. (Baseline: \$425,116) -928
- 7) Decrease in Fleet Modernization Program in support of a change in
requirements. (Baseline: \$867,204) -10,403
- 8) Reduction of civilian workyears to reflect lower workyear execution (-70WY)
(Baseline: \$665,181) -4,814
- 9) Realign 3 civilian personnel to Combat Support Operations for command evaluation
functions -111

Management Initiatives/Changes

- 1) Decrease for alternative energy for North Korea and reduction in conversion
conversion costs for TATS 1 serving in PACFLT (Baseline: \$901,198) -1,030
- 2) Defer service craft overhauls. (Baseline: \$709,214) -261
- 3) Savings resulting from base closures and consolidations.
(185ES, -121WY) (Baseline: \$1,175,814) -4,489
- 4) Delay in Naples Improvement Initiative construction schedule reduces FY 95
requirement (Baseline: \$709,214) -489
- 5) Congress authorized locality pay increases for federal employees nationwide.
Decreases to Ship Operations are needed to fully fund the payraise. A repro-
gramming request will be provided to Congress and, once approved, funding will
be restored. -3,304

-448
-448

14. Program Increases

657,456

A. Annualization

Force Structure Changes

- 1) Phased delivery of 16 new construction ships in FY 1995 for which a full year of support is required in FY 1996. Additions to the force include: 2 fast combat support ships, 5 guided-missile destroyers, 1 helicopter/dock landing ship, 2 dock landing ships, 1 nuclear-powered ballistic missile submarine, and 4 nuclear-powered attack submarines. In addition, 4 coastal mine hunter ships not included in the Battle Force will serve in the active Fleet for a one-year shakedown before transferring in FY 1996 to the Naval Reserve Force as Mobilization Category B ships. (Baseline: \$1,885,234)
- 2) Phased delivery of T-AO 201 in FY 1995 for which a full charter year is required in FY 1996. (Baseline: \$528,018)

33,301

21,192

Infrastructure Changes

- 1) Delayed realignment of Command and Control function to this sub-activity group from ship operations base operation support. (Baseline: \$43,796)
- 2) Increased workload for a Regional Environmental Coordinator and CACO based on the closure of Philadelphia facilities and increases for ADP specialists supporting submarine operations. (Baseline: \$43,796)

165

39

B. One-time FY 1996 Increases

Execution/Fact of Life Changes

- 1) Crew training costs for delivery of T-AE 34, T-AE 35, and T-ATS 1. (Baseline: \$528,018)
- 2) One additional per diem day for MSC charter ships. (Baseline: \$528,018)
- 3) Activation costs for T-AE 27, T-AE 32, and T-AE 35. (Baseline: \$528,018)
- 4) Deactivation cost for T-AO 188 and T-AO 190 which will be leaving the inventory in FY 1996. (Baseline: \$528,018)
- 5) Conversion costs incurred in support of mid-life upgrades to T-AFS 1, T-AFS 5, T-AFS 6, and conversion of ATS 1 to T-ATS 1. (Baseline: \$528,018)
- 6) Crew training cost for two LKAs to be designated T-LKAs in FY 1997. (Baseline: \$528,018)

C. Other Program Growth in FY 1996

573,765

Force Structure Changes

- 1) Program increases for repair parts and other OPTAR associated with the phased delivery of 12 new construction ships in FY 1996. Additions to the force include: 1 nuclear-powered aircraft carrier, 6 guided-missile destroyers, 1 dock landing ship, 1 nuclear-powered ballistic missile submarine, and 3 nuclear-powered attack submarines. In addition, 4 coastal mine hunter ships not included in the Battle Force will serve in the active Fleet for a one-year shakedown before transferring in FY 1997 to the Naval Reserve Force as Mobilization Category B ships. (Baseline: \$582,197)
- 2) Program increase to support the operation of T-AO 203, T-AO 204, T-AE 32, and T-ATS 1. (Baseline: \$528,018)
- 3) Program increase to support placing T-AO 198 and T-AO 199 in Full Operating Status (FOS). (Baseline: \$528,018)
- 4) Program increase to support the operation of a second Deep Submergence Rescue Vessel. (Baseline: \$528,018)
- 5) New support required for delivery of lead SEAWOLF submarine. (Baseline: \$498,057)
- 6) Increase to AEGIS ship support based on increase in ships entering fleet. Efforts include computer program maintenance, In-Service engineering support, and operating cycle integration. (+5 ES/WY) (Baseline: \$498,057)
- 7) Increased equipment maintenance support at the Electronic Support Centers. (Baseline: \$498,057)
- 8) Increased aviation and platform training associated with new ES-3A aircraft (Baseline: \$498,057)
- 9) Increases for the Deep Sea Submergence Program to update tech manuals (Baseline: \$498,057)
- 10) Increase SSN class submarine support for review and analysis of performance and identification of deficiencies due to gain of one SSN in FY96. (Baseline: \$498,057)
- 11) Increase for Commercial Industrial Support (CIS) for repair of naval force due to large reduction in organic capacity. (Baseline: \$434,983)
- 12) Increase in Depot Maintenance due to change in number and mix of availabilities. (Baseline: \$2,385,669)
- 13) Change in number and mix of phased maintenance availabilities. (Baseline: \$2,385,669)
- 14) Increase for the LHA Mid-Life Maintenance Upgrade Program to provide for design and maintenance planning support for LHA 3/4. (Baseline: \$920,083)

Management Initiatives

- | | |
|--|--------|
| 1) Increase to provide for new initiative to convert and modernize antiquated Berthing and Messing barges in compliance with CNO quality of life initiative (Baseline: \$920,083) | 11,400 |
| 2) Increase to allow customer reimbursement to fleet industrial supply centers for supply management and supply operations costs of running SERVIMART. (Baseline: \$719,372) | 3,718 |
| 3) Environmental funding increases due to additional regulatory requirements and rate change for Federal Employee Health Benefit Plan. (Baseline: \$114,029) | 35,933 |
| 4) Increase in the Engineering Operational Sequencing System provides for additional technical feedback and revisions on propulsion plant operational procedures and casualty control procedures to shipboard personnel. (Baseline: \$498,057) | 3,518 |
| 5) Transfer of funding for Manpower assist teams from Combat Support to Ship Operations. (Baseline: \$719,372) | 318 |
- Infrastructure Changes**
- | | |
|--|--------|
| 1) Additional personnel and operating costs for support of Naples Improvement Initiative (+11WY), (Baseline: \$1,228,570) | 6,844 |
| 2) Increased support for new facilities built under Government of Japan Facility Improvement Program. (Baseline: \$1,228,570) | 1,015 |
| 3) Increase to Real Property Maintenance to reduce critical maintenance backlog. Includes additional upgrades to BEQs. (\$272,390) | 51,348 |

15. Program Decreases

-1,057,673

A. Annualization

Force Structure Changes

- | | |
|---|---------|
| 1) Reduction in repair parts and other OPTAR associated with the phased retirement of 30 ships in FY 1995, including the transfer of one ammunition ship to MSC. Decreases to the force include: 1 destroyer tender, 4 ammunition ships (including one to be converted to T-AE), 1 combat stores ship, 2 replenishment oilers, 1 repair ship, 3 submarine tenders, 1 submarine-rescue ship, 1 nuclear-powered cruiser, 2 cruisers, 1 amphibious assault helicopter carrier, 5 tank landing ships, 1 nuclear-powered ballistic missile submarine, and 7 nuclear-powered attack submarines. One coastal mine hunter ship serving in the active force will also transfer to the Naval Reserve force. Additionally, one aircraft carrier and two ocean-going minesweeper/minelayer ships transfer to the Naval Reserve Force in FY 1995. (-4610 ES, -3061 WY) (Baseline: \$582,197) | -36,269 |
|---|---------|

-49,168

Activity Group: Ship Operations (continued)

2) Reduction in chartered per diem days as a result of deactivation of T-AO 187. (Baseline: \$582,018)	-5,855
3) Reduction in chartered per diem days as a result of placing T-AO 198 and T-AO 199 in Reduced Operating Status (ROS). (Baseline: \$528,018)	-5,044
Management Initiatives	
4) Additional funding of Family Service Centers not annualized past 1995 (Baseline: \$77,213)	-2,000
B. One-Time Decreases	
Force Structure Changes	
1) Crew training costs incurred in support of T-AO 203, T-AO 204, T-AE 27 and T-AE 32. (Baseline: \$528,018)	-1,357
2) Deactivation cost for T-AO 187 which left the inventory in FY 1995. (Baseline: \$528,018)	-3,952
3) Activation costs of T-AE 32. (Baseline: \$528,018)	-1,677
Infrastructure Changes	
1) Collateral equipment for FY 1995 MILCON projects (Baseline \$719,372)	-1,136
C. Other Program Decreases in FY 1996	-1,000,383
Force Structure Changes	
1) Reduction in repair parts and other OPTAR associated with the phased retirement of 18 ships in FY 1996, as well as the transfer of 1 ATS to MSC. Decreases to the force include: 2 destroyer tenders, 2 ammunition ships, 2 replenishment oilers, 3 submarine tenders, 1 nuclear-powered cruiser, 1 aircraft carrier, and 7 nuclear-powered attack submarines. Two coastal mine hunter ships serving in the active force will transfer to the Naval Reserve Force as Mobilization Category B ships. (-4610 ES, -3061 WY) (Baseline: \$582,197)	-39,755
2) Reduction resulting from Corporate Information Management and savings associated with bank card usage and electronic funds transfer for paying travel vouchers. (Baseline: \$43,796)	-148
3) Conventional propulsion ship operating months increase results in a slight increase for fuel and a decrease to projected utilities costs. (Baseline: \$633,904)	-2,275
4) Decrease in nuclear fuel program resulting from anticipated resumption of shipments of Navy spent fuel to Idaho and the avoidance of additional shipyard storage fees. (Baseline: \$97,319)	-6,690
5) Reduction in charter days cost for T-AFS 1, T-AFS 5, and T-AFS 6 during conversion period. (Baseline: \$528,018)	-32,212
6) Reduction in per diem charter support associated with ROS operation of T-AO 193 in FY 1996. (Baseline: \$528,018)	-12,583

Activity Group:

Ship Operations (continued)

- 7) Reduction in per diem charter support associated with the phased inactivation of T-AO 188 (in ROS status) and T-AO 190 which will be inactivated in FY 1996. (Baseline: \$528,018) -22,722

Management Initiatives

- 1) Decrease to reimbursable support costs administered by MSC. (Baseline: \$528,018) -33
- 2) Reduction in combat systems readiness and private sector contracts commensurate with accelerated fleet downsizing (Baseline: \$498,057) -1,295
- 3) Decrease in evaluation and correction of casualty reports for the Signal Security Equipment Engineering and Combat Direction Finding Programs. (Baseline: \$498,057) -529
- 4) Net decrease primarily associated with fleet reductions (-28.0 Shipyears) (Baseline: \$434,983) -15,266
- 5) There is a reduction in the Forces Afloat Maintenance Improvement (FAMI)/Shore Intermediate Maintenance Activities (SIMA) upgrade program reflecting the elimination of resources for this program. (Baseline: \$484,983) -4,701
- 6) The decrease in the RADIAC program reflects less calibration support (Baseline: \$484,983) -614
- 7) Decrease due to change in mix and number of overhauls (Baseline: \$2,385,669) -414,511
- 8) Decrease due to change in mix and number of floating dry dock availabilities (Baseline: \$2,385,669) -28,089
- 9) Decrease in emergent repairs and miscellaneous RA/TA due to a change in mix of ships operating and overall reduction in operating months (-4610 ES, -3061 WY) (Baseline: \$2,385,669) -47,733
- 10) Decrease in FMP based on fleet requirements (Baseline: \$920,083) -132,166
- 11) Reduction to travel as a result of work-year reductions affecting Fleet Commands and Staff/Fleet and reduction of funding for DOD command system (-2ES, -36 WY) (Baseline: \$43,796) -4,413
- 12) Government of Japan Burdensharing agreement provides for 99 percent of FNIH Foreign National Indirect Hire costs and 100 percent of 1989 utility cost base. (Baseline: \$1,228,570) -5,997
- 13) Reduction in the RSS&I program due to fewer tons handled. (-11 ES, -13 WY) (Baseline: \$498,057) -44,557
- 14) Termination of funding for TRIDENT Command and Control System Mission Support (Baseline: \$498,057) -16,570
- 15) Decrease in submarine support efforts due to elimination of all SSN refueling and reduction in facilities costs for acoustic trials as the facilities will be placed in ROS status (Baseline: \$498,057) -16,268

Activity Group:	Ship Operations (continued)	
16)	Improved efficiency due to Navy Tactical Command Support Systems merger. (Baseline: \$25,891)	-1,925
17)	Realign funds for Construction Battalion Units to Combat Support. (Baseline: \$719,372)	-387
	Infrastructure Changes	
1)	The decrease offsets the two year appropriation for the Facilities Support Program in FY 1995 and FY 1996. (Baseline: \$920,083)	-47,643
2)	Decrease in SUPSHIP Program based on declining new construction/repair efforts. (-172 ES, -533WY) (Baseline \$920,083)	-31,018
3)	Reductions in Base support due to base closures and consolidations. (-214ES, -274WY), (Baseline: \$1,228,570)	-67,161
4)	Defer service craft overhauls to FY 1997. (Baseline \$719,372)	-3,122

Activity Group: Ship Operations (continued)

Force Structure Changes

1) Phased delivery of 12 new construction ships in FY 1996 for which a year of support is required in FY 1997. Additions to the force include: 1 nuclear powered aircraft carrier, 6 guided missile destroyers, 1 dock landing ship, 1 nuclear-powered ballistic missile submarine and 3 nuclear-powered attack submarines. In addition 4 mine hunter ships will will transfer in FY 1996 to the Naval Reserve Force as Mobilization Category B ships. (Baseline: \$1,328,634)	18,711
2) Phased delivery of T-AO 203, T-AO 204, T-AE 32, and T-ATS 1 for for which a full charter year of support is required. (Baseline: \$578,795)	32,514
B. One Time FY 1997 Increases	41,734
Force Structure Changes	
1) Deactivation cost for T-ATF 166 and T-ATF 169 which will be leaving the inventory in FY 1997. Funding for T-ATF 167 inactivation will be a one-time cost in FY 1998. (Baseline: \$578,795)	2,430
2) Crew training and pre-delivery costs for T-AE 28, T-AE 33, T-ATS 2, and T-ATS 3. (Baseline: \$578,795)	960
3) Conversion cost incurred in support of T-AFS 1, T-AFS 6, T-ATS 2, and T-ATS 3. (Baseline: \$578,795)	25,667
4) Activation costs for T-AE 27, T-AE 33, T-AE 34, and T-AE 35. (Baseline: \$578,795)	12,677
C. Other Program Growth in FY 1997	182,909

Force Structure Changes

1) Program increase for repair parts and other OPTAR associated with the phased delivery of 6 new construction ships in FY 1997. Additions to the force include: 4 guided-missile destroyers, 1 helicopter/ dock landing ship, and 1 nuclear-powered submarine. Four coastal mine hunter ships not included in the Battle Force will serve in the active Fleet for a one-year shutdown before transferring in FY 1998 to the Naval Force as Mobilization Category B ships. (Baseline: \$583,139)	11,788
2) Program increase to support the operation of T-AE 27, T-AE 35, T-ATS 2, and T-ATS 3. (Baseline: \$578,795)	37,135
3) Program increase to support chartered per diem days for T-AFS 5 as a result of conversion period completion. (Baseline: \$578,795)	5,033
4) Program increase to support two T-LKAs in Reduced Operating status. (Baseline: \$578,795)	15,587

Activity Group:

Ship Operations (continued)

- 5) There is an increase in the RSS&I program due to a greater number of tons handled. (Baseline: \$426,396) 9,471
- 6) Increase to AEGIS ship support based on increase in ships entering fleet. Efforts include computer program maintenance, in-service engineering support, and operating cycle integration. (+4 ES/WY) (Baseline: \$462,396) 4,807
- 7) SEAWOLF continued planning efforts increase. (Baseline \$426,396) 12,901
- 8) Start up of Battle Group Past Horizon Evaluation System for large platforms. (Baseline: \$462,396) 888
- 9) Change in number and mix of phased maintenance availabilities. (Baseline: \$2,261,190) 8,996
- 10) Increase in FMP based on fleet requirements (+75 ES) (Baseline: \$758,320) 28,908

Management Initiatives

- 1) Increase to provide for new initiative to convert and modernize antiquated Berthing and Messing barges in compliance with CNO quality of life. initiative (Baseline: \$758,320) 7,963
- 2) Increase in the Ship Technical Support Program to expand the CARPER rotatable pool to support CVN-69. (Baseline: \$758,320) 4,675
- 3) Additional funding for CNO/SECNAV initiative to upgrade bachelor quarters and quality of life. (Baseline \$147,716) 9,226
- 4) Cost of contracting out guard services replacing higher cost military personnel. Includes CIVPERS reductions. (-25ES,-25WY), (Baseline: \$1,110,058) 6,730

Infrastructure Changes

- 1) Collateral equipment and increased base support for new MILCON projects. (Baseline: \$510,827) 1,408
- 2) Buyback of deferred service craft overhauls (Baseline \$510,827) 6,813
- 3) Increased costs at bases supporting units relocating from closing bases. (Baseline: \$1,110,058) 5,793
- 4) Increased funding for the Napels Improvement Initiative (+23WY) (Baseline: \$1,110,058) 4,787

Activity Group: Ship Operations (continued)

19. Program Decreases

-652,127

A. Annualization

Force Structure Changes

-29,053

- 1) Reduction in repair parts and other OPTAR associated with the phased retirement of 20 ships in FY 1996, as well as the transfer of 1 ATS to MSC. Decreases to the force are primarily driven by the inactivation of a aircraft carrier and also includes: 2 destroyer tenders, 2 ammunition ships, 2 replenishment oilers, 3 submarine tenders, 1 nuclear-powered cruiser, and 7 nuclear-powered attack submarines. In addition, 2 ocean-going mine sweeper/mine hunter ships will transfer to the Naval Reserve force.

-25,084

Two coastal mine hunter ships serving in the active force will also transfer to the Naval Reserve force.

(-1100 ES, -4007 WY) (Baseline: \$583,139)

- 2) Reduction in chartered per diem days as a result of deactivation of T-AO 188 and T-AO 190. (Baseline: \$578,795)

-3,969

B. One Time FY 1997 Cost Decreases

-38,635

Force Structure Changes

- 1) Crew training cost incurred in support of T-AE 34, T-AE 35.

-600

(Baseline: \$578,795)

- 2) One less per diem day for MSC ships. (Baseline: \$578,795)

-993

- 3) Activation costs for T-AE 27, T-AE 32, and T-AE 35.

-8,673

(Baseline: \$578,795)

- 4) Deactivation cost for T-AO 188 and T-AO 190 which will be leaving the inventory in FY 1996. (Baseline: \$578,795)

-7,333

- 5) Decrease in conversion costs for T-AFS 5, T-AFS 6, and T-ATS 1.

-17,024

(Baseline: \$578,795)

- 6) Crew training costs for two LKAs to be designated T-LKAs in FY 1997.

-4,000

(Baseline: \$578,795)

Execution/ Fact of Life Changes

- 7) One additional workday.

-12

C. Other Program Decreases in FY 1997

-584,439

Force Structure Changes

- 1) Reduction in repair parts and other OPTAR associated with the phased retirement of 15 ships in FY 1997. Decreases to the force include: 2 ammunition ships, 1 nuclear-powered cruiser, 1 amphibious assault helicopter carrier, 6 nuclear-powered attack submarines and three salvage ships.

-32,436

Activity Group:

Ship Operations (continued)

- Four coastal mine hunter ships serving in the active force will also transfer to the Naval Reserve force. (Baseline: \$583,139)
- 2) Program reductions to fuel and utilities due to the requirement to support fewer operating months in FY 1997. (Net decrease of 147 operating months; 126 fewer conventional; 21 fewer nuclear). (Baseline: \$611,523)
 - 3) Nuclear fuel program decrease is due to the projected decrease in the amount of spent fuel removed from Navy ships. Projected reimbursement of the Department of Energy for uranium in spent fuel removed from ships are based on NAVSEA's inactivation/refueling schedule. (Baseline: \$91,746)
 - 4) Reduction in chartered per diem days as a result of deactivation of T-ATF 166 (in ROS status), T-ATF 167, and T-ATF 169. (Baseline: \$578,795)
 - 5) Reduction in charter day cost associated with placing T-ATF 172 and T-AO 189 in ROS. (Baseline: \$578,795)
 - 6) Decrease in reimbursable cost to support the operation of Deep Submergence Rescue Vessels. (Baseline: \$578,795)
 - 7) Reduction in charter days cost for T-AFS 1 and T-AFS 6 during conversion period. (Baseline: \$578,795)
- Management Initiatives**
- 1) Reflects lower estimates for annual leave pay outs based on work force drawdowns. (Baseline: \$651,644)
 - 2) Anticipated savings from pilot project to incentivize fuel efficiencies of the operating forces. (-1ES, -1WY) (Baseline: \$447,055)
 - 3) Reduced funding for Fleet Commands and Staff/TAD commensurate with reduced force structure. (Baseline: \$42,226)
 - 4) Reduction resulting from Corporate Information Management, and savings associated with bank card usage and electronic funds transfer.
 - 5) Reduced work year cost for submarine groups/squadrons. (Baseline: \$42,226)
 - 6) Reductions to the number of hulls supported under the Performance Monitoring Program, Submarine Engineering Operating Cycles and Support, and the Submarine Maintenance, Engineering, Planning, and Procurement Program. (-4 ES/WY) (Baseline: \$426,396)
 - 7) Decrease in the TRIDENT Mission Support due to the elimination of various maintenance support efforts. (-2 ES/WY) (Baseline: \$426,396)
 - 8) There is a decrease in the Configuration/Maintenance Systems due to fewer updates to ship configuration systems. (Baseline: \$426,396)
 - 9) Reductions in combat systems readiness, SSN support, equipment maintenance support, and planning yard support due to fleet downsizing. (Baseline: \$426,396)

Activity Group:	Ship Operations (continued)	
10)	Reduced maintenance support at the Fleet Electronic Support Centers due to fleet downsizing. (Baseline: \$426,396)	-641
11)	Net decrease primarily associated with fleet reductions. (-8.6 Shipyears) (Baseline: \$401,812)	-8,480
12)	Decrease in Commercial Industrial Support corresponding to fleet reductions. (Baseline: \$401,812)	-2,961
13)	The decrease in the RADIAC program reflects less calibration support. (Baseline: \$401,812)	-552
14)	Decrease in number of and change in mix of ship overhauls. (Baseline: \$2,261,190)	-169,980
15)	Decrease in the number of and mix of Depot Maintenance. (Baseline: \$2,261,190)	-166,011
16)	Decrease in emergent repairs and miscellaneous RA/TA due to a change in mix of ships operating and overall reduction in operating months. (Baseline: \$2,261,190)	-38,888
17)	Decrease to the SUPSHIP program, primarily associated with reductions for severance costs and VSIP estimates. (-4 ES, -93 WY) (Baseline: \$758,320)	-3,760
	Infrastructure Changes	
1)	Reduced base support services at various naval bases/stations as a result of infrastructure drawdowns and base closures and consolidations. (-74E/S, -301W/Y) (Baseline: \$1,110,058)	-31,895
2)	Decrease in environmental funding from previous levels. (\$Baseline: \$144,000)	-12,434
3)	Real Property Maintenance funding increase in 1996 greater than in 1997. (baseline: \$335,186)	-1,569

20. FY 1997 Current Estimate

6,734,199

IV. Performance Criteria

Resources for scheduled ship depot maintenance availabilities are based on the number of scheduled availabilities in each category. Although scheduled availabilities are for the full term including advanced preparation, only the portion applicable to the fiscal year appropriation appears with the ship in the induction year. Advance preparation costs are reflected in the appropriate OMN expense fiscal year. The resources required for emergent repairs are based on historical experience of each ship type and number of ship operating months.

Department of the Navy
Operation & Maintenance, Navy
FY 1996/1997 Budget Estimates
Exhibit OP-05

Budget Activity: 01 Operating Forces

Activity Group: Combat Operations/Support

I. Description of Operations Financed

This activity group provides funding for all aspects of combat operations in support of force operations, from operations to group and specialized training, and maintenance and associated support. Programs supporting combat support forces and operational support of Naval units include: command and control; War Planning/Exercises/Wargaming; Combat Development; Oceanography and Environmental Prediction Support; Combat Support Forces - SeaBees, Explosive Ordnance Disposal units; tactical command, control communications and surveillance; maintenance and support of equipment; and operation of shore facilities supporting these programs.

COMBAT COMMUNICATIONS

Funding provides for communications systems which directly support the fleet operations including Fleet Ballistic Missile Strategic and Airborne Communications to ensure survivable communications with deployed strategic forces. Additional programs support Electronic Command and Control Systems including Anti-Submarine Warfare Operations Centers (ASWOCs), Operation Support System (OSS), Navy Tactical Command Systems Afloat (NTCSA) and Worldwide Military Command and Control System (WWMCCS) which provide command, control, readiness and intelligence information for the CINCs. The Leased Satellite Program and On-Orbit Support to the Fleet Satellite constellation provide efficient, reliable communication links among Navy forces which include EHF and UHF capabilities. This program also includes funding for Arms Control implementation which provides inspection support, data collection and training for such treaties as Chemical Weapons Convention, Open Skies, Intermediate Range Nuclear Forces Treaties and Strategic Arms Reduction Treaty (START).

ELECTRONIC WARFARE

Funding provides for Ship Operations Electronic Warfare Support including Quick Reaction Capability Support and various electronic warfare decoys and deception devices, and a wide spectrum of electronic

Budget Activity: 01 - Operating Forces

Activity Group: Combat Operations/Support (continued)

warfare support including radar and antiship missile warning and defense systems maintenance and software support. Mission Critical Computer Resources (MCCR) support parts and next Generation Computer Resources (NGCR) for computer acquisition feasibility are also included.

SPACE SYSTEMS AND SURVEILLANCE

This subactivity group includes funding for Naval Space Command Headquarters; space systems management; tracking, telemetry and control; and undersea surveillance. The Naval Space Command (NAVSPACECOM) supports naval space policy and strategy by providing direct support to fleet units worldwide through integrated control of naval space programs. The command coordinates Navy-wide operational space resources and personnel required to fulfill Fleet missions. Tracking, telemetry and control program consists of a large continuous wave radar system to detect and track satellites. Evaluated satellite information from this system supports over 600 activities, consisting of all Fleet units, various naval shore installations, and other departments of the Government. Primary mission for Fleet support is vulnerability data for United States Navy and Marine Corps operating forces. Undersea surveillance includes expenses for performing oceanographic observations in selected areas in order to provide the U.S. Navy with more extensive information on oceanographic conditions and for training of personnel employed in observing and analyzing oceanographic conditions. Programs include the Sound Surveillance System (SOSUS), International Programs, Surveillance Direction System (SDS) and the Surveillance Towed Array Sensor System (SURTASS).

WARFARE TACTICS

Funding in this subactivity group supports a variety of warfare tactics, development and execution efforts designed to improve and enhance Naval Warfighting capabilities. These efforts include: Enhanced Naval Warfare Gaming System (ENWGS); Naval Warfare Management; Warfare Tactics Development/Documentation; Exercise Support and Analysis; Fleet Training Administration and Range Operations; and Unified Commands.

OPERATIONAL METEOROLOGY AND OCEANOGRAPHY

Funding within this subactivity group supports the performance of Naval meteorological and oceanographic mission functions worldwide (60 separate activities and 8 ships) which includes providing forecasting, magnetic, and hydrographic data to the fleet, and the maintenance for meteorological equipment. It also supports the Naval Observatory mission including sites in Washington DC and Richmond, Fl which includes prediction of the position of the planets and providing precise time for all of DoD and the nation.

Budget Activity: 01 - Operating Forces

Activity Group: Combat Operations/Support (continued)

COMBAT SUPPORT FORCES

This subactivity group includes funding to support environmental protection; diving and salvage operations; fleet commands and staffs exercises; inspections of radio towers, fleet moorings, ocean facilities; the chemical, radiological, biological (CBR) warfare program; unified commands support; operations of Navy Mobile Construction Battalions (NMCB's) and Special Combat Support Forces; and repair of combatant craft.

EQUIPMENT MAINTENANCE

This funding provides maintenance and engineering technical support for SSBN unique related sonars, command and control equipment, ship electronic systems, equipment calibration, ground support equipment, aerial targets, mine countermeasures equipment, and aerial cameras. The mission of the equipment maintenance program is to improve and maintain equipment to ensure maximum combat readiness.

DEPOT OPERATIONS SUPPORT

This program provides depot operations support services for test and monitoring systems, and general purpose electronic test equipment (GPETE). Efforts include In-Service Engineering (ISE) to develop, review and verify field changes; maintain equipment data; plan equipment modifications; manage equipment and ship systems configuration changes; develop and review technical manuals, and distribute and verify computer programs.

BASE SUPPORT

Base support includes operation of utility systems; public works services; base administration; supply operations; base services such as transportation and security, personnel support function, bachelor quarters operations; morale, welfare and recreation operations; real property maintenance; disability compensation, and environmental and hazardous waste management.

II. Force Structure Summary

This activity group supports seven combat/operational forces. The Combat Communications program provides for the maintenance services for 16 Navy E-6A aircraft and supports three Ultra-High Frequency (UHF) satellite communications systems including the Fleet Satellite (FLTSAT) and Leased Satellite (LEASAT) programs as well as the new generation of UHF communications satellites known as the UHF follow-on (UFO)

Budget Activity: 01 - Operating Forces**Activity Group: Combat Operations/Support (continued)**

program. The Space Systems and Surveillance System program supports one SOSUS cable repair ship, 8 SURTASS ships and reflects the placement of SOSUS in "standby" status. The Operational Meteorology and Oceanography ships inventory supports 8 oceanography ships. The Combat Support Forces provides command and staff support for fleet headquarters and training staffs and supports 3 fully operational and 4 partially operational Emergency Ship Salvage Material (ESSM) bases for salvage missions. Funding is also provided to support construction battalion units, amphibious tactical units, Explosive Ordnance Disposal (EOD) units, Mobile Technical Units (MOTUS), Mobile Diving Salvage Unit and Fleet Deception Group.

III. Financial Summary (\$ in Thousands)**A. Sub-Activity Group Total**

	FY 1994 Actuals	FY 1995 Budget Request	FY 1995 Approp- riated	FY 1995 Current Estimate	FY 1996 Estimate	FY 1997 Estimate
Sub-Activity Group 1/						
Combat Communications	224,741	213,237	213,237	207,295	198,415	188,342
Electronic Warfare	5,907	8,625	8,625	6,638	7,396	7,670

C. Reconciliation of Increases and Decreases		\$ in 000
1. FY 1995 President's Budget Request		\$1,573,254
2. FY 1995 Appropriated Amount (Program Specified)		\$1,573,254
3. Technical Adjustments Required to Comply with Congressional Intent		-8,368
A. Supply Operations	-1,703	
B. Travel	-1,992	
C. Pentagon, Major Commands & Administration	-1,636	
D. Workyear Pricing	-1,081	
E. Family Support Centers	108	
F. Base Communications Infrastructure	-1,576	
G. Nimitz Center	3,000	
H. MSC Rate Change	-488	
I. Arms Control	-3,000	
4. Congressional Adjustments (General)		-12,480
A. Civilian Personnel Pay Raise and Locality Pay	1,372	
B. Contractor and Consulting Services	-4,089	
C. Information Technology (General Reduction)	-9,763	
5. FY 1995 Appropriated Amount		1,552,406
6. Price Growth		1,815
A. Locality/Comparability Pay Adjustment	(1,815)	
7. Functional Transfers		9,668
A. Transfers In	(9,668)	
1. Intra-Appropriation	(7,379)	
a) Realign resources from Air Operations (1A) and Ship Operations (1B) for consolidation of Personnel Support Offices (PSA Europe)	338	
b) Realign resources from Administration and Servicewide Activities (4A) for consolidation of Personnel Support Offices (PSA Washington) (151 E/S; 149 W/Y)	7,041	

Budget Activity: 01 - Operating Forces

Activity Group: Combat Operations/Support (continued)

C. Reconciliation of Increases and Decreases (continued)

2. Inter-Appropriation	(2,289)	
a) Realignment from Other Procurement, Navy appropriation to reflect the congressionally mandated increase in the unit cost of investment items that may be purchased with O&M,N from \$25 thousand to \$50 thousand.	2,289	
8. Program Increases		61,233
1. Realignment of leased commercial satellite funding from Servicewide Support to better reflect the requirements based on primary mission area. (Baseline \$0).	3,000	
2. Increase supports the Pacific area World-wide Military Command and Control consolidation plan. (+27 E/S, +27W/Y). (Baseline \$10,667 thousand).	1,597	
3. Civil Service Retirement and Disability Fund payment representing 9% per employee who has received a voluntary separation incentive payment in accordance with the Federal Workforce Restructuring Act of 1994.	169	
4. Civil Service Retirement and Disability Fund payment representing \$80 per employee as of March 31 in accordance with the Federal Workforce Restructuring Act of 1994.	629	
5. Increase supports personnel and travel support for the operational emergence of the Joint Tactical Information Distribution System (JTIDS) which provides service/NATO interoperable message/information service. (Baseline \$968). (+10 E/S, +10 W/Y).	489	
6. One time separation liability/severance pay for NAVFAC Brawdy (Baseline \$0)	95	
7. The increase properly funds requirements associated with the Integrated UnderSea Surveillance (IUSS) Program. (Baseline \$55,384 thousand)	24,498	
8. Increase reflects increase in Full Operating Status and Reduced Operating Status ship days for SURTASS ships. (Baseline \$26,151 thousand)	923	
9. Increase for one-time overtime costs for dual operations during testing of NAVSPACOM Space Surveillance Systems. (Baseline \$9,202 thousand)	62	
10. Increase to fund logistical requirements related to fleet exercises commensurate with historical experience and an increase in the scope of exercises scheduled. (Baseline \$3,038 thousand)	2,808	

Budget Activity: 01 - Operating Forces
Activity Group: Combat Operations/Support (continued)

C. Reconciliation of Increases and Decreases (continued)

11. Establish Personnel/Pay Administration Support System (PASS) Management Team for oversight and coordination of Personnel Support Activities. (+3 E/S; +2 W/Y) (Baseline \$0)	114
12. Realign Fleet TAD for ashore training organization from Ship Operations (1B) to Fleet Ship Training (1C) to properly place funds to appropriate training activity. (Baseline \$0)	1,991
13. Revision of policy on budgeting for civilian resources under "Special Hire" programs such as stay-in-school and co-op. Previously, these resources were not to be budgeted but accommodated as a result of savings and efficiencies realized within budgeted levels. Revised policy requires "Special Hire" resources be budgeted. (115 E/S; 134W/Y)	2,792
14. Realignment of resources within Naval Construction Battalion's funding to align program requirements, e.g. Update Table of Allowance (TOA) according to mission, change in per diem days and travel cost. (Baseline \$17,873 thousand)	841
15. Increase provides personnel and other support funding for US Atlantic Command (New Roles and Missions, Joint Training Analysis, and Simulation Center, and Joint Exercise - Unified Endeavor), US Pacific Command and US Naval Central Command (ASU Bahrain) (85 E/S; 83 W/Y) (Baseline \$55,453 thousand)	4,227
16. Realign 3 civilian personnel from Ship Operations (1B) for command evaluation functions. (3 E/S; 3 W/Y)	111
17. One time costs for equipment packing, relocation, and initial facility relocation, and initial facility preservation efforts related to the anticipated closure of Naval Support Facility, Antigua. (Baseline \$0)	825
18. Redistribution of foreign currency reductions. (Baseline \$40,221 thousand)	767
19. Additional environmental engineer and conversion of Morale, Welfare, and Recreation (MWR) Non-Appropriated Fund (NAF) employees to appropriated fund at Commander, Naval Activities, UK (7 E/S; 7 W/Y) (Baseline \$40,221 thousand)	286
20. Increase in single sailor loaner furniture programs, cyclical replacement of BQ furniture, and other bachelor quarters support. (Baseline \$40,221 thousand)	179

Budget Activity: 01 - Operating Forces

Activity Group: Combat Operations/Support (continued)

C. Reconciliation of Increases and Decreases (continued)

- | | |
|---|-------|
| 21. Transition of R&D programs "CCD Astrometry" and "Interferometry" into the U.S. Naval Observatory's mission (7 E/S; 7 W/Y) | 269 |
| (Baseline \$24,163 thousand) | |
| 22. Additional civilian personnel at Pacific Missile Range Facility (PMRF) to support new programs (SPS-48E Long-Range Surveillance Radar, Communications Network Expansion, Portable Threat Emitter Upgrade, PMRF/User Interconnectivity, High Speed Data Communications FDDI Network, Haleakala Maui Microwave/Fiber Optic Link, and Wide Band Communications) (+9 E/S; +9 W/Y) (Baseline \$154,399 thousand) | 549 |
| 23. Increased collateral equipment based on additional Government of Japan (GOJ) Facility Improvement Projects where GOJ funds construction costs and Navy funds the outfitting costs. (Baseline \$154,399 thousand) | 1,070 |
| 24. Realignment of Personnel Support Activity (PSA) Great Lakes civilian personnel from Basic Skills and Advanced Training (3B) (220 E/S; 220 W/Y) | 6,742 |
| 25. Congressionally mandated increase for Pacific Missile Range Facility upgrades. | 6,200 |

9. Program Decreases

-69,037

- | | |
|--|--------|
| 1. Reduction reflects reduced command and control equipment and software support due to transition to the new Global Command and Control System (GCCS). (Baseline \$12,040 thousand). | -1,356 |
| 2. Decrease reflects reduced logistics, configuration management and technical support to AN/SIQ-32 systems and eliminates in-service engineering support for aging passive electronic warfare countermeasures systems. (Baseline \$4,632 thousand). | -1,962 |
| 3. Decrease reflects requirement for one TAGOS ship deactivation rather than two as reflected in the FY 1995 President's Budget. | -1,000 |
| 4. Realignment of 300 hours of Flight International target towing contract to Air Operations (1A) for use as executive air transport. (Baseline \$2,357 thousand) | -597 |
| 5. Decrease reflects 17 days less operations for the USNS Maury and 23 additional days for the USNS Wilkes to provide required coverage. (Baseline \$51,509 thousand). | -544 |
| 6. Decrease reflects disestablishment of Civic Action Team (CAT), Guam. (Baseline \$18,905 thousand) | -869 |

Budget Activity: 01 - Operating Forces
Activity Group: Combat Operations/Support (continued)

C. Reconciliation of Increases and Decreases (continued)

7. Decrease in hours for the Contractor Logistics Support (CLS) Warehouse (Baseline \$27,998 thousand).	-1,964	
8. Decrease overhaul of Tactical Aerial Reconnaissance POD Systems (TARPS) and overhaul of cameras. Baseline \$7,357 thousand).	-463	
9. Decrease in overhaul maintenance of target presentations, air to ground training and testing. (Baseline \$11,847 thousand).	-1,277	
10. Decrease in calibration efforts and ground support equipment maintenance. (-26 ES/WY) (Baseline \$93,783 thousand).	-7,872	
11. Decrease in the SSBN Unique/Related program reflects less support for allowances for the Navy BQQ-9 and BQR-19 Sonar Systems (Baseline \$1,660 thousand)	-155	
12. Funds realigned to Administration and Servicewide Activities (4A) to consolidate public affairs resources. (Baseline \$88,338 thousand)	-126	
13. Realignment of service craft maintenance program to Ship Operations (1B) to more properly reflect primary mission area. (Baseline \$154,399 thousand)	-17,000	
14. Decreased UnderSea Surveillance Program resources realigned to Ship Operations Base Support (1B). (Baseline \$154,399 thousand)	-10,000	
15. Realign funding to Weapons Support (1D) for Naval Weapons Stations to reflect in proper activity group. (Baseline \$1,759 thousand)	-1,759	
16. Reduction in civilian personnel and other support commensurate with force structure downsizing. (-146 E/S; -147 W/Y) (Baseline \$455,872 thousand)	-3,836	
17. PSA Great Lakes civilian personnel will be reimbursed in FY 1995. Funding will realign from Chief of Naval Education and Training (CNET) in FY 1996.	-6,742	
18. Transfer of operations costs for POL storage facilities to the Defense Fuels Agency. (Baseline \$40,221 thousand)	-9,700	
19. Congress authorized locality pay increases for federal employees nationwide. Decreases to Combat Operations/Support (1C) are needed to fully fund the pay raises. A reprogramming request will be provided to Congress and, once approved, funding will be restored.	-1,815	
10. FY 1995 Current Estimate		1,556,085
11. Pricing Adjustments		28,302

Budget Activity: 01 - Operating Forces

Activity Group: Combat Operations/Support (continued)

C. Reconciliation of Increases and Decreases (continued)

A.	Annualization of FY 1995 Pay Raise	(3,027)
	1) Classified	2,882
	2) Wage Board	102
	3) Foreign National Direct Hire	43
B.	FY 1996 Pay Raise	(6,690)
	1) Classified	6,254
	2) Wage Board	307
	3) Foreign National Direct Hire	129
C.	Defense Business Operating Fund (DBOF)	(3,088)
	1) Supplies, Material, and Equipment	1,476
	2) Fuel	1,612
D.	Other Defense Business Operating Fund	(-6,963)
E.	Foreign National Indirect Hire	(53)
F.	Foreign Currency	(1,713)
G.	Other Pricing	(20,694)
12.	Functional Transfers	36,728
	A. Transfers In	(45,743)
	1) Intra-Appropriation	(26,318)
	a) Transfer of Chief of Naval Education and Training (CNET) resources to establish the Expeditionary Warfare Training Group. (34 ES/WY)	3,482
	b) Transfer of functions formerly within the National Foreign Intelligence Program (NFIP) in Investigations & Security Programs (4C).	969
	c) Decentralization of O&M funded contract administration from NAVFAC for environmental and facility support contracts as a result of new legislation in the FY 1995 bill allowing contract administration rate to be levied on O&M funded contracts.	3,322
	d) Realignment of Personnel Support Activity Great Lakes and Personnel Support Activity Pensacola from CNET (302 E/S; 302 W/Y)	18,545
	2) Inter-Appropriation	(19,425)
	a) Transfer from Defense Health Program to Navy to support the Naval Medical Doctrine Command.	301
	b) Realignment of Operations & Maintenance, Navy Reserve resources for the consolidation of Personnel Support Activities. (PSA New Orleans)	2,615

Budget Activity: 01 - Operating Forces
Activity Group: Combat Operations/Support (continued)

C. Reconciliation of Increases and Decreases (continued)

c)	Realignment of non-centrally managed equipment purchases from the procurement accounts.	15,331
d)	Mission change and reorganization of Mine Countermeasures Groups and staffs results in alignment of funds from reserve appropriation to active operations appropriation (+1 ES/WY)	878
e)	Transfers funding for non-incremental base support from Defense Commissary Agency (DeCA) to host organizations.	300
B. Transfers Out		
1)	Intra-Appropriation	
a)	Transfer to Acquisition and Program Management of the Open Skies, Chemical Weapons and Intermediate Range Nuclear Forces Treaties to Navy International Programs Office. (-9 E/S, -9 W/Y).	(-9,015) (-9,015) -9,015
13. Program Increases		
A. Annualization of FY 1995 Increases		156,375
1.	Reflects full-year on-orbit costs for three UHF satellites placed in service in FY95. (Baseline \$30,781 thousand).	(960) 960
B. One Time Increase in FY 1996		
1.	Increase supports purchase of command and control workstations for the emerging Global Command and Control System (GCCS) initiative. (Baseline \$255 thousand).	(7,314) 238
2.	One additional per diem day for TAGOS ships. (Baseline \$25,874 thousand)	96
3.	One-time increase for severance pay and lump sum annual leave payments required due to mandated civilian personnel reductions. (Baseline: 0)	202
4.	Deactivation costs for one TAGOS ship in FY 1996. (Baseline \$25,874 thousand)	990
5.	One time cost related to the closure of Naval Support Facility Antigua in December 1995. (Baseline \$0)	2,000
6.	Increase reflects support of Special Projects at Naval Space Command field activities in Elephant Butte, NM and Lake Kickapoo, TX. (Baseline \$3,513 thousand)	348

Budget Activity: 01 - Operating Forces

Activity Group: Combat Operations/Support (continued)

C. Reconciliation of Increases and Decreases (continued)

7. Increase for collateral equipment in support of MILCON project P-106 Child Care and Youth Center at Joint Maritime Facility (JMF), St. Mawgan and the renovation of BEQ-Building 142 at the Atlantic Fleet Headquarters Support Activity. (Baseline \$112,850 thousand)	3,440
C. Other Program Increases in FY 1996	(148,101)
<u>Execution/Fact of Life Changes</u>	
1. One additional workday. (Baseline \$358,541 thousand).	1,900
2. Increase supports tracking, telemetry and control costs of Navy-owned LEASAT satellites to reflect requirement to absorb these costs previously funded in the I-5 lease contract which is discontinued in FY96. (Baseline \$32,802 thousand)	717
3. Increase provides additional aircraft support for telemetry monitoring during flight tests to meet START requirements which now states that Navy must provide all submarine launched ballistic missile telemetry data transmitted. (Baseline \$24,787 thousand).	1,513
4. Increase to allow customer reimbursement to Fleet Industrial Supply Centers for supply management and supply operations costs of running SERVIMARTs and retail inventories of Navy owned 9 Cog material. These costs have been removed from the wholesale surcharge. (Baseline \$90,804 thousand).	7,195
5. Increase in software and hardware support for Navy Command Systems Afloat (NTCS-A) for deployed systems, Shore Targeting Terminal C3I equipment, and SOSUS sites 4500, 1600, and 7800. (Baseline \$54,676 thousand)	5,015
6. Realignment of functions from Servicewide Communications to more properly reflect requirements based on primary mission area. (Baseline \$44,234 thousand)	2,651
7. Increase support to Marines for participation in major exercise Valiant Blitz 96 and various other required exercises reflecting increased exercise requirements. (Baseline \$3,478 thousand)	567
8. Realign funding for Construction Battalion Units (CBUs) from Base Support (1B) to Combat Support Forces (1C) consistent with the operational command. (Baseline \$19,040 thousand)	387
9. Increase reflects partial overhaul of the Ocean Simulation Facility at the Navy Experimental Diving Unit and additional minor platform systems being certified. (1 ES/WY) (Baseline \$3,550 thousand)	985

Budget Activity: 01 - Operating Forces
Activity Group: Combat Operations/Support (continued)

C. Reconciliation of Increases and Decreases (continued)

10. Increase reflects the additional requirement for support in the Ship Environmental Program resulting from an increase in the number of planned fleet training exercises involving emergency/oil clean-up operations. (Baseline \$2,079 thousand)	1,272
11. In the Underwater Ship Husbandry and Salvage Program the increase reflects two additional equipment modifications, and one additional remotely operated vehicle repair. (Baseline \$7,728 thousand)	1,386
12. Increase for Construction Battalion to meet mission requirements: detachment establishment in Korea and support of contingency/natural disaster recovery operation. (Baseline \$17,845 thousand)	2,019
13. Increase for Chemical, Biological, Radiological (CBR) protection equipment due to cyclical procurement cycle. (Baseline \$1,596 thousand)	545
14. Increase in repairs and refurbishment to extend the operational life of the arrays in the SSBN Unique/Related Sonar program. (Baseline \$1,660 thousand)	326
15. Increase in the 2s COG material program reflects additional units to meet required stock levels (Baseline \$26,879 thousand)	5,756
16. Increase to fund environmental requirements in compliance with Executive Order 12856, the Resource Conservation and Recovery Act, and EPA and State regulatory requirements. (11 ES/WY) (Baseline \$3,225 thousand)	4,482
17. Increase is for the replacement of personnel support equipment in the barracks on a seven year cycle and eliminate present backlog. (5 ES/WY) (Baseline \$431 thousand)	845
18. Increase for Morale, Welfare, and Recreation (MWR) facility equipment at LANTFLT Headquarters Support Activity and Joint Maritime Facility (JMF), St. Mawgan and increased operations in connection with the stand-up of JMF, St. Mawgan. (Baseline \$114,763 thousand)	2,209
19. Increased collateral equipment based on additional Government of Japan (GOJ) Facility Improvement Projects, for which GOJ funds construction costs while Navy funds the outfitting costs. (Baseline \$126,683 thousand)	2,210
20. Increase to RPM for reduction in BMAR for utilities, and training, maintenance and operations facilities and for quality of life initiative to repair maintain and modernize bachelor quarters. (Baseline \$46,108 thousand)	8,720

Budget Activity: 01 - Operating Forces

Activity Group: Combat Operations/Support (continued)

C. Reconciliation of Increases and Decreases (continued)

Modernization Changes

- | | |
|---|--------|
| 1. Increase supports the transition of the Joint Tactical Information Distribution System (JTIDS) from development to operational phase. (Baseline \$4,448 thousand). | 2,933 |
| 2. Funding supports management initiatives such as increased remote control communications systems in order to improve combat communications efficiency and conform to defense downsizing. (+9 E/S, +9 W/Y). (Baseline \$44,234 thousand). | 15,000 |
| 3. Increase supports maintenance required to consolidate global High Frequency communications and for new Extremely High High Frequency (EHF) satellite communications equipment (Baseline \$44,234 thousand). | 2,951 |
| 4. Fund supports lease costs for two upgraded Laser Airborne Bathymetry Systems (LABS) and initial support for Unmanned Underwater Vehicles. This will provide more efficient shallow water bathymetric survey capability in support of increased focus and importance of Naval operations in littoral regions. (Baseline \$67,926 thousand). | 3,185 |
| 5. Increase supports additional oceanographic ship days. (Baseline \$50,956 thousand). | 2,530 |

Strategy and Policy Changes

- | | |
|--|-------|
| 1. Increase funds on-orbit support for two UHF Follow-On satellites to be placed in service in FY96. (Baseline \$32,802 thousand). | 570 |
| 2. Increase supports the update and maintenance of Navy automated electronic warfare systems signal analysis to reflect increased emphasis on information warfare. (Baseline \$1,895 thousand). | 421 |
| 3. Increase supports improvements on the AN/SLQ-32 system and its interface with the Quick Reaction Combat Capability system, and provide for the replacement of remaining AN/SLQ-17 systems. (Baseline \$5,110 thousand). | 787 |
| 4. Increase supports Mission Critical Computer Resources engineering support for software analysis and certification of "off-the-shelf" computer software. (Baseline \$550 thousand). | 346 |
| 5. New initiative to perform service life extension for Naval Construction Force (NCF) equipment as an alternative to procurement. Increase also supports unit set management on the equipment facilitating containerization of NCF material/equipment to reduce contingency response time. (Baseline \$0) | 1,294 |

Budget Activity: 01 - Operating Forces
Activity Group: Combat Operations/Support (continued)

C. Reconciliation of Increases and Decreases (continued)

Management Initiatives

- | | |
|--|--------|
| 1. Funding increases to support CINC efforts to promote regional security arrangements and other U.S. national security goals. (13 ES/WY) (Baseline \$0) | 10,000 |
|--|--------|

Force Structure Changes

- | | |
|--|--------|
| 1. Program increase to support placing TAGOS 9 and 10 in Full Operating Status (FOS) (Baseline \$25,874 thousand) | 5,032 |
| 2. Program increase to support the operation of the Low Frequency Active (LFA) CORY CHOEST. (Baseline \$25,874 thousand) | 3,955 |
| 3. Increase to support operating hours and maintenance for Multi-Mission Crafts, Air Cushion (MCACs) and support of 3 Landing Craft, Air Cushion (LCACs) and 11 service crafts delivered in FY 1996. (Baseline \$40,122 thousand) | 7,593 |
| 4. Increase to support charter of Ready Reserve Force (RRF) ships in Gulfport, MS and Port Hueneme, CA preloaded with SEABEE equipment/materials. Includes cost of ship rental/maintenance and maintenance of Table of Allowance (TOA). (Baseline \$0) | 7,000 |
| 5. Increase for joint integration training requirements at USACOM and additional civilian personnel to staff the Cruise Missile Support Activity (CMSA) Theatre Mission Planning Control Upgrade at USCINCPAC. (7 ES/WY) (Baseline \$6,066 thousand) | 964 |
| 6. Increase provides funding to stand-up the Joint Training, Analysis and Simulation Center. (25 ES/WY) | 32,783 |

Legislative Changes

- | | |
|--|----|
| 1. Civil Service Retirement and Disability Fund payment representing \$80 for each employee as of March 31 of such fiscal year in accordance with the Federal Workforce Restructuring Act of 1994. | 57 |
|--|----|

14. Program Decreases

- | | |
|--|----------|
| A. Annualization of FY 1995 | -195,690 |
| 1. Reduction in ROS days as a result of deactivating a TAGOS ship in FY 1995. | (-2,597) |
| 2. Annualized reduction of civilian work years associated with the closure of Naval Facility Argentina (-47 W/Y) | -228 |
| | -1,739 |

Budget Activity: 01 - Operating Forces

Activity Group: Combat Operations/Support (continued)

C. Reconciliation of Increases and Decreases (continued)

3.	Reduction of entire Personnel Support Detachment (PSD) at Naval Training Command San Diego both in civilian personnel and support dollars. (-7 W/Y)	-630
B. One Time FY 1996 Decreases		
1.	Reflects costs associated with 9% payment for separation/incentive initiative.	(-13,125) -94
2.	Decrease for the Very Low Frequency (VLF) Continuing Antenna Maintenance Program at Naval Computer and Telecommunications Station (NCTS) Cutler. (Baseline \$11,365 thousand).	-2,590
3.	Decrease for one-time FY 1995 increase in overtime costs for dual operations during testing of Naval Space Command (NAVSPACECOM) Space Surveillance System. (Baseline \$9,274 thousand)	-64
4.	Deactivation cost for a TAGOS ship which will be leaving the inventory in FY 1995. (Baseline \$800 thousand)	-800
5.	Decrease for one-time severance pay and lump sum annual leave payments required due to FY 1995 civilian personnel reductions. (Baseline \$222 thousand)	-222
6.	One-time FY 1995 Pacific Missile Range Projects as directed in the FY 1995 Defense Appropriations Act. (Baseline \$6,200 thousand)	-6,386
7.	One time costs associated with the closure of Naval Support Facility Argentina (Baseline \$825 thousand).	-850
8.	One-time decrease at USACOM associated with JCS exercise, Unified Endeavor, and building renovations. (Baseline \$2,063 thousand)	-2,119
C. Other Program Decreases in FY 1996		
<u>Execution/Fact of Life Changes</u>		
1.	Decrease reflects reduced anomaly resolution of critical failures for aging FLTSATCOM satellites. (Baseline \$30,781 thousand).	(-179,968) -1,006
2.	Decrease reflects reduced level of contract support for UHF/FO satellites as knowledge on maintaining the constellation improves, and in-house support increases.	-1,777
3.	Decrease reflects cancellation of GAPFILLER communications services. (Baseline \$3,000 thousand).	-3,009

Budget Activity: 01 - Operating Forces

Activity Group: Combat Operations/Support (continued)

C. Reconciliation of Increases and Decreases (continued)

- | | |
|---|--------|
| 4. Decrease reflects reduced support for the TACAMO In-Flight Training (IFT) program. Training requirements will be augmented in E-6A aircraft during mission flights. (Baseline \$40,010 thousand). | -2,960 |
| 5. Decrease reflects consolidation of message processing intelligence database functions into the current Navy Tactical Command Systems - Afloat (NTCS-A) program.
(Baseline \$3,725 thousand). | -3,725 |
| 6. Decrease in one SURTASS TAGOS ship technician crew.
(Baseline \$30,302 thousand) | -1,180 |
| 7. Decrease reflects reduction in international programs resulting from completion of site consolidation in FY 1995 and completion of the underwater/shore fixed surveillance 6300 expansion system design.
(Baseline \$10,277 thousand) | -1,143 |
| 8. Decrease reflects utilization rate of work-years at 98% of average beginning and ending end-strength for fiscal year due to normal delays in processing of civilian personnel vacancies. (-5 W/Y) | -261 |
| 9. Reduction in SURTASS ship ROS days. (Baseline \$25,874 thousand) | -3,107 |
| 10. Reduction in operation support for Afloat Training Organization and CINC team training support. (-1 ES) (Baseline \$3,981 thousand) | -935 |
| 11. Decrease reflects less support in the Battle Group Warfare Program commensurate with the number and scope of exercises planned in FY 1996.
(Baseline \$4,092 thousand) | -1,356 |
| 12. Decrease reflects reduction in ship deactivation for the USNS Wilkes. (Baseline \$50,956 thousand). | -3,139 |
| 13. USCINCPAC Mission decrease represents reduced Cooperative Engagement Strategy efforts and Contingency/Exercise support in the Pacific theater including computer simulation and augmentation team combat training. (Baseline \$37,005 thousand) | -3,104 |
| 14. Decrease reflects reduced maintenance and repair for Civil Engineering Support Equipment (CESE) and Table of Allowance (TOA) update. (Baseline \$18,689 thousand) | -1,634 |
| 15. Reduction based on projected cyclic combatant maintenance schedule (Baseline \$8,574 thousand) | -2,038 |
| 16. In the Underwater Ship Husbandry and Salvage Program the decrease reflects two fewer sets repaired. (Baseline \$7,728 thousand) | -258 |
| 17. Decrease reflects two fewer LCACs supported with standard depot level maintenance. (Baseline \$4,957 thousand) | -1,788 |

C. Reconciliation of Increases and Decreases (continued)

18. Decrease overhaul of Tactical Aerial Reconnaissance POD Systems (TARPS) and repair/overhaul of various equipment as well as reduced calibration efforts (Baseline \$35,523 thousand).	-758
19. Decrease Contractor Logistics Support (CLS) for E-6A Aircraft. (Baseline \$26,034 thousand)	-4,116
20. Decrease availability of fleet support equipment and reduced logistics support for target presentation (Baseline \$58,071 thousand)	-3,124
21. Reduction in Test Equipment program reflects elimination of Automatic Propulsion Control and Measure Operation Support. The reduction also reflects reduction in special interface gauge development effort by 8 workyears.	-2,801
22. Decrease due to a change in cognizant responsibility for the restoration of Outboard equipment and reflects a reduction in the restoration of one less submarine antenna unit (Baseline \$1,834 thousand).	-328
23. Increased command attention and significant management initiatives in safety and health programs to reduce employee injury and associated compensation claims. (Baseline \$2,839 thousand)	-1,093
24. The Government of Japan (GOJ) Burdensharing agreement provides that GOJ will fund all Foreign National Indirect Hires (Baseline \$60,599 thousand)	-761
25. Reduction in environmental requirements due to completion of Environmental Impact Studies and the backlog of pollution abatement projects decreasing. (Baseline \$126,683 thousand)	-2,018
26. Completion of renovation of NAVEUR headquarters building and make-ready efforts at Blenheim Crescent and Daws Hill. (Baseline \$3,717 thousand).	-974
27. Realign funding to Administration and Servicewide Activities (4A) to reflect central management of Defense Finance and Accounting Service (DFAS) funding. (Baseline \$51,640 thousand)	-41,415
28. Decrease for cargo handling contract at Administrative Support Unit (ASU) Bahrain. (Baseline \$26,478 thousand)	-710

Budget Activity: 01 - Operating Forces
Activity Group: Combat Operations/Support (continued)

C. Reconciliation of Increases and Decreases (continued)

Modernization

1. Decrease reflects discontinuation of lease for LEASAT L-5 satellite communications support after February 1996 as UFO/UHF satellites come on line. (Baseline \$30,781 thousand). -9,770
2. Decrease reflects less maintenance required to Flight Deck Communication System (FDCS) radios due to improved casing unit that prevents water damage. (Baseline \$1,118 thousand). -507

Infrastructure Changes

1. Reduction in purchased utilities, purchased communications, overseas purchases, and other contracts for SOSUS support as a result of NAVFAC Brawdy closure (-14 ES/WY) (Baseline \$1,168 thousand) -838
2. Decrease in the Air Mine Countermeasures program which reflects less support for the overhaul of 2 AN/AQS-14 Side-Scan Sonar Minehunting System (Baseline \$355 thousand) -348
3. Reduction reflects elimination of funding for collection of magnetic and other oceanographic data due to initiative to lease and procure the Laser Airborne Bathymetry System (LABS). (Baseline \$75,399 thousand). -1,767
4. Reduction reflects savings associated with new oceanographic ships replacing older ships. (Baseline \$50,956 thousand). -926
5. Decrease reflects a reduction in the repair of Hi-Tech and General Purpose Electronic test Equipment (GPETE) efforts. (Baseline \$1,261 thousand) -278
6. Reduction reflects the cancellation of temporary quarters housing contracts at ASU Bahrain. (Baseline \$12,554 thousand) -3,960
7. Base realignment and closure recurring savings at Naval Support Facility (NSF) Antigua, Naval Training, Meteorology and Oceanography Detachment (NAVTRAMETOC DET) Glenview, Naval Atlantic Meteorology and Oceanography Detachment (NAVLANMETOC DET) Charleston, and Naval Pacific Meteorology and Oceanography Detachment (NAVPACMETOC DET) Barbers Point for utilities, communications, and other base support costs. (Baseline \$141,741 thousand) -2,942

Management Initiative

1. Reduction reflects anticipated contracted tactical development cost savings as a result of conversion to CD-ROM at Navy Tactical Support Activity. (Baseline \$2,964 thousand) -175

Budget Activity: 01 - Operating Forces

Activity Group: Combat Operations/Support (continued)

C. Reconciliation of Increases and Decreases (continued)

- | | |
|--|------|
| 2. Realign funds to Ship Operations/Air Operations Base Support to support the CINCLANTFLT Manpower Assist Team. | -636 |
| 3. Savings resulting from increased usage of the IMPAC Bank Card for purchases below the micro-purchase threshold (\$2,500). | -308 |
| 4. Savings resulting from the use of Electronic Funds Transfer as the stand method for paying travel vouchers. | -34 |

Strategy and Policy Changes

- | | |
|---|--------|
| 1. Reduction reflects decreased World Wide Military Command and Control System (WWMCCS) support due to transition to Global Command and Control System (GCCS) initiative. (Baseline \$12,769 thousand). | -1,966 |
| 2. Reduction represents placing Extremely Low Frequency transmitter operations in caretaker status. Operations will be accomplished with Very Low Frequency and Low Frequency resources. (Baseline \$44,234 thousand). (-4 E/S, -7 W/Y). | -846 |
| 3. Decrease reflects lower repair and operational requirements due to requirements due to complete review and revalidation of communications programs. (-9 E/S, -9 W/Y). (Baseline \$44,234 thousand). | -4,756 |
| 4. Reduction reflects moving the implementation of the Open Systems and Computer Resources policy to FY97 to ensure an efficient transition to providing computer system engineering standards and program manager handbooks for selection and testing of commercially available computer resources. (Baseline \$680 thousand). | -123 |
| 5. Reduction in LCAC operating hour requirements to support deployments/workups, proficiency training and routine maintenance schedules. This reduction in proficiency training ophours assumes a 20% (16 hours) per craft efficiency claimed using the Full Motion Trainer (FMT) (Baseline \$18,897 thousand) | -3,802 |

Force Structure Changes

- | | |
|--|---------|
| 1. Reduction in personnel, the purchase of supplies, materials, equipment, communications, and contracts in conjunction with the overall downsizing of the fleet. (-78 E/S; -56 W/Y) | -45,021 |
| 2. Reduced support for sea range service support which include sea trials and firing exercises and Post Analysis, Critique, Evaluation and Review Services. (Baseline \$35,417 thousand) | -1,904 |

Budget Activity: 01 - Operating Forces
Activity Group: Combat Operations/Support (continued)

C. Reconciliation of Increases and Decreases (continued)

3. Reduced support for all tactical training ranges and range instrumentation systems due to reduced demands created by one less active Airwing and reduced support for six training activities in their day to day operational costs. (Baseline \$35,417 thousand)	-4,600	
4. Joint Task Force Full Accounting decrease represents reduced support for investigations and related costs for MIA efforts at USCINCPAC. (Baseline \$15,939 thousand)	-884	
5. Reflects disestablishment of the Third Naval Construction Battalion site and conversion of Camp Covington mainbody deployment site to detail site. (Baseline \$18,385 thousand)	-3,059	
15. FY 1996 President's Budget Estimate		1,581,800
16. Pricing Adjustments		
A. Annualization of FY 1996 Pay Raise		48,309
1) Classified	(2,686)	
2) Wage Board	2,495	
3) Foreign National Direct Hire	115	
	76	
B. FY 1997 Pay Raise		
1) Classified	(8,234)	
2) Wage Board	7,745	
3) Foreign National Direct Hire	347	
	142	
C. Defense Business Operating Fund (DBOF)		
1) Supplies, Material, and Equipment	(2,401)	
2) Fuel	2,052	
D. Other Defense Business Operating Fund	349	
E. Foreign National Indirect Hire	(12,577)	
F. Foreign Currency	(50)	
G. Other Pricing	(0)	
	(22,361)	
17. Program Increases		44,181
A. Annualization of FY 1996 Increases		
1. Annualization to reflect full year costs for on-orbit support for two Ultra High Frequency(UHF)/Follow-On(FO) satellites placed in service in FY96. (Baseline \$20,749 thousand).	(4,784)	
	595	

Budget Activity: 01 - Operating Forces

Activity Group: Combat Operations/Support (continued)

C. Reconciliation of Increases and Decreases (continued)

2.	Program increase to support the operation of LFA CORY CHQUEST for a full year. (Baseline \$3,955 thousand)	2,189
3.	Increase reflects full year operational support for Unmanned Underwater Vehicles to support increased coastal water charting requirements. (Baseline \$75,399 thousand).	2,000
B.	One-time FY 1997 increases	(4,923)
1.	One-time increase for severance pay, lump sum annual leave payments, and PCS costs required due to civilian personnel reductions.	653
2.	Increase reflects funding required to support Special Projects at Naval Space Command field activities in Silver Lake, MS and Hawkinsville, GA and ASU Bahrain. (Baseline \$1,746 thousand)	970
3.	Increase for the renovation of BEQ-Building 141 at the LANTFLT Headquarters Support Activity. (Baseline \$11,950 thousand).	3,075
4.	One-time increase for relocation/shut-down expenses required to deactivate Naval Satellite Operations Center Detachment Bravo. (Baseline \$100 thousand)	225
C.	Other Program Increases in FY 1997	(34,474)
	<u>Execution/Fact of Life Changes</u>	
1.	Funding supports increased Low Frequency transmission requirements in Japan due to closure of communication site in Alaska. This results in increased antenna maintenance and need for critical spares to provide communications coverage in a wider area in the Pacific. (Baseline \$47,176 thousand).	618
2.	Increase reflects additional maintenance and repair of craft, material at Emergency Ship Salvage Materials (ESSM) Bases, and ocean construction equipment. (Baseline \$12,744 thousand)	1,375
3.	Increase reflects additional engineering and technical support for the metrology program and the fixed surveillance 6300 expansion system. (Baseline \$11,127 thousand)	974
4.	Increase in 2S Cog program reflects additional units to meet required stock levels (Baseline \$28,392 thousand).	8,746
5.	Increase reflects overhaul of 1 additional MK-105 Magnetic Influence Mine-Sweeping system. (Baseline \$3,306 thousand).	2,059

Budget Activity: 01 - Operating Forces
Activity Group: Combat Operations/Support (continued)

C. Reconciliation of Increases and Decreases (continued)

- | | |
|--|-----|
| 6. Increase provides additional reports, meter cards, and software changes to customers in the Depot Operations Support program. The increase also enables the Navy representative for the Joint Service Metrology/Calibration Board (METCAL) to manage and implement technology coordination, calibration consolidation reviews and DoD calibration requirements efforts. (1 W/Y) (Baseline \$1,127 thousand) | 300 |
| 7. Increase reflects additional EPA Class I and II environmental compliance projects. (Baseline \$14,279 thousand) | 276 |
| 8. Increase in facility maintenance in connection with the stand-up of the new JMF, St. Mawgan overseas site. (Baseline \$11,950 thousand) | 346 |

Modernization

- | | |
|--|-------|
| 1. Increase for on-orbit support for one UHF/FO satellite to be placed in service in FY97. (Baseline \$20,749 thousand). | 591 |
| 2. Increase supports the Integrated Underwater Surveillance System (IUSS) downsizing initiative by providing leased line support for remote site operations. (Baseline \$632 thousand). | 1,930 |
| 3. Increase supports hardware and software engineering and integrated logistics support for new meteorological equipment, the NTCs-A command and control system, and the Primary Oceanographic Prediction System. (Baseline \$24,182 thousand) | 1,851 |

Strategy and Policy Changes

- | | |
|--|-----|
| 1. Increase supports consolidation of Airborne Command Post mission into Navy E-6A aircraft. This will require conducting the Strategic Command Central Alert from Offutt Air Force Base, which requires at least one E-6A aircraft with crew at this site which will increase travel and other support costs. (Baseline \$37,452 thousand). | 202 |
| 2. Increase reflects implementation of the Open Systems and Computer Resources Management policy which manages selection and testing of commercial available computer resources to ensure proper interface within existing and developing warfare systems. (Baseline \$543 thousand). | 107 |
| 3. Increases supports Navy participation in national convergence of environmental space requirements and assets. (Baseline: \$4,439 thousand) | 176 |

Budget Activity: 01 - Operating Forces
Activity Group: Combat Operations/Support (continued)

C. Reconciliation of Increases and Decreases (continued)

- | | |
|--|-------|
| 4. Increase to allow customer reimbursement to Fleet Industrial Supply Centers for supply management and operations costs of running SERVIMARTs and retail inventories of Navy owned 9 COG material. These costs have been removed from the wholesale surcharge. | 138 |
| 5. Decrease Depot Maintenance backlog for Ground Support Equipment (GSE) (Baseline \$69,591 thousand). | 4,815 |
| 6. Increase contractor logistics support for E-6A and increase support for target presentations (Baseline \$31,995 thousand). | 3,000 |

Legislative Changes

- | | |
|---|-------|
| 1. Increase reflects full effect of realignment of non-centrally managed equipment purchases from the procurement accounts. (Baseline \$11,110 thousand). | 1,400 |
|---|-------|

Management Initiatives

- | | |
|--|-------|
| 1. Increase funds engineering and logistics support for transition to new atmospheric sensors to collect littoral Electro Magnetic/Electro Optical data. (Baseline \$75,399 thousand). | 1,433 |
|--|-------|

Infrastructure Changes

- | | |
|---|-------|
| 1. Increase reflects per diem costs for full year operations of USNS Kane and Bowditch. (Baseline \$58,013 thousand). | 2,393 |
|---|-------|

Force Structure Changes

- | | |
|--|-----|
| 1. Increase in fuel, repair parts, preventive maintenance for additional LCACs delivered in FY 1997. | 911 |
| 2. Increase provides additional personnel to support the new roles and missions of USACOM (18 E/S; +17 W/Y) (Baseline \$6,672) | 833 |

18. Program Decreases

A. Annualization of FY 1996 Decreases

- | | |
|--|-----------|
| 1. Decrease reflects full-year savings due to discontinuation of lease for LEASAT L-5 satellite communication support. (Baseline \$20,749 thousand). | (-10,187) |
| 2. Reduction in chartered per diem days as a result of a TAGOS ship deactivation. (Baseline \$994 thousand) | -6,980 |
| | -99,970 |

Budget Activity: 01 - Operating Forces

Activity Group: Combat Operations/Support (continued)

C. Reconciliation of Increases and Decreases (continued)

3.	Reduction in management headquarters staff, and base support operations commensurate with infrastructure downsizing. (-3 E/S; -24 W/Y)	-1,033
4.	Reduction reflects less contract support and equipment maintenance due to replacement of obsolete Enhanced Naval Warfare Gaming System (ENWGS) workstations and conversion CD-ROM at Navy Tactical Support Activity. (Baseline \$5,634 thousand)	-110
5.	Reduction at Atlantic Fleet Weapons Test Facility. (-1 WY) (Baseline \$28,907 thousand)	-67
6.	In the Airborne Mine Countermeasures program, the decrease reflects less support for the overhaul of 2 AN/AQS-14 Side-Scan Sonar Minehunting System. (Baseline \$10,479 thousand)	-164
7.	Phased realignment of Camp Covington, Guam from mainbody deployment site to detail site.	-112
8.	Base closure recurring savings at Naval Pacific Meteorology and Oceanography Detachment (NAVPACMETOC DET) Alameda, Naval Atlantic Meteorology and Oceanography Detachment (NAVANTMETOC DET) Cecil Field, and Naval Support Facility (NSF) Antigua for utilities, communications, and other base support costs. (Baseline \$113,676 thousand)	-726
B.	One-time FY 1997 Decreases	(-7,484)
1.	Decrease for one-time FY96 equipment purchase for Global Command and Control System (GCCS) initiative. (Baseline \$500 thousand).	-245
2.	One less per diem day for TAGOS ships.	-86
3.	Decrease for one-time severance pay and lump sum annual leave payments required due to FY 1996 civilian personnel reductions. (Baseline \$219 thousand)	-202
4.	Deactivation cost for one TAGOS ship in FY 1996. (Baseline \$990 thousand).	-990
5.	One time cost related to the anticipated closure of Naval Support Facility Antigua in December 1995. (Baseline \$2,000 thousand)	-2,059
6.	Decrease reflects funding required to support Special Projects cost at Naval Space Command field activities in Elephant Butte, NM and Kickapoo, TX (Baseline \$4,329 thousand).	-358
7.	Decrease for collateral equipment at the JMF, St. Mawgan and completion of renovation of BEQ-Building 142 at the LANTFLT Headquarters Support Activity. (Baseline \$102,210 thousand)	-3,544

Budget Activity: 01 - Operating Forces
Activity Group: Combat Operations/Support (continued)

C. Reconciliation of Increases and Decreases (continued)

C. Other Program Decreases in FY 1997	(-82,299)
Execution/Fact of Life Changes	
1. Reduction reflects decreased maintenance of equipment used for WWMCCS training to reflect transition to GCCS. (Baseline \$733 thousand).	-349
2. Decrease reflects anticipated contract cost reductions at Naval Communications Stations (NCS) Holt due to negotiations with the Australian government. (Baseline \$47,176 thousand).	-2,201
3. Decrease in SURTASS support (software and hardware maintenance, engineering support, and spares replenishment) resulting from cyclical maintenance and procurement schedules. (Baseline \$29,461 thousand)	-1,661
4. Decrease reflects reduction in SOSUS support resulting from completion of operational start-up of sites 7800 and 4500 and reduced operations commensurate with SOSUS consolidation. (Baseline \$45,950 thousand)	-5,753
5. Reduced Fleet Exercise Logistic Support (FELS) to Marines due to reduced exercise requirements in odd numbered fiscal years. (Baseline \$4,319 thousand)	-302
6. Decrease represents reduced strategic planning and contingency support at USACOM and USCINCPAC. (Baseline \$43,194 thousand)	-2,218
7. Decrease in Special Assignment Airlift Mission (SAAM), per diem days and travel costs due to change of deployment schedule for remaining 3 Navy Mobile Construction Battalions (NMCBs).	-1,365
8. Decrease in MAC SAAM airlift travel and other costs associated with construction battalion deployment rotation schedule (Baseline \$21,724 thousand)	-1,508
9. Decrease reflects reduction in engineering support for hyperbaric operations at Navy Experimental Diving Unit. The decrease also reflects reduced support due to the phasing of the partial overhaul of the Ocean Simulation Facility at the Navy Experimental Diving Unit and fewer minor diving platform systems being certified. (-1 ES/WY) (Baseline \$4,556 thousand)	-535
10. Reduction in the Ship Environmental Program due to a decrease in exercises for advance planning relating to emergency/oil clean-up operations. (Baseline \$3,414 thousand)	-370

Budget Activity: 01 - Operating Forces

Activity Group: Combat Operations/Support (continued)

C. Reconciliation of Increases and Decreases (continued)

11. Decrease in collateral equipment due to fewer MILCON and Government of Japan (GOJ) Facility Improvement Projects, which GOJ funds construction costs while Navy funds the outfitting costs. (Baseline \$100,470 thousand)	-1,059
12. Reduction in Environmental Pollution Abatement requirements as the backlog of projects decreases and completion of safe drinking water studies and conversion of shoreside air conditioning and refrigeration systems. (Baseline \$19,030 thousand)	-2,348
Modernization	
1. Decrease in tracking, telemetry and control and on-orbit control costs for Navy-owned LEASAT satellites. (Baseline \$20,749 thousand).	-7,345
2. Reduction reflects less depot and acquisition support required for the Flight Deck Communications System (FDCS) as it becomes fully implemented throughout the fleet and more reliable. (Baseline \$4,643 thousand).	-146
3. Decrease reflects replacement of the Shore Targeting Terminal's aging equipment by capabilities provided in the Operations Support System. (Baseline \$12,612 thousand).	-1,783
4. Reduction reflects termination of one LABS after government owned system is delivered. (Baseline \$75,399 thousand).	-784
Infrastructure Changes	
1. Decrease reflects savings due to termination of TRANSIT satellite operations at Naval Satellite Operation Center. (-19 E/S, -12 W/Y) (Baseline \$14,439 thousand)	-444
2. BRAC III recurring savings resulting from the closure of Personnel Support Detachment (PSD) Cecil Field. (-6 E/S; -5 W/Y)	-148
3. Reduction in management headquarters staff, supplies, materials, equipment, contracts, logistics, engineering, and other support commensurate with force structure downsizing. (-162 E/S; -172 W/Y) (Baseline \$344,225 thousand)	-14,740
Strategy and Policy Changes	
1. Decrease repair/overhaul of KS-153A cameras and EH-38D Aerial Film Processors. (Baseline \$6,379 thousand).	-886

Budget Activity: 01 - Operating Forces
Activity Group: Combat Operations/Support (continued)

C. Reconciliation of Increases and Decreases (continued)

2. Decrease for meteorological support equipment and various 2Z COG
equipment restorations (Baseline \$2,144 thousand). -162

Management Initiative

1. Savings resulting from increased usage of the IMPAC Bank Card for
purchases below the micro-purchase threshold (\$2,500) -169
2. Savings resulting from the use of Electronic Funds as the standard
method for paying travel vouchers. -17
3. Decrease reflects savings and the realignment of funding to the
Joint Staff due to the co-location of the Joint Training, Analysis
and Simulation Center (JTASC) and Joint Warfighting Center (JWFC).
(-33 ES/WY) (Baseline \$35,016 thousand) -36,006

19. FY 1997 Current Estimate

1,574,320

Budget Activity: 01 - Operating Forces
Activity Group: Combat Operations/Support (continued)

IV. Performance Criteria and Evaluation

COMBAT COMMUNICATIONS:

	<u>FY 1994</u>	<u>FY 1995</u>	<u>FY 1996</u>	<u>FY 1997</u>

Oceanographic Charts/Reports/Products	16,490	17,109	18,614	18,986
Deployable Meteorology and Oceanography (METOC) Systems	42	43	43	43
Observations	345,000	341,800	337,784	337,760
METOC Analyses and Forecasts	12,891,825	15,162,129	18,095,669	21,896,147
Joint Operations/Exercises Supported	158	169	167	173
Naval Observatory Publications Produced	262	261	264	267
Visual and Radio Telescope Observations	293,350	258,650	287,560	297,356

*The reduction of oceanographic survey nautical miles in FY95 from the President's budget reflects the change emphasis in shallow water vice deep water survey. Surveying in shallow water is confined to smaller and shorter areas at slower speeds, therefore miles decrease.

**Department of the Navy
Operation & Maintenance, Navy
FY 1996/1997 Budget Estimates**

Budget Activity: 01 - Operating Forces
Activity Group: Weapons Support

I. Description of Operations Financed

This activity group provides funding for all aspects of unique weapons systems support in support of force operations, from operation of weapon systems to group and specialized training, weapon systems maintenance and associated engineering and logistics support. Weapons Support programs provide for the operational readiness and reliability for aviation, undersea, and surface weapons systems. These weapons systems include: TRIDENT Strategic Weapons Systems (SWS) aboard fleet ballistic missile submarines, the Cruise Missile Weapon System (TOMAHAWK), HARPOON, Close-In Weapon System (CIWS), Stinger and other diversified weapons systems. Weapons Support provides in-service engineering, logistics support, weapons systems certifications; organizational, intermediate and depot level maintenance; and engineering and supply support. This activity group also includes the cost of operating shore facilities supporting weapons systems and programs.

Cruise Missile - Funding for this program provides overall management, depot maintenance, operational test launch and engineering support required to maintain the Sea Launched Cruise Missile (TOMAHAWK). Funding also supports the Joint Services Imagery Processing System (JSIPS) and surface ship Harpoon Weapon Control Systems and HUNTER UAV.

Fleet Ballistic Missile - Funding for this program provides for the operational readiness and reliability of the Navy's strategic weapons systems aboard fleet ballistic missile submarines (SSBNs). This program includes strategic weapons systems support efforts: maintenance for subsystem equipment aboard SSBNs; equipment renewal and updating during overhauls; repair of failed components; logistics control procedures; operational flight testing; support of crew training; technical services required to test, analyze and maintain reliability of the weapons system; missile maintenance operations; target support and Navy navigation satellite system support. Surface support ships are funded for repair efforts and weapons system overhaul requirements necessary for surface vessels to support this program.

In-service Weapons Systems Support - Funding for this program provides engineering and technical support for aviation, undersea and surface weapons systems. Weapon systems supported include: HARPOON, Close-In Weapon Systems (CIWS), major gun weapons and gun fire control systems, surface/undersea/aviation anti-submarine warfare (ASW) systems, mine warfare systems and data processors. This program also provides safety support, readiness assessments and operational evaluations for these weapons systems.

Budget Activity: 01 - Operating Forces

Activity Group: Weapons Support (continued)

Weapons Maintenance - Funding for this program provides depot level maintenance and overhaul for missile systems, rockets, gun systems and surface/undersea/aviation anti-submarine warfare (ASW) systems. Ammunition and ordnance rework and certification are also performed in this program. Funding is also provided for maintenance of electronic components, data processors and guidance systems that are integral with weapons systems operations.

Base Support - Includes base support for activities that predominantly support shore based weapons maintenance and technical support. Base Support includes operation of utilities systems, public works services, base administration, supply operations, base services such as transportation and security, personnel support functions, bachelor quarters operations, morale, welfare, and recreation operations, real property maintenance, and environmental management.

II. Force Structure Summary

This activity group supports force structure for Cruise Missile, Fleet Ballistic Missile, In-service Weapons Systems Support, Weapons Maintenance, and base support as shown in the following paragraphs:

Cruise Missile - supports all aspects of the TOMAHAWK Weapon System including: Operational Test Launches (OTL), commercial depot recertifications, refurbishments and OTL preflight preparations; related hardware and software maintenance; integrated logistical support (ILS) and mission planning systems including Afloat Planning Systems (APS). This program also supports the Joint Services Imagery Processing System (JSIPS), surface Harpoon weapons control systems and HUNTER UAV systems.

Fleet Ballistic Missile System - supports the force structure as shown in the table below:

SUBMARINES	<u>FY 1994</u>	<u>FY 1995</u>	<u>FY 1996</u>	<u>FY 1997</u>
C-4 BACKFIT	1	0	0	0
SUBMARINES	<u>FY 1994</u>	<u>FY 1995</u>	<u>FY 1996</u>	<u>FY 1997</u>
TRIDENT C-4	8	8	8	8
TRIDENT D-5	6	7	8	9
Support Ships	1	1	1	1
Tenders	1	0	0	0

Budget Activity: 01 - Operating Forces
Activity Group: Weapons Support (continued)

In-service Weapons Systems Support - supports the following force structure: EHCTV: supports three Encapsulated HARPOON Certification Training Vehicle (EHCTV) servicing/turnaround "I" maintenance sites and one field activity. For Nuclear Weapons: provides support for an estimated number of rapid response efforts to problems encountered during the storage and transport of Navy nuclear weapons. Support is also provided for a variety of engineering tasks which range from planning for the extension of the useful life of a tactical data system to 10 years, to improving overhaul procedures for a major combat system, and providing technical manual updates and reprints for equipment. Provides for intermediate maintenance activity testing. Logistics support and configuration control of tactical embedded computer systems, peripherals and displays is also provided. Funding pays for ships, equipment, personnel and other material required for emergent salvage operations.

Weapons Maintenance - force structure supports the following:

Air-Launched Missile Rework: supports maintenance which is performed at two lead Naval Weapons Stations, joint service maintenance facilities managed by the Air Force and Army, two Naval Surface Warfare Centers (NSWC), three lead Naval Air Warfare Centers (NAWC) and other non-DBOF activities.

Air-Launched Ordnance Rework: supports maintenance which is performed at six Naval Weapons Stations, major forward Naval Magazines, two Surface Warfare Centers, and Single Manager for Conventional Ammunition operated facilities. Non-expendable ordnance (bombracks, aircraft gun systems, missile launchers) maintenance is performed at six Naval Aviation Depots, Hill AFB, or Army Ammunition's Plant (AAP) Aniston.

Special Weapons maintenance: supports maintenance performed at Naval Surface Warfare Centers and non-DBOF Navy and Defense maintenance activities specified in the Naval Atomic Planning Support and Capabilities listing (NAPSAC). The Pioneer Unmanned Aerial Vehicle (UAV) is supported by NAWC Pt Mugu, NSWC Indian Head, two Naval Weapons Stations and commercial depots. There are nine Pioneer Systems in service operated and deployed by three Marine companies and two Navy units. The Tactical Air Launched Decoy (TALD) is maintained and supported by NAWC Pt Mugu and NWS Yorktown. There are approximately 4,200 TALDs in the inventory. The Tactical Aircraft Mission Planning System (TAMPS) is maintained and supported by NSWC Dahlgren, and non-DBOF Navy activities.

Ship Weapons Maintenance provides depot maintenance and repair of search radar components in the fleet and the repair and overhaul of Navy-owned weapons systems on Coast Guard ships. This program includes refurbishment and restoration of Navy Tactical Data Systems (NTDS) on all active ships, restoration of inertial navigation and stabilized gyrocompass systems on surface combatants and depth detectors on SSNs and SSBNs. This program also supports repair and restoration of 2F Cog Undersea Warfare Equipment such as sonar systems. The Sonar Software Maintenance provides computer program support for the LAMPS MK III Integrated Aircraft/Shipboard Weapons Systems including the SH-60B Helicopter and AN/SQQ-28(V) sonar

Budget Activity: 01 - Operating Forces

Activity Group: Weapons Support (continued)

processor. The Surface Warfare Rework/Maintenance program supports the following: Mine Maintenance, Close In Weapon System (CIWS), Self Defense Surface Weapon System, Vertical Launch System (VLS), Missile System Rework, Medium and Long Range Depot Maintenance, Gun Weapon System Overhaul, and ASM System Maintenance. The Ammunition System Rework/Maintenance program provides support for Ammunition and TOMAHAWK nuclear weapons. Funding is also provided for logistic support, acquisition management, configuration control of tactical embedded computer systems, peripherals and displays. The Anti-Submarine Warfare (ASW) Systems Maintenance programs supports the following systems: a classified number of MK-46 Torpedo components, a classified number of MK-48/Advanced Capability (ADCAP) Torpedo Warshot, MK-50 Torpedo components, a Control Systems (FCS); CSS MK-1 and 7 CSS MK-2s; the OD 44979 Firing Craft Operating Procedures Checklist; 11 Vertical Launch ASROC (VLA) shipboard systems; AN/BSY-1 Submarine Combat Systems, AN/BQQ-5 Sonar Systems and associated handlers and trainers, AN/SQQ-89 Combat Systems; Integrated Carrier ASW Prediction Systems (ICAPS); the Aircraft Carrier (CV) Anti-Submarine Warfare (ASW) Module; the AN/UYS-1 Advanced Signal Processor (ASP); and the AN/UYS-2 Enhanced Module Signal Processor (EMSP) combatants in the fleet.

Base Support - Supports the following bases and shore facilities: The Strategic Weapons Facility, Atlantic (SWFLANT), Kings Bay, Georgia; the POLARIS Missile Facility, Atlantic (POMFLANT), Charleston, South Carolina; the Strategic Weapons Facility, Pacific (SWFPAC), Bremerton, Washington; and the Naval Ordnance Test Unit (NOTU) located at Eastern Space and Missile Center (ESMC), Cape Canaveral, Florida. Also supported are five Naval Weapons Stations, two Naval Undersea Warfare Centers and seven Naval Surface Warfare Centers.

5. FY 1995 Appropriated Amount			\$1,502,341
6. Price Growth			290
A. Civilian Pay Raise	(290)		

Budget Activity: 01 - Operating Forces
Activity Group: Weapons Support

C. Reconciliation of Increases and Decreases (cont'd)

7. Functional Transfers		
A. Transfers In		
Inter-Appropriation		
1) Increase to allow customer reimbursement to Navy Inventory Control Point (ICP) for logistics/spare parts management. (Baseline \$0 thousand).	(3,950)	3,950
8. Program Increases		
A. Other Program Increases in FY 1995		
<u>Management Initiatives/Changes</u>		
1) Increase reflects a change in the expense investment threshold.	100	8,672
<u>Execution/Fact of Life</u>		
1) Increase reflects a realignment for 2F COG Electronics software maintenance efforts from Budget Activity 4, Combat Weapons Systems (Baseline \$8,419 thousand).	3,284	
2) Increase reflects increased maintenance support for Surface ASW maintenance for target and pinger preparation and acoustic silencing; submarine periscope imaging equipment systems; Submarine ASW efforts to correct Problem Trouble Reports and reduction of towed array repair backlog; and to support computer program and engagement maintenance (Baseline \$75,194).	3,529	
<u>Base Operations Support</u>		
1) The increase reflects additional base operating support requirements at Warfare Centers (Baseline \$41,395).	1,759	

Budget Activity: 01 - Operating Forces
Activity Group: Weapons Support

C. Reconciliation of Increases and Decreases (cont'd)

9. Program Decreases		-43,524
A. One Time FY 1995 Decreases		(-517)
1) Decrease in civilian personnel high grade as a result of reduced grade levels due to downsizing Strategic Systems Program (SSP) headquarters and field activities.		-517
B. Other Program Decreases in FY 1995		(-43,007)
<u>Strategy and Policy Changes</u>		
1) Decrease due to TOMAHAWK missiles undergoing Block II to Block III remanufacturing instead of performing recertifications (Baseline \$53,850).		-19,800
<u>Execution/Fact of Life</u>		
1) Decrease in Gun Weapons maintenance reflects fewer repairs; reduced number of ammunition technical manuals updated and fewer disposals in the Ammunition Disposal program (Baseline \$40,377).		-842
2) Decrease in the Submarine ASW Maintenance program reflects a realignment of funds for the SQR-19 to Undersea Warfare program to consolidate similar efforts under the AN/SQQ 89 Surface Ship ASW Combat System (Baseline \$42,814).		-1,966
3) Decrease in the 2f COG Electronics program reflects fewer efforts for refurbishment and restoration of inertial navigation components (Baseline \$8,419).		-245
4) Decrease in the Theater Air Defense Missile/Vertical Launch System Maintenance program reflects 136 fewer Standard Missile components reworked and 2 fewer Vertical Launch Systems maintained (Baseline \$49,580).		-1,741
5) Congress authorized locality pay increases for federal employees nationwide. Decreases to Weapons Maintenance are needed to fully fund the pay raises. A reprogramming request will be provided to Congress and, once approved, funding will be restored.		-290

Depot Maintenance to Manageable Levels

- | | |
|--|--------|
| 1) Reduction in depot maintenance support for Mine Countermeasure/ equipment overhaul and mine maintenance (Baseline \$16,219 thousand). | -2,965 |
|--|--------|

Budget Activity: 01 - Operating Forces
Activity Group: Weapons Support

C. Reconciliation of Increases and Decreases (cont'd)

2) Decrease in restoration of 2F COG electronic display equipment in DD 963 Class ships and fewer Below Deck Systems to be overhauled (Baseline \$75,672 thousand).	-2,705	
3) Decreased support for the AN/BSY-2 Combat System. (Baseline \$1,589 thousand).	-39	
4) Decrease reflects reduced exercise turnarounds and warshot verification; reduced support for the following programs: AN/SQQ-89 Surface Ship Combat System, MK 48, Lightweight Torpedo programs, sub-countermeasure maintenance support for sub acoustic warfare systems, and the Nixie countermeasure program (-52 E/S, -119 W/Y). (Baseline \$99,456 thousand).	-12,414	
10. FY 1995 Current Estimate		\$1,471,729
11. Pricing Adjustments		48,299
A. Annualization of FY 1995 Pay Raise	(467)	
1) Classified	441	
2) Wage Board	26	
B. FY 1996 Pay Raise	(1,400)	
1) Classified	1,322	
2) Wage Board	78	
C. Defense Business Operating Fund (DBOF)	(320)	
1) Supplies, Material, and Equipment	308	
2) Fuel	12	
D. Other Defense Business Operating Fund	(19,961)	
E. Other Pricing	(26,151)	
12. Functional Transfers		2,062
A. Transfers-In	(2,062)	
Intra-Appropriation		
1) Decentralization of Naval Facilities Engineering Command funding for the execution of O&M funded repair, maintenance, minor construction, environmental compliance and facilities service contracts.	1,359	
Inter-Appropriation		
1) Realignment of non-centrally managed equipment purchases from the procurement accounts.	703	

Budget Activity: 01 - Operating Forces
Activity Group: Weapons Support

C. Reconciliation of Increases and Decreases (cont'd)

13. Program Increases		82,088
A. One Time FY 1996 Increases	(56)	
1) Increase for one additional operating day for the USS Range Sentinel.		
B. Other Program Increases in FY 1996	(82,032)	
<u>Management Initiatives/Changes</u>		
1) Increase to allow customer reimbursement to fleet industrial supply centers for supply management and supply operations costs of manning SERVMART and retail inventory of Navy owned 9S Cog material. These costs have been removed from the wholesale surcharge. (Baseline \$0 thousand).	793	
2) Increase reflects realignment of funds for non-incremental base support from the Defense Commissary Agency (DECA) to host organizations.	111	
<u>Execution/Fact of Life Changes</u>		
1) One additional workday of civilian employment.	274	
2) Increase for Hunter Unmanned Aerial Vehicle (UAV) initial support including operational test launch support, flying hours, expendables and field maintenance (Baseline \$0 thousand).	1,600	
3) Increase in Tomahawk mission planning to support Tomahawk Land Attack Missile (TLAM) strike coordination module and mission distribution systems. This effort will provide integrated missile and strike planning as well as support needed to transmit and receive mission data updates in a tactical environment (Baseline \$0 thousand).	4,228	
4) Increase in operational support for TRIDENT II (D-5) to provide for continuation of MK-6 Guidance repair capability and TRIDENT I (C-4) repair in order to support deployed TRIDENT I (C-4) SSBNS (Baseline \$565,995).	28,051	
5) Increase in contractor field engineering support of the Strategic Weapons Facility, Atlantic (SWFLANT) for the TRIDENT II D-5 Weapon System (Baseline \$120,453 thousand).	9,287	

Budget Activity: 01 - Operating Forces
Activity Group: Weapons Support

C. Reconciliation of Increases and Decreases (cont'd)

<u>Depot Maintenance to Manageable Levels</u>		
1) Increase in-service engineering, technical and/or maintenance support for the following programs:		20,621
a) Ordnance commodities (Baseline \$13,688 thousand) (\$4,850).		
b) Theater Air Defense to reduce the backlog of Navy Tactical Data Systems program trouble reports (Baseline \$3,650 thousand) (\$2,200).		
c) Marine Mammal Program (Baseline \$5,864 thousand) (\$2,813).		
d) MK 92 Fire Control System (Baseline \$10,433) (\$1,329).		
e) Small arms management and five 2 JD Cog overhauls (1 E/S, 1 W/Y) (Baseline \$17,303 thousand) (\$2,168).		
f) Restoration of 2F Cog computer systems; repair of electro-optics, Advanced Combat Direction System and Cooperative Engagement Capability Program (Baseline \$72,725 thousand) (\$3,611).		
g) Lightweight torpedo, AN/SQQ-89, VIA test sets and Navy Signal Processor (Baseline \$89,611 thousand) (\$3,650).		
2) Increase in the Surface ASW Systems Maintenance program for repair of previously deferred items; additional target runs; failure analysis on the AN/SQS-56 Rubber Dome (SRD) Corrective Action program; fatigue testing and software corrections for combat systems on board fleet carriers; completion of fleet inquiries for the MK 116 and MK 309 Underwater Fire Control Systems; restoration of the operations at the Barking Sands Tactical Underwater Range (BARSTUR) training range; and maintenance of range facilities and equipment (Baseline \$23,366 thousand).	3,724	
<u>Base Operations Support</u>		
1) Net increase for repair, maintenance, environmental compliance, and other base operating support for TRIDENT and other weapons program facilities. (+75E/S;+75WY) (Baseline \$18,599 thousand).	3,907	
<u>Quality of Life</u>		
1) Increase reflects additional support for bachelors quarters maintenance at the Naval Weapons Stations and Warfare Centers to support quality of life initiatives (Baseline \$18,599 thousand).	6,007	

Budget Activity: 01 - Operating Forces
Activity Group: Weapons Support

C. Reconciliation of Increases and Decreases (cont'd)

Modernization

- 1) Increase in Real Property Maintenance for reduction in the Backlog of Maintenance and Repair (BMAR) for facilities supporting utilities, training, maintenance and operations.

3,429

14. Program Decreases

-180,059

A. Annualization of FY 1995 Decreases

(-2,070)
-2,070

- 1) Reduced base operating support including environmental compliance and real property maintenance as a result of conversion from a missile processing to a storage facility.

B. One-Time Decreases

(-25,298)

- 1) Completion of engineering support for C-4 overhaul start for SSBN 727.

-25,298

C. Other Program Decreases in FY 1996

(-152,691)

Management Initiatives/Changes

- 1) Savings resulting from the increased usage of the IMPAC Bank Card for purchases below the micro-purchase threshold (\$2,500) and from the use of Electronic Funds Transfer as the standard method for paying travel vouchers.

-158

Force Structure

- 1) Decrease in Cruise Missile commercial depot maintenance due to 99 fewer recertifications (Baseline \$34,050).

-15,840

- 2) Decrease in platform maintenance due to 20 Tomahawk and 20 Harpoon platforms being retired (Baseline \$5,160).

-680

- 3) Decrease in the Tomahawk program in the following areas:
Software Support Activity/In-Service Engineering; 2 operational test launches (OTL) as a result elimination of Anti-ship missile test flights; and private sector contracting efforts (Baseline \$144,164 thousand).

-7,481

- 4) Reduction in (C-4 Backfit) missile processing for contractor field engineering, support and other operating costs at Polaris Missile Facility, Atlantic (POMFLANT) as it converts from an active missile processing facility to a storage detachment (-9E/S; -47WY) (Baseline \$120,453 thousand).

-12,280

Budget Activity: 01 - Operating Forces
Activity Group: Weapons Support

C. Reconciliation of Increases and Decreases (cont'd)

Execution/Fact of Life

- | | |
|---|--------|
| 1) Decrease reflects elimination of Ordnance Safety Program (Nuclear Weapons) (Baseline \$232 thousand). | -258 |
| 2) Reduced training materials, curriculum and administrative costs reflecting maturation of the TRIDENT II (D-5) and TRIDENT I (C-4) weapons systems (Baseline \$15,725 thousand) and headquarters downsizing (Baseline \$60,545 thousand). | -613 |
| 3) Decreased support for the Large Rocket Motor Disposal Facility (LRMDF) to reflect completion of impact studies for site selection, disposal and construction support (Baseline \$16,142 thousand). | -8,180 |
| 4) Reflects reduced injury compensation payments at Trident I facilities facilities (Baseline \$17,396 thousand). | -2,312 |

Infrastructure Changes

- | | |
|--|---------|
| 1) Due to downsizing, there are reduced support requirements such as in-service engineering efforts, software maintenance, logistics support and technical support for the following programs: | -44,924 |
| a) Circuit Card Assemblies, associated Tests Program Sets (-32 units), 1,915 field deployments and 2M Electronic Test and Repair efforts (Baseline \$2,812 thousand) (-1,617). | |
| b) Combat systems, Navy explosive lists, and standard embedded computers (Baseline \$3,978 thousand) (-404). | |
| c) Gun Fire Control and Gun Weapon System Fleet support (Baseline \$3,964 thousand) (-958). | |
| d) Mine Countermeasure (MCM) and Mine Hunter Coastal (MHC) ships (4 fewer ships) for Mine Warfare Weapons Systems and Explosive Ordnance Disposal (EOD) swimmer (Baseline \$5,864) (-1,610). | |
| e) Close-In Weapon Systems (CIWS) (Baseline \$3,650) (-199). | |
| f) Switchboards and Explosives program (Baseline \$1,069 thousand) (-46). | |
| g) Air launched weapons (Baseline \$31,479 thousand) (-10,286). | |
| h) Air launched missiles (Baseline \$32,610 thousand) (-8,662). | |
| i) PIONEER Trainers (Baseline \$18,047 thousand) (-1,715). | |
| j) Factory level renovation/repair of Standard Missile (SM 1 & 2) and less technical support to the fleet (1,100 fewer components repaired) (Baseline \$47,839 thousand) (-19,427). | |

Budget Activity: 01 - Operating Forces
Activity Group: Weapons Support

C. Reconciliation of Increases and Decreases (cont'd)

Depot Maintenance to Manageable Levels

- 1) Decrease in depot maintenance in the following programs to sustain manageable levels:
 - a) Ammunition rework and weapons repair (8 fewer systems) (Baseline \$17,303 thousand) (-2,724).
 - b) Malfunction investigations for the Ammunition Disposal program (Baseline \$22,593 thousand) (-2,796).
 - c) Acoustics, Towed Arrays, in the 2F COG Undersea Warfare Equipment program (Baseline \$42,452 thousand) (-10,406).
 - d) Transit/OMEGA system (Baseline \$11,703 thousand) (-9,892).
 - e) MCM/MHC equipment overhaul and shutdown of CAPTOR maintenance (249 fewer mines repaired) (Baseline \$13,242 thousand) (-5,439).
 - f) Transition of the SEAWOLF support program to Submarine PEO's Ship Operational Support and Training program (Baseline \$1,550 thousand) (-1,442).
 - g) Exercise/warshot; turnarounds; MK48/ADCAP program; AN/SQQ-89; tactical software; sub-countermeasure maintenance support for sub acoustic warfare systems and other countermeasure systems; fewer equipment certifications, maintenance actions and restorations for the NIXIE countermeasure program (173 fewer MK 48 restorations/countermeasures; 8 fewer sub countermeasures/restorations/overhauls; and 1,336 fewer NIXIE maintenance actions and restorations) (Baseline \$89,611 thousand) (-18,840).
 - h) ASW module program (Baseline \$23,366 thousand) (-2,567).
 - i) One less NATO Seasparrow missile depot overhaul, 4 fewer PHALANX overhauls, 8 fewer Below Deck electronics and Radar Display systems repairs and reduced support for the AN/SLQ 32 system (Baseline \$72,725 thousand) (-5,859).

15. FY 1996 President's Budget Request

\$1,424,119

16. Pricing Adjustments

F. Other Pricing	(25,636)	
17. Program Increases		65,939
A. Annualization of FY 1996 Increases	(589)	
1) Increase for base closure and realignment recurring costs for base operating support and real property maintenance	589	
B. One Time FY 1997 Increases	(1,854)	
1) Inactivation costs for the USNS VANGUARD, a navigation operational and support test ship (Baseline \$584,674).	1,854	
C. Other Program Increases in FY 1997	(63,496)	
<u>Management Initiatives/Changes</u>		
1) Increase realigns funding for non incremental base support from DECA to host organizations	117	
<u>Execution/Fact of Life</u>		
1) Increase for Hunter Unmanned Aerial Vehicle (UAV) for operational test flights, expendables and field maintenance (Baseline \$1,600 thousand).	3,100	
2) Increase in operational support for TRIDENT II (D-5) to provide for continuation of MK-6 Guidance Repair System repair capability (Baseline \$584,674).	13,384	
3) Increase for Ship of Opportunity support for operation of portable Navigation instrumentation test bed (Baseline \$584,674).	7,000	

Budget Activity: 01 - Operating Forces
Activity Group: Weapons Support

C. Reconciliation of Increases and Decreases (cont'd)

Depot Maintenance to Manageable Levels

- 1) Increase in-service engineering efforts, maintenance, technical and/or logistics support for the following programs:
 - a) Gun Fire Control and Gun Weapon System Fleet (Baseline \$3,114) (\$157).
 - b) Aircrew Escape Propulsion System (AEPS) and Bombs, Bomb Racks and Components (Baseline \$629) (\$1,023)
 - c) Air Launched Missiles (Baseline \$24,151) (10,938).
 - d) Standard Missiles-1 (SM-1) and Standard Missiles -2 (SM-2) (Baseline \$29,942) (\$2,261).
 - e) MCM/MHC equipment overhauls on 4 additional ships and 9 additional Explosive Ordnance Disposal overhauls (Baseline \$8,265) (\$2,531).
 - f) Nine additional NATO SEASPARROW Systems and 4 additional Close-In Weapons Systems (CIWS); computer maintenance and Search Radar component refurbishment efforts and maintenance and interim contractor depot support to units with Cooperative Engagement Capability Advanced Development Model/Engineering Development Model (ADM/EDM) (Baseline \$72,593) (\$20,664).
 - g) Consolidated Shore Activity (Baseline \$4,633) (\$156).
 - h) MK 48 and Lightweight Torpedo program, Vertical Launch Anti-Submarine Rockets (VLA) test sets and assembly equipments (+ 1 E/S; +1 W/Y) (Baseline \$78,758) (\$1,350).
- 2) Increase for navigation system technical support efforts for 5 additional ships, additional efforts for in-service explosives and standard embedded computers, additional test program sets (TPS) and Ordnance Safety (Baseline \$3,697).

18. Program Decreases

- A. One Time FY 1997 Decreases
- 1) Decreased cost for one less day of operation of the USS Range Sentinel (Baseline \$12,975)

-85,177

(-30)
-30

Budget Activity: 01 - Operating Forces
Activity Group: Weapons Support

C. Reconciliation of Increases and Decreases (cont'd)

B. Other Program Decreases in FY 1997

Management Initiatives/Changes

- 1) Savings resulting from increased usage of IMPAC Bank Card for purchases below the micro purchase threshold and from the use of Electronic Funds Transfer as the standard method for paying travel vouchers.

(-85,147)

-333

Force Structure

- 1) Decrease in Cruise Missile commercial depot maintenance due to 3 fewer recertifications (Baseline \$18,210). -471
- 2) Decrease in platform maintenance due to 3 Tomahawk platforms being retired (Baseline \$2,680). -60
- 3) Decrease in the Tomahawk program for private sector contracting efforts, in-service engineering agent (ISEA) and Software Support Agent as a result of deep stowage for all missiles and retirement of Armored Box Launchers (Baseline \$30,488 thousand). -8,576
- 4) Decrease reflects ceased operations of USNS VANGUARD (Baseline \$584,674 thousand) -11,213
- 5) Reduction in TRIDENT I C-4 operational and engineering support to a level commensurate with maintaining the weapon system as a viable strategic asset until FY 2002 vice FY 2008 and one year affordability reduction in TRIDENT I (C-4) repair effort (-9 E/S; -10 W/Y) (Baseline \$584,674 thousand). -36,767
- 6) Reduction in missile processing for contractor support and other operating costs at Strategic Weapons Facility, Pacific (SWFPAC) (Baseline \$121,524 thousand). -716

Execution/Fact of Life

- 1) Reduced requirements and fleet demand for the following programs results in decreases in engineering support, hardware/software maintenance and in-service engineering efforts as follows:
 - a) Surface Harpoon Engineering (Baseline \$3,000) (-505).
 - b) Training material, curriculum and administrative costs reflecting maturation of the TRIDENT II (D-5) and TRIDENT I (C-4) weapons systems and headquarters downsizing (Baseline \$15,881 thousand) (-1,373).
 - c) Rocket Motor Disposal (Baseline \$8,414 thousand) (-4,398).

-17,234

C. Reconciliation of Increases and Decreases (cont'd)

- d) Encapsulated Harpoon firings, recertifications, trials and training proficiency (Baseline \$2,547 thousand) (-45).
- e) Expendable and Non-Expendable commodities. (Baseline \$16,255 thousand) (-1,459).
- f) Decommissioning the New Threat Upgrade Weapons Systems program (Baseline \$12,058 thousand) (-1,509).
- g) Target runs, Fire Control support, UFCS MK116/CP MK 309 inquiry responses, LAMPS MK I/III equipment, software trouble reports, fewer Source Lines of Code (SLOC) modifications, ASW testing support, pingers and targets, for seven less Ship Radiated Noise Measurement Trials (SSRNM) (Baseline \$24,739 thousand) (-403).
- h) Multifunction investigations and reduced program management and technical acquisitions and functions for Ammunition/Disposal Program (Baseline \$21,771 thousand) (-5,996).
- i) Technical support in the periscope program with fewer reprints of the Torpedo Procedural guideline required (Baseline \$33,648 thousand) (-101).
- j) Switchboards and Explosives program (Baseline \$1,076 thousand) (-47).
- k) EOD swimmer (Baseline \$4,350 thousand) (-732).
- l) Navy Tactical Data Systems (NTDS) for DD 963 and FFG-7 classes (8 fewer W/Y) (Baseline \$4,269 thousand) (-666).
- 2) There is a net decrease in base operating support and real property maintenance as a result of more efficient operations for day-to-day recurring facility maintenance (Baseline \$15,795 thousand).

-1,908

Depot Maintenance to Manageable Levels

- 1) Decrease in depot maintenance in the following programs to sustain manageable levels (-6,496):
 - a) PIONEER TAMPS, TALD and War Reserve Trainers (261 fewer PIONEERS maintained). (Baseline \$21,549 thousand) (-2,212).
 - b) Gun Weapons System Overhaul and Support/Small Arms Repair to reflect a change in the mix of equipment being overhauled, fewer weapons repair and reduced engineering support (341 fewer Small Arms Repair systems) (Baseline \$16,801 thousand) (-3,486).
 - c) 2F COG Electronics program (Baseline \$1,635 thousand) (-107).

Budget Activity: 01 - Operating Forces
Activity Group: Weapons Support

C. Reconciliation of Increases and Decreases (cont'd)

- d) On-site support for assistance, repairs and training for submarines in the ICAPS program, AN/SQQ-89, fewer equipment certifications, 2 fewer certifications for AN/SQQ-89; and 345 fewer NIXIE countermeasure efforts) (Baseline \$80,501 thousand) (-691).

Exhibit OP-5

Budget Activity: 02 - Mobilization (Summary)

I. Description of Operations Financed

This budget activity maintains forces for rapid response to unforeseen contingencies throughout the world. This includes fast sealift ships, maritime prepositioning ships, hospital ships and aviation maintenance ships. The fast sealift ships were transferred to USTRANSOM in FY 1994 to consolidate the management of non-service unique cargo assets, although funding to support these ships in a Reduced Operating Status (ROS) is included in this budget activity. Each Maritime Prepositioning Ship Squadron (there are three squadrons) will support a Marine Expeditionary Brigade for 30 days. The remaining ships support cargo/hospital operations for many different types and sizes of military operations. This budget activity also includes funds for the activation and inactivation of existing naval assets including ships, aircraft and weapons and the costs associated with maintaining selected assets for future mobilization.

The third role of this budget activity is to provide the funding needed to maintain Industrial/Coast Guard/Medical peacetime capabilities at the minimal levels required to support the operating forces during periods of conflict or crisis situations.

II. Force Structure Summary

The operation and maintenance of 26 ships is funded in this Activity Group. These ships can be broken down into 5 general categories: hospital ships (T-AH), maritime prepositioning ships (MPS), fast sealift ships (FSS), aviation maintenance ships (T-AVB), and a prepositioned fleet hospital ship (PREPO). Except for the maritime prepositioning ships and the prepositioned fleet hospital ship, these ships are kept in a reduced operating status (ROS) which allows the ships to be activated and underway within a specific period of time. The T-AVBs and the T-AHs can be activated and underway in 5 days (ROS-5 status) and the fast sealift ships can be underway within 4 days (ROS-4 status).

Department of the Navy
Operation & Maintenance, Navy
FY 1996/1997 Budget Estimates
Exhibit OP-5

Budget Activity: 02 - Mobilization

Activity Group: Ready Reserve and Prepositioning Forces

I. Description of Operations Financed

Ship Prepositioning and Surge: The Naval Strategic Sealift program provides the worldwide sealift capability to deploy combat forces and supporting material and cargo that may be required to meet national contingency objectives. This program is defined under two major categories: Sealift Prepositioning and Sealift Surge.

Sealift Prepositioning Program

Funding supports one Prepositioning Ship (PREPO) and 13 Maritime Prepositioning Ships (MPS). The forward deployed Prepositioning Ship is a containerized Fleet Hospital which houses medical supplies and equipment. The Maritime Prepositioning Ships are self-sustaining multi-cargo ships which carry equipment, Petroleum and Other Lubricants (POL), ammunition and all other cargo required to support three Maritime Amphibious Brigades (MAB) in forward areas for 30 days of combat operations.

Sealift Surge Program

Includes several efforts which collectively provide the sealift capability to onload, transport and discharge troops, equipment, POL and cargo from the U.S. to worldwide combat operations. The eight Fast Sealift Ships (FSS) are container ships partially converted to roll-on/roll-off capability for transport of combat equipment. The fast sealift ships were transferred to USTRANSCOM in FY 1994 to consolidate the management of non-Service unique cargo assets. However, funding to maintain these ships in a Reduced Operating Status (ROS) is included in this budget activity. The two T-AH Hospital Ships have the capability to conduct afloat casualty medical treatment providing 24 operating rooms and 2000 beds. The two T-AVB Aviation Maintenance and Support Ships carry intermediate maintenance activity assets and spares for USMC aircraft and helicopters. Additionally all of the amphibious sealift equipment, such as elevated causeways, barge ferries and lighterage is funded within this subactivity group. Much of this equipment allows the Navy the capability to operate a supply line that reaches from the sea to the shore without use of a port.

The Military Sealift Command (MSC) is an integral part of this program since it serves as the contracting agent for the Department of Defense. Most of the MSC functions were transferred into the Defense Business Operating Fund (DBOF) in FY 1994. However, a small amount of funding remained to cover the costs of mobility planning operations and exercises, and the maintenance of Sealift Enhancement Feature equipment.

Activity Group: Ready Reserve and Prepositioning Forces

II. Force Structure Summary

The operation and maintenance of 26 ships is funded in this Activity Group. These ships can be broken down into 5 general categories: hospital ships (T-AH), maritime prepositioning ships (MPS), fast sealift ships (FSS), aviation maintenance ships (T-AVB), and a prepositioned fleet hospital ship. Except for the maritime prepositioning ships, these ships are kept in a reduced operating status (ROS) which allows the ships to be activated and underway within a specific period of time. The T-AVBs and the T-AHs can be activated and underway in 5 days (ROS-5 status) and the fast sealift ships can be underway within 4 days (ROS-4 status).

Department of the Navy
Operation & Maintenance, Navy
FY 1996/1997 Budget Estimates
Exhibit OP-5

Budget Activity: 02 - Mobilization
Activity Group: Activations/Inactivations

I. Description of Operations Financed

This Activity Group includes funding required to take ships, submarines, and aircraft out of the active inventory and to either prepare and maintain for mobilization purpose, or to dispose through scrapping/sales. Although none of the following programs are currently funded, it would also include resources to activate ships and aircraft in the event operational/world situations would require these actions. Funding included supports the following requirements:

Inactivation of Aircraft and Maintenance Support:

This program manages the storage, reutilization and removal of aircraft and aircraft parts from aircraft that are in the Navy's inactive inventory of approximately 1700 aircraft at: the Aerospace Maintenance and Regeneration Center (AMARC) at Davis-Monthan Air Force Base, AZ, Naval Aviation Depot, Cherry Point, NC; and at the Naval Weapons Center China Lake, CA. This program also provides for disposal of stricken aircraft as well as reclamation and disposal of obsolete/damaged ground support equipment, tools and production equipment. Although the program is not currently funded, it would also include resources to activate aircraft in the event operational situations would require this action.

Inactivation of Ships and Maintenance Support:

Funding provides for the inactivation and disposal of nuclear submarines and surface vessels. The program also supports temporary lay-up of submarines and surface ships. Costs of submarine inactivations include: de-fueling, towing de-fueled vessels, removing hazardous materials and fluids, removing equipment and repair parts of immediate value to operating forces, and demilitarizing equipment prior to salvage sale. Funding also provides for: (1) the operation of four Government-Owned Contractor-Operated (GOCO) Inactive Ship Maintenance Facilities (ISMF) as well as for the salaries of civilian personnel at those facilities; (2) the repairs and regular maintenance of the inactive ships berthed at these activities and the preparation of selected ships/craft for disposal; and (3) reimbursing the Maritime Administration (MARAD) for the maintenance and temporary lay-up of Navy assets.

Activity Group: Activations/Inactivations

II. Force Structure Summary: Not applicable.

III. Financial Summary (\$ in Thousands)

A. Sub-Activity Group Breakout

	FY 1994 Actuals	FY 1995 Budget Request	FY 1995 Appropriation	Current Estimate	FY 1996 Budget Estimate	FY 1997 Budget Estimate
2B1G Aircraft Act/Inactivations	5,890	12,921	12,921	8,902	7,215	3,093

C. Reconciliation of Increases and Decreases

	<u>\$ in 000</u>
1. FY 1995 President's Budget Request	\$824,050
2. Congressional Adjustments (Program specified)	0
3. FY 1995 Appropriated Amount (Program specified)	\$824,050
4. Technical Adjustments required to comply with Congressional Intent	
A. Supply Operations	-32
B. Travel	-12
C. Pentagon, Major Commands and Administration	-11
D. Workyear Pricing	-7
5. Congressional Adjustments (General)	-457
A. Civilian Personnel Pay Raise	9
B. Contractor and Consulting Services	-375
C. Information Technology General Reduction	-91
6. FY 1995 Appropriated Amount	\$823,531
7. Price Change	
A. Civilian Pay Raise	15
B. Wholesale Budget Rates	-10
8. Program Increases	
A. Other Program Increases in FY 1995	(76,868)
Execution/Fact of Life Changes	
1) Increased support for the Inactive Ship Maintenance Facilities (ISMFs) due to a larger number of ships being processed for disposal and an increase of one civilian endstrength and one workyear. (Baseline \$13,784)	984
2) Increase primarily reflects a net addition of two submarine inactivations, one with reactor compartment removal and hull recycling. These submarines were originally scheduled for inactivation in FY 1994, but were deferred to fund other higher priority requirements. (Baseline \$797,345)	75,884
	76,868

C. Reconciliation of Increases and Decreases (continued)

\$ in 000's

9. Program Decreases

-164,203

A. Other Program Decreases in FY 1995

 $(-164, 203)$

Execution/Fact of Life Changes

- 1) Reduction reflects changing the USS TRUXTUN availability into just an inactivation, vice an inactivation, reactor compartment disposals and hull recycling.

(Baseline \$797,345)

-4,010

2) Decrease reflects a reduction of 150 aircraft inductions at the Aerospace Maintenance and Regeneration Center (AMARC) and reduction in the requirement to store specialized tooling and test equipment.

(Baseline \$12,921)

-15

Congress authorized locality pay increases for federal employees nationwide. Decreases to the Ship Inactivations Sub-Activity group are needed to fully fund the pay raises. A reprogramming request will be provided to Congress and, once approved, funding will be restored.

Budget Activity: 02 - Mobilization
Activity Group: Mobilization Preparedness

I. Description of Operations Financed

This Activity Group provides the funding needed to maintain mobilization capabilities, during peacetime, at the minimal level required to support operating forces during periods of conflict or crisis situations. This category is comprised of the Fleet Hospital, Industrial Readiness and Coast Guard Support programs.

Fleet Hospital:

This Sub-Activity group funds the Fleet Hospital Program whose mission is to provide comprehensive medical support to the Fleet and Fleet Marine Forces (FMF) engaged in combat operations. Fleet Hospitals complement and expand the medical capabilities of the Fleets and play a critical role in the Navy's doctrinal concept of overseas theater support. Fleet Hospitals can deliver definitive health care necessary to stabilize, treat, and rehabilitate wounded Sailors and Marines through the use of prepositioned, modular, rapidly erectable medical and surgical facilities accommodating 250, 500 or 1000 beds.

Industrial Readiness Program:

This program includes: (1) surveys of industries and their suppliers, data collection and assessments of the industrial base's ability to develop, produce, maintain, and support operating forces during periods of conflict or crisis situations. Products include Production Base Analysis (PBA) and Industrial Base Analysis (IBA) reports, sector studies, production management and support of the Defense Priorities and Allocations Systems (DPAS), the Diminishing Manufacturing Sources (DMS) program, and the Key Asset and Critical Facilities Protection Program; (2) resources for lease administration and inspection of Government Owned, Contractor Operated (GOCO) facilities and dry-docks; (3) development of formal plans with industry for reconstitution of out-of-service aircraft and weapon systems during a national emergency, and; (4) planning with individual producers of critical items to ensure they could meet surge and mobilization requirements.

Coast Guard Support:

This program funds the overhaul and maintenance of equipment furnished by the Navy, under an agreement between the Department of the Navy and the Department of Transportation, to ensure Coast Guard readiness for wartime service with the Navy. Material and services provided include: (1) shipboard and shore electronic test equipment; (2) depot overhaul and maintenance of shipboard electronic equipment, HM&E equipment, and weapons systems and; (3) maintenance support and calibration required for Navy-Type Navy-Owned (NTNO) aeronautical equipment installed in Coast Guard aircraft.

Activity Group: Mobilization Preparedness

II. Force Structure Summary: Not applicable.

III. Financial Summary (\$ in Thousands)

Budget Activity: 3 - Training and Recruiting

I. Description of Operations Financed

This budget activity funds all centrally managed or directed individual training required to meet an established Navy standard. This includes accession training, basic skills and undergraduate flight training, and professional military education. Other programs funded in this budget activity are Navy recruiting and advertising, off-duty voluntary education, civilian centralized training programs, the Junior Navy Reserve Officer Training Corps and associated base operating support. Not included in this budget activity is training for an entire ship or battle group or advanced and refresher flight training; this is included in the Operating Forces budget activity.

II. Force Structure

The force structure for this budget activity encompasses numerous naval activities and a presence on various educational institutions as well as the Navy's recruiting facilities. Three major training bases will close during the next few years as part of BRAC III action: NAS Memphis, NTC Orlando, and NTC San Diego. **Accession Training** supports the United States Naval Academy and associated preparatory school, the Naval Officer Candidate School and the BOOST program. There are 57 NROTC units established on the campuses of colleges and universities. Recruit training is currently conducted at NTC Orlando, which will close March of 1995 and at NTC Great Lakes. **Navy Skill and Advanced Training** is performed at numerous locations. Flight training is conducted at five naval air stations. A joint Flight Training program commenced in FY 1993 with the Air Force, with an initial exchange of instructors that year and an initial cadre of pilots in FY 1994. Savings are expected in the outyears as common aircraft come on line. Specialized skill training is conducted at 44 locations. Professional development takes place at four military activities in addition to various civilian institutions. Support for these programs ranges from maintenance and overhaul of training simulators and other devices to maintaining the central library program for the Navy. **Recruiting and Other Training and Education** supports a variety of facilities to attract quality recruits and enhance academic skills. The Recruiting program supports the operation of 1,350 recruiting facilities located in all 50 states and in Guam, Puerto Rico, Great Britain, and Germany. The Advertising program supports the Navy's recruiting goals through printed advertising, direct mail campaigns and recruiting booklets/pamphlets. The Off-Duty and Voluntary Education

Budget Activity 3: Training and Recruiting

programs include a network of 12 area coordinators, and 63 field offices located at major naval bases in the United States, Europe, and the Far East. Civilian Education supports a variety of Navy activities and commands through centralized intern programs; interns divide their time between on-the-job training and classroom development. The Navy Junior Reserve Officer Training Corps program supports 398 units in FY 1995 by providing professional leadership as well as administrative and operational support. By the end of FY 1996 there will be 435 units on line, of which sixty percent are considered to be inner-city schools. This budget activity also provides for the base support necessary to operate these programs.

Department of the Navy
Operation & Maintenance, Navy
FY 1996/1997 Budget Estimates
Exhibit OP-05

Budget Activity: 3 - Training and Recruiting
Activity Group: Accession Training

I. Description of Operations Financed

This activity group supports all training required before an officer candidate or enlisted person receives a commission or rank.

Officer Acquisition programs provide military training and indoctrination for officer candidates as part of a college curriculum or post-baccalaureate program, and preparatory training for selection for such an accession program.

The Naval Reserve Officer Training Corps (NROTC) program provides the largest number of regular officer accessions to the Department. It provides college instruction to enrolled baccalaureate degree seeking students who, upon graduation, receive a commission in the Navy, Marine Corps or associated reserve program. Funds pay for tuition (scholarship students only), fees, books and administrative costs of the program.

Other officer accession programs include the US Naval Academy (USNA), Officer Candidate School (OCS), the Merchant Marine Reserve (MMR) program and two preparatory programs: the USNA Preparatory School (NAPS) and the Broadened Opportunity for Officer Selection and Training (BOOST). Funding for the Naval Academy pays for: the academic program, including faculty and staff; berthing and messing of midshipmen; professional training, including the summer cruise and physical education; and instructional resources and facilities. OCS provides a short term naval orientation and indoctrination program for college graduates, who earn a reserve commission. MMR provides a course of naval science instruction to future Naval Reserve officers at the Merchant Marine Academy and several other state maritime academies in accordance with the Maritime Education and Training Act of 1980. NAPS consists of a nine month course of instruction to strengthen the academic foundation of outstanding enlisted personnel who want to become career officers through the Naval Academy or Coast Guard Academy. BOOST is part of the Navy affirmative action and fleet upward mobility program. It prepares selected active duty and civilian young men and women from culturally or educationally disadvantaged and racial or ethnic minority groups to successfully compete for a NROTC scholarship or entrance to the Naval Academy.

Budget Activity: 3 - Training and Recruiting
Activity Group: Accession Training (continued)

I. Description of Operations Financed (cont'd)

Recruit Training indoctrinates recruits in basic military principles and naval skills, and provides a realistic understanding of fleet environment and shipboard life. Funds primarily support civilian staff salaries, contractor services and classroom and other supplies.

Base Support for activities in this mission area includes operation of utilities systems, public works services, base administration, supply operations, base services such as transportation and security, personnel support functions, bachelor quarters operations, morale, welfare and recreation operations, real property maintenance, disability compensation and environmental management.

II. Force Structure Summary

This activity group supports the United States Naval Academy and associated preparatory school, the Naval Officer Candidate School and the BOOST program. In addition, NROTC programs are established on the campuses of 57 colleges and universities. Recruit training will be consolidated at Naval Training Center (NTC) Great Lakes as NTC Orlando will close March of 1995.

Budget Activity: 3 - Training and Recruiting
Activity Group: Accession Training

III. Financial Summary (\$ in Thousands)

A. Sub-Activity Group Total

	FY 1994 Actuals	Budget Request	FY 1995 Approp- riated	Current Estimate	FY 1996 Budget Request	FY 1997 Budget Request
Officer Acquisition 1/ 2/	55,736	58,637	58,637	61,387	66,755	68,650
Recruit Training 1/	5,152	4,436	4,436	4,418	4,667	5,022

\$ in 000

1. FY 1995 President's Budget Request		\$243,566
2. FY 1995 Appropriated Amount (Program Specified)		243,566
3. Technical Adjustments required to comply with Congressional intent		-374
A. Supply Operations	-113	
B. Travel	-49	
C. Pentagon, Major Commands and Administration	-37	
D. Workyear Pricing	-92	
E. Family Support Centers	10	
F. Base Communications Infrastructure	-93	
4. Congressional Adjustments (General)		-140
A. Civilian Personnel Pay Raise and Locality Pay	294	
B. Contractor and Consulting Services	-434	
5. FY 1995 Appropriated Amount		\$243,052

C. Reconciliation of Increases and Decreases (cont'd)

6.	Price Growth		376
	A. Civilian Pay Raise	(376)	

7.	Program Increases		14,278
	A. One-time FY 1995 Increases	(764)	
	Environmental Compliance/Legislative Intent		
	1) One-Time increase for Environmental Compliance Projects.	182	
	(Baseline: \$514 thousand).		

Management Initiative

1)	One-Time increase for contractor costs for USNA Character Development curriculum data base development.	358
	(Baseline: \$0)	
2)	ADP support for the new recruit training curriculum.	224
	(Baseline: \$445 thousand)	

B. Other Program Increases

Legislative Changes/Intent

1)	Civil Service Retirement and Disability Fund payment representing \$80 for each employee as of March 31 of such fiscal year in accordance with the Federal Workforce Restructuring Act of 1994.	(13,514)
		20

Execution/Fact of Life

1)	Recosting of NROTC scholarships (Baseline: \$51,323 thousand)	1,311
2)	Increase of 695 NROTC scholarships to meet minority and technical production goals. (Baseline: \$51,323 thousand)	7,974
3)	Increases in civilian personnel are due, in part, to the conversion of Non-Appropriated Fund (NAF) employees to Civil Service, Naval Academy Character Development, Academic Programs, base support services, and the conversion of Broadened Opportunity Officer Selection (BOOST) Contract Instructors to in-house instructors. (+84 E/S, +61 W/Y) (Baseline: \$99,009 thousand)	3,286

Budget Activity: 3 - Training and Recruiting
 Activity Group: Accession Training

C. Reconciliation of Increases and Decreases (cont'd)

Infrastructure

- | | |
|---|-----|
| 1) Base Realignment and Closure (BRAC III) recurring costs at the Naval Training Center (NTC) Great Lakes (Baseline: \$15,057 thousand). | 713 |
| 2) Base realignment and closure costs for relocating Recruit Training Center (RTC) Orlando to Naval Training Center (NTC) Great Lakes (+16 E/S, +8 W/Y) (Baseline: \$7,998 thousand). | 210 |

8. Program Decreases

A. Other Program Decreases

Execution/Fact of Life

- | | |
|--|------|
| 1) Congress authorized locality pay increases for federal employees nationwide. Decreases to Officer Acquisition are needed to fully fund the pay raises. A reprogramming request will be provided to Congress and, once approved, funding will be restored. | -376 |
|--|------|

-14,863

(-14,863)

Force Structure

- | | |
|---|--------|
| 1) Decrease reflects continuing force structure downsizing with reductions in Civilian personnel support costs such as: printing, other contracts, supplies and uniform alterations. Reductions are due, in part, to 7,697 less recruits and consolidation of Officer Candidate School (OCS) and Aviation Officer Candidate School (AOCS). (-11 E/S, -11 W/Y) (Baseline: \$20,097 thousand) | -1,118 |
|---|--------|

Infrastructure

- | | |
|---|--------|
| 1) Realignment of Base Realignment and Closure (BRAC III) Naval Training Center (NTC) Orlando savings from Basic Skills and Advanced Training Base Support to properly account for the civilian personnel reductions in support of Recruit Training Center Orlando (-48 E/S, -35 W/Y). (Baseline: \$7,998 thousand) | -1,474 |
| 2) Base realignment and closure recurring savings of civilian personnel in support of Recruit Training Center, San Diego as a result of Naval Training Center San Diego base closure. (-24 E/S, -10 W/Y) (Baseline: \$7,998 thousand) | -280 |

Budget Activity: 3 - Training and Recruiting
Activity Group: Accession Training

C. Reconciliation of Increases and Decreases (cont'd)

3) Base Support savings as a result of base closure at Recruit Training Center (RTC) Orlando. (Baseline: \$3,230 thousand)	-642	
4) Resources are realigned to Basic Skills and Advanced Training -2,173 Base Support to reflect FY 1994 actual execution (-85 E/S; -85 W/Y). (Baseline: \$7,998 thousand)		
5) Resources are reduced for Messman contracts due to reduced requirement. (Baseline: \$14,227 thousand)	-8,800	
9. FY 1995 Current Estimate		\$242,843
10. Pricing Adjustments		8,907
A. Annualization of FY 1995 Pay Raise		
1) Classified	(433)	
2) Wage Board	323	
B. FY 1996 Pay Raise	110	
1) Classified	(2,044)	
2) Wage Board	1,507	
C. Defense Business Operating Fund (DBOF)	537	
1) Supplies, Material, and Equipment	(282)	
2) Fuel	214	
D. Other Defense Business Operating Fund	68	
E. Other Pricing	(-463)	
	(6,611)	
11. Functional Transfers		6,987
A. Transfers In		
1) Intra-Appropriation		
a) Decentralization of Naval Facilities Engineering Command funding for the execution of O&M,N funded repair, maintenance, minor construction, environmental compliance and facilities service contracts. (Baseline: \$0 thousand).	(6,987)	
2) Inter-Appropriation	2,603	
a) Realignment of non-centrally managed equipment purchases from the procurement accounts. (Baseline: \$0)		4,384

Budget Activity: 3 - Training and Recruiting
 Activity Group: Accession Training

C. Reconciliation of Increases and Decreases (cont'd)

12. Program Increases		16,922
A. Annualization of FY 1995 Increases	(1,013)	
<u>Management Initiative</u>		
1) Annualization of USNA increase for civilian personnel, Character Development and Academic Programs (8 W/Y). (Baseline: \$44,870 thousand)	436	
2) Annualization of increase for base support services and functions for USNA. (+13 W/Y) (Baseline: \$33,139 thousand)	577	
B. One Time FY 1996 Increases	(9,245)	
<u>Environmental Compliance</u>		
1) One-time increase for Environmental Compliance projects. (Baseline: \$696 thousand)	2,719	
<u>Management Initiative</u>		
1) One-time increase for production and printing of informational materials as part of effort to increase safety and environmental awareness amongst staff and students at USNA facilities. (Baseline: \$593 thousand)	53	
<u>Modernization</u>		
1) One-time FY 96 costs for performance of Shore Facilities Life Extension Program for real property maintenance major repairs at USNA (Baseline: \$6,547 thousand).	6,473	
C. Other Program Increases in FY 1996	(6,664)	
<u>Execution/Fact of Life</u>		
1) One additional workday of civilian employment (Baseline: \$70,629 thousand)	293	
2) Increase in Disability Compensation payments. (Baseline: \$1,045 thousand)	166	

C. Reconciliation of Increases and Decreases (cont'd)

3)	Increase to allow customer reimbursement to fleet industrial supply operations costs of running SERVIMART and retail inventory of Navy owned 9 COG material. These costs have been removed from the wholesale surcharge.	51
4)	Increase in supplies, material and printing costs are due, in part, to an additional 5,465 recruit accessions, and new recruit training curriculum.	1,933
<u>Modernization</u>		
1)	Increase in Real Property Maintenance (RPM) for reduction in BMAR for facilities supporting utilities, training, maintenance and operations. (Baseline: \$5,610 thousand)	2,886
<u>Infrastructure</u>		
1)	Base realignment and closure recurring costs due to closing Recruit Training Center Orlando and single siting of Recruit Training at Great Lakes. (Baseline: \$15,770 thousand)	1,335
13. Program Decreases		-26,590
A. Annualization of FY 1995 Decreases		
<u>Forces Structure</u>		
1)	Annualization of FY 1995 decline of civilian personnel. (-26 W/Y) (Baseline: \$69,725 thousand)	(-1,829)
2)	Base realignment and closure savings for the civilian personnel reductions at Naval Training Center, Orlando (-21 W/Y). (Baseline: \$3,975 thousand)	-1,218
		-611
B. One Time FY 1995 Costs		
<u>Quality of Life</u>		
1)	One-time decrease in Navy effort to provide Family and Child Care support.	(-18,885)
		-156
<u>Management Initiative</u>		
1)	Completion of ADP efforts for the new recruit training curriculum. (Baseline: \$224 thousand)	-231

Budget Activity: 3 - Training and Recruiting
 Activity Group: Accession Training

C. Reconciliation of Increases and Decreases (cont'd)

- 2) Completion of contractor effort for Character Development curriculum data base development. (Baseline: \$1,786K) -368

Environmental Compliance

- 1) Completion of FY 95 environmental compliance projects. (Baseline: \$182 thousand) -290

Modernization

- 1) Completion of one-time FY 95 costs for performance of Shore Facilities Life Extension Program major repairs at USNA. Infrastructure (Baseline: \$6,547 thousand) -17,810

C. Other Program Decreases in FY 1996

Modernization

- 1) Completion of the Phase III Bancroft Hall Renovation project. (Baseline: \$32,900 thousand) (-5,876) -3,000

Management Initiative

- 1) Savings resulting from increased usage of the IMPAC Bank Card for purchases below the micro-purchase threshold (\$-22 thousand) and from the use of Electronic Funds Transfer as the standard method for paying travel vouchers (-\$2 thousand). (Baseline: \$0 thousand) -24

- 2) Realign funding to Servicewide support Administration to reflect central management of DFAS funding. (Baseline: \$0K) -72

Fact of Life

- 1) Reduction in operating costs due to the closure of NROTC Unit at Texas Technical University. (Baseline: \$29 thousand). -29

Budget Activity: 3 - Training and Recruiting
Activity Group: Accession Training

C. Reconciliation of Increases and Decreases (cont'd)

Infrastructure

Exhibit OP-05

Budget Activity: 3 - Training and Recruiting
Activity Group: Basic Skills and Advanced Training

I. Description of Operations Financed

Programs in this activity group provide both technical training required by enlisted personnel, officers and selected civilian personnel to assume initial and follow-on assignments and also graduate and professional education required for managerial and command positions.

Specialized Skill Training resources are used to develop curricula and train a workforce of officer and enlisted personnel to man and support the operating force platforms and their installed weapon systems. Enlisted personnel receive broad career-field and Naval Enlisted Classification (NEC) ratings upon completion of initial and advanced training programs in areas such as general skill, intelligence, cryptologic/signals and nuclear power operation. Costs for the program include civilian labor, travel, supplies, material and contractor training. Travel also includes the cost of Temporary Duty Under Instruction (TEMDUINS), the per diem associated with training required en route from one permanent duty station to another. The nuclear power operation program also includes the cost of maintaining prototype and moored training ship sites. The Directed Training Program supports Joint Professional Military and Targeted "A" schools. The Factory (Initial) Training program funds development of course curricula for a new piece of equipment or system not tied to a procurement line item.

Flight Training provides for undergraduate pilot and flight officer training and other flight training functions such as flight surgeons, transition training and carrier qualifications. Flight operations costs consist of fuel consumed, flight gear issued, parts support for organizational and intermediate maintenance, aviation depot level repairables, and contractor services for maintenance of training aircraft. (T-34C, T-2C, TA4J, T44A, TH57, T39N, and T45A). These factors are converted to a cost per flight hour. Flight hours for each fiscal year are calculated based upon the output required for each phase of the training which will result in completion of undergraduate pilot and flight officer training rates prescribed by the Chief of Naval Operations. **Professional Development Education** prepares career officers for more demanding assignments, particularly command and staff positions. It is concerned with

Budget Activity: **3 - Training and Recruiting**

Activity Group: **Basic Skills and Advanced Training (continued)**

I. Description of Operations Financed (continued)

broad professional goals in subjects such as military science, engineering and management. Students attend either a Service school or a civilian institution. The Naval War College includes the Department's senior and intermediate service colleges and is organized into three academic departments: Strategy and Policy, National Security Decision-making, and Joint Operations. In addition, the college houses the Center for War Gaming, offers correspondence courses and provides resident education for foreign naval officers. The Naval Postgraduate School is an accredited institution offering graduate degree-granting programs with specific defense emphasis, particularly in science, engineering and technical areas. It also maintains a graduate level research program which responds to research needs of the Navy. The Navy is the executive agent for the Armed Forces Staff College, which operates under the aegis of the National Defense University and offers classes through the Joint and Combined Staff Officer School and the Joint Command, Control and Electronic Warfare School. The Navy provides administrative and logistic support to the college and manages day-to-day operations. The Naval Justice School provides enlisted personnel professional training in the areas of military justice procedures, legal administration and clerkship, evidence, international law, open and closed microphone reporting and management and budget. The Senior Enlisted Academy provides professional military training to senior enlisted personnel (E-8 and E-9) from all ratings and warfare communities to better fulfill their leadership and management responsibilities. Funding supports printing, supplies and guest lectures. The Civilian Institution Program finances the cost of tuition of personnel attending courses at non-military colleges and universities on a full-time, fully funded basis. The final professional development program is Officer Short Courses, whose costs include tuition, travel and per diem, fees and books.

Training Support encompasses various programs which provide Navy-wide support to training headquarters, activities and equipment. Headquarters includes personnel and associated costs for the Chief of Naval Education and Training (CNET) and two functional commands: Chief of Naval Air Training (CNATRA) and Chief of Naval Technical Training (CNTECHTRA). (CNTECHTRA was consolidated with CNET effective June of 1994). Simulators and other training equipment are maintained by both contractors and in-house personnel. This includes: depot, intermediate and organizational maintenance; maintainability, reliability and safety modifications; technical publication updates; logistical support; modification kits and software support. Other equipment maintained here includes station aircraft and General Purpose Electronic Test Equipment (GPETE). Personal and professional enrichment programs include the General Library program, the Advancement in Rate program and the National Museum of Naval Aviation. Finally, the Curriculum Development and Training Evaluation program conducts the analysis, design and development of new/revised curricula,

Budget Activity: 3 - Training and Recruiting
Activity Group: Basic Skills and Advanced Training (continued)

I. Description of Operations Financed (continued)

the implementation of new instructional technologies and evaluations of training through the Navy Training Feedback System and on-site evaluations.

Base Support for activities in this mission area includes operation of utilities systems, public works services, base administration, supply operations, base services such as transportation and security, personnel support functions, bachelor quarters operations, morale, welfare, and recreation operations, real property maintenance, and environmental management.

II. Force Structure Summary

Navy skill and advanced training is performed at numerous locations. Flight training is conducted at five naval air stations. Specialized skill training is conducted at 44 locations. Professional development takes place at four locations in addition to various civilian institutions. Support for these programs ranges from maintenance and overhaul of training simulators and other devices to maintaining the central library program for the Navy.

9. Program Increases			
A. One time FY 1995 Increases			
Management Initiative			
1) Funds are required for one time costs associated with the implementation of core-strand curricula at Service Schools Command, Great Lakes. (Baseline: \$0 thousand)		693	
2) Funds are required for one time costs associated with the implementation of the Navy Leadership Continuum Phase I. (Baseline: \$0 thousand)		1,800	
			42,384

Budget Activity: 3 - Training and Recruiting
 Activity Group: Basic Skills and Advanced Training (continued)

C. Reconciliation of Increases and Decreases (cont'd)

Execution/Fact Of Life

- 1) Funds are required for separation incentive pay, lump sum leave and severance pay for those recipients of SIP/VERA due to Navy downsizing. 4,551

B. Other Program Increases (35,340)

Legislative Change

- 1) Civil Service Retirement and Disability Fund payment representing 9 percent of the final basic pay of each employee who has received a voluntary separation incentive payment in accordance with the Federal Workforce Restructuring Act of 1994. 155
- 2) Civil Service Retirement and Disability Fund payment representing \$80 for each employee as of March 31 of such fiscal year in accordance with the Federal Workforce Restructuring Act of 1994. 470
- 3) Realigns environmental contract funds at Naval Postgraduate School to civilian personnel as needed to comply with environmental guidelines. (+2 E/S, +2 W/Y) (Legislative Changes) (Baseline: \$17,904K) 65

Management Initiative

- 1) Civilianization of Academic Dean at Naval War College to ensure PhD candidates fill this position (+1 E/S, +1 W/Y) (Baseline: \$39,754 thousand). 104
- 2) Additional faculty hired at Armed Forces Staff College to meet JCS directed student/faculty ratio (+9 E/S, +9 W/Y) (Baseline: \$39,754 thousand). 695
- 3) Resources are required to fund one student at Royal Navy Staff College course. 37
- 4) Realignment of Support Activity Consolidation savings from Basic Skills and Advanced Training to Training Support. (+93 E/S and +56 W/Y) (Baseline: \$143,444 thousand). 2,103
- 5) Resources required due to new OMB policy to budget for special hires (+87 E/S; +81 W/Y) and for additional stay-in school hires (+4 E/S, +1 W/Y) (Baseline: \$212,170 thousand). 1,913

Budget Activity: 3 - Training and Recruiting

Activity Group: Basic Skills and Advanced Training (continued)

C. Reconciliation of Increases and Decreases (cont'd)

Execution/Fact of Life		
1) Rephasing of the Aviation Technical Training consolidation due to Base Realignment and Closure (BRACIII) implementation schedule (+41 E/S; +41 W/Y) (Baseline: \$11,236 thousand).		1,653
2) Realign one program/budget analyst from reimbursable to direct funded at Armed Forces Staff College (+1 E/S, +1 W/Y) (Baseline: \$39,754K)		49
3) Realignment of funds from labor to contracts due to the functional transfer of Personnel Support Activity Great Lakes and Pensacola. (Baseline: \$54,122 thousand)		16,190
<u>Policy Change</u>		
1) Increase for safety officer and civilian attorney at Naval Postgraduate School to comply with Navy Occupation, Safety and Health (NAVOSH) and Inspector General (IG) inspection findings. (+2 E/S, +2 W/Y) (Strategy and Policy Change) (Baseline: \$17,904 thousand)		103
2) Increase in Quality of Life personnel at Naval Postgraduate School to meet staffing and self-sufficiency requirements, including conversion of Non Appropriated Fund employees to APF. (+9 E/S, +9 W/Y) (Strategy and Policy Changes) (Baseline: \$17,904 thousand)		272
<u>Infrastructure</u>		
1) Increase to properly fund Naval Air Station Memphis Base Operations Support personnel. Naval Air Station Memphis closes and base support functions transfer to Naval Military Personnel Activity in FY 96 vite FY 95. (+247 E/S; +252 W/Y) (Baseline: \$143,444 thousand)		7,442
2) Base Realignment and Closure recurring costs for civilian personnel supplies and contracts for NTC Orlando (83 E/S; 51 W/Y). (Baseline: \$22,440 thousand)		1,916
3) Resources are realigned from Accession Training Base Support to properly reflect FY 1994 actual execution (+85 E/S; +85 W/Y) (Baseline: \$143,444 thousand).		2,173

10. Program Decreases

-44,061

C. Reconciliation of Increases and Decreases (cont'd)

A. Other Program Decreases		(-44,061)
Force Structure Changes		
1) Decrease in TEMDUINS reflects lower PCS moves as downsizing and force reductions continue (Baseline \$32,642 thousand).		-1,623
Infrastructure Changes		
1) Decrease in the Undersea Specialized Skills Training program due to the elimination of training on the AN/SQQ-89 Surface Combat System and the MK-50 Torpedo.		-171
Execution/ Fact of Life Changes		
1) Congress authorized locality pay increases for federal employees nationwide. Decreases to Specialized Skill training are needed to fully fund the pay raises. A reprogramming will be provided to Congress and, once approved, funding will be restored.		-1,360
2) Decrease reflects cancellation of the Data Systems Technician "A" school, Mare Island and the Gunners Mate "A" school, Great Lakes relocation to the Fleet Combat Training Center, Dam Neck. (Baseline: \$693 thousand)		-693
3) Civilian labor adjustment based on FY 1994 election (-175 W/Y). (Baseline: \$70,035 thousand)		-6,424
4) Non-flight contract rates revised based on FY 94 experience (Baseline: \$33,438 thousand)		-1,427
5) Pilot Training Rate reduction of 4 Naval Pilots based on revised requirements (Baseline: \$200,311 thousand)		-7,348
6) Reduction in Technical Training Equipment Overhauls (TTE), Equipment Facility Requirement Plans, Navy Training Plan and Manpower and hardware requirements analysis (EFR/NTP/HARDMAN) (Baseline 5,025 thousand)		-249
7) Decrease reflects continuing force structure downsizing with reductions in support costs such as supplies, contracts, ADP and travel (Baseline: 65,607 thousand)		-7,197
8) Resources realigned to contracts from labor to fund civilian personnel transferred to Combat Operations Support (-550 E/S; -550 W/Y) (Baseline: \$143,444 Thousand)		-16,190

Budget Activity: 3 - Training and Recruiting

(13,955)

1) Intra-Appropriation

(5,730)

Budget Activity: 3 - Training and Recruiting
 Activity Group: Basic Skills and Advanced Training (continued)

C. Reconciliation of Increases and Decreases (cont'd)

a) Decentralization of Naval Facilities Engineering Command funding for the execution of O&M repair, maintenance, minor construction, environmental compliance and facilities service contracts. (Baseline: \$0) Management Initiative.	5,730
2) Inter-Appropriation	(8,225)
a) Fort Sheridan support transfer from the Army (+10 E/S; +10 W/Y) (Baseline: \$144,235 Thousand)	346
b) Transfers funding for non-incremental base support from Defense Commissary Agency to host organizations	660
c) Realign Fleet Industrial Supply Center (FISC) funding with program responsibility. (+33 E/S; +33 W/Y) (Baseline: \$144,235 Thousand)	1,139
d) Transfer of non-centrally managed equipment from the procurement accounts.	6,080
B. Transfers Out	(-24,494)
1) Intra-Appropriation	(-23,796)
a) Transfer of the Naval Amphibious Schools from Specialized Skill to Budget Activity 1 (Baseline: \$3,528 thousand).	-3,528
b) Realignment of Personnel Support Activity Pensacola and Great Lakes to Combat Operations Support. (Baseline: \$18,689 Thousand)	-18,545
h) Certain Base communication functions transferred to Budget Activity 1 Telecommunications Command (Baseline: \$1,523 Thousand)	-1,723
2) Inter-Appropriation	(-698)
a) Transfer to align a portion of water survival training with the program responsibility at Defense Health Program (-425), and Bureau of Medicine within Budget Activity 1 (-273) (Baseline: \$698 thousand)	-698
14. Program Increases	62,495
A. Annualization of FY 1995 Increases	(335)
Fact of Life	
1) Base Realignment of Fleet Industrial Supply Command to NAS Pensacola (+19 E/S, 10 W/Y) (Baseline: \$144,235 Thousand)	335

Budget Activity: **3 - Training and Recruiting**
 Activity Group: **Basic Skills and Advanced Training (continued)**

C. Reconciliation of Increases and Decreases (cont'd)

B. One Time FY 1996 Increases	(9,673)
<u>Fact of Life</u>	
1) Funds are required to provide submarine training activities with computers equipped with CD ROM to establish mandated computer based libraries. (Baseline: \$0 thousand)	500
2) Funds are required for lump sum leave and severance pay for those employees who will be affected by reductions-in-force (RIF) due to Navy downsizing. (Baseline: \$185,373 thousand)	4,332
3) One-time increase in funding to support the Helicopter Landing Trainer (HLT) overhaul (Baseline: \$0 thousand)	587
4) Increased funding for the Consolidated Automated Recruit Training system at the Naval Training Center, Great Lakes.	363
<u>Modernization</u>	
1) <u>Systems Technology Lab</u> (STL) Naval Postgraduate School. Provides for one-time equipment and contracts for startup of the lab. (Baseline: \$0 thousand)	450
<u>Management Initiative</u>	
1) <u>International Seapower Symposium</u> (ISS). Material and travel costs for the International Seapower Symposium (ISS) at Naval War College (Baseline: \$0 thousand).	122
2) One-time FY 1996 cost for completion of environmental compliance projects at Naval Postgraduate School and Armed Forces Staff College. (Legislative Changes) (Baseline: \$279 thousand)	3,319
C. Other Program Increases in FY 1996	(52,487)
<u>Infrastructure</u>	
1) Increase to provide initial Electronic Warfare on-board-drawing instruction curriculum for surface ships. The increase also provides additional course conduct and advisory services effort. (Baseline \$13,436 thousand)	1,375
2) The increase in the Surface Training Support program provides additional Integrated Logistics Support Plans (ILSPs) and technical audits for Battle Group/Battle Force combat systems training program,	4,212

C. Reconciliation of Increases and Decreases (cont'd)

the Electronic Warfare Onboard Training (EWOT) program, and the Surface Ship Electronic Warfare Training (SSEWT) program, thereby increasing Fleet readiness in Electronic Warfare Mission and Joint Warfare capabilities. (Baseline \$12,447 thousand)

3) Base Realignment and Closure recurring costs for NAS Pensacola as a result of NAS Memphis closure. (Baseline: \$29,062 Thousand) 7,096

Execution/Fact of Life

- 1) One additional workday of civilian employment. 1,067
- 2) Navy Leadership Continuum Phase II - Resources are required to implement the Navy Leadership Continuum. Over a three year period, the program implements a standardized curriculum for all officer and enlisted personnel integrating a variety of leadership, management and Human Resource Management topics. Curriculum development and consolidation is required for programs such as Total Quality Leadership, Navy Leadership, Core Values, Sexual Harassment, HIV/AIDS and many others. (Baseline: \$6,371 thousand) 443
- 3) Submarine Training Master Planning System - Resources are required to fund operational support for the expansion of a local area network environment from approximately 50 to an estimated 400+ users. (Baseline: \$985 thousand) 500
- 4) Emergency Escape Breathing Devices (EEBD's) - Funds are required to procure EEBDs for incorporation of EEBD training into ship's engineering courses at Service Schools Command, Great Lakes. Students are given hands on training in the donning and use of an EEBD for emergency escape under hazardous conditions. (Baseline: \$18,060 thousand) 1,655
- 5) Cryptologic Training - Funds are required to procure contract support for the development of interactive courseware to implement computer based training for cryptologic 'A' schools and to fulfill "difference" training requirements. Development and implementation of the training will span several years to cover all Communication Technician (CT) ratings, and is a planned initiative programmed in conjunction with the reduction in military manpower. (Baseline: \$1,482 thousand) 460
- 6) Command and Control Warfare (C2W) Training - Funds are required to develop and implement training in support of the 175

Budget Activity: 3 - Training and Recruiting

Activity Group: Basic Skills and Advanced Training (continued)

C. Reconciliation of Increases and Decreases (cont'd)

- Joint Staff Space and Electronic Warfare (SEW) continuum and to revise curricula for Shipboard Non-Tactical ADP Program (SNAP) maintenance schools at various training sites to phase in SNAP III training as systems are deployed in the fleet. (Baseline: \$1,922 thousand) 166
- 7) Shipboard Training Enhancement Program (STEP) - Funds are required to procure contractor services for the development of courseware for fleet distribution. The program is a joint CNO/Fleet/CNET program to develop training using interactive courseware and CD ROM capability. Development of courseware is essential to meet the fleet demand for shipboard training and to obtain efficiencies at the schoolhouse as a result of programmed military manpower reductions. (Baseline: \$18,060 thousand) 200
- 8) Surface Warfare Training Requirements Review (SWTRR) - Funds are required to implement curricula revisions directed by CNO during the annual SWTRR process. Requirement reviews are conducted monthly for surface warfare ratings and courses, and are conducted by CNO, Fleet, and Chief of Naval Education and Training subject matter experts. Funds are required to correct discrepancies, including procurement of equipment and and supplies, contractor services for curricula revision, and printing of materials. (Baseline: \$18,060 thousand) 307
- 9) Increase to allow customer reimbursement to fleet industrial supply centers for supply management and supply operations costs of running Service Market and retail inventory of Navy owned material. These costs have been removed from the wholesale surcharge. (Baseline: \$39,087 thousand) 1,206
- 10) Funding is required for implementation of the Aviation Training Support System (ATSS). (Baseline: \$38,289 thousand) 257
- 11) Resources are required in support of disability compensation claims under the Federal Employees Compensation Act (Baseline: \$3,573 Thousand) 2,548
- 12) Increase to real property maintenance for reduction in Backlog of Maintenance and Repair (BMAR) for facilities supporting utilities, training, maintenance and operations. (Baseline: \$106,390 Thousand)

C. Reconciliation of Increases and Decreases (cont'd)

Management Initiatives

- | | |
|---|--------|
| 1) Navy Occupational Safety & Health Training - Funds will provide Navy Training Plan training action item completion for shore activities, submarine and aviation units. These actions include training reviews of existing in-house and contractor delivered training to assure validity, development of new Navy training, and provision of standardized on-board training for local use. (Baseline: \$1,652 thousand) | 1,297 |
| 2) Resources are increased to fund Class I and II Environmental Compliance requirements to avoid possible fines and litigation by regulatory agencies (Baseline: \$17,370 Thousand) | 22,550 |

Force Structure

- | | |
|---|-------|
| 1) T45 Simulator contract is increased as the training aircraft is phased into the flight training curriculum. (Baseline: \$197,607 thousand) | 1,596 |
| 2) Increase of 26 Naval Flight Officers based on strategic planning and force structure analyses. (Baseline: \$53,657 thousand) | 652 |

Modernization

Naval Decision Support Center

- | | |
|--|-------|
| 1) Funds provided to maintain a node at the Naval War College to provide decision making support to Navy leadership. (Baseline: \$0 thousand) | 850 |
| 2) Increase reflects additional cost for lab and support equipment purchases, contracts and materials to support the Systems Technology Lab at the Naval Postgraduate School. Funds will allow students and faculty to conduct classified theses and research, and will provide full interconnectivity with other national laboratories. (Baseline: \$10,688 thousand) | 2,400 |

Quality of Life

- | | |
|---|-------|
| 1) Resources are required to support two new Child Development Centers at Atlantic Fleet Combat Training Center Dam Neck and Naval Education and Training Center Newport. (Baseline: \$5,089 thousand). | 1,475 |
|---|-------|

Budget Activity: **3 - Training and Recruiting**
 Activity Group: **Basic Skills and Advanced Training (continued)**

C. Reconciliation of Increases and Decreases (cont'd)

15. Program Decreases

-148,362

- A. Annualization of FY 1995 Decreases
- 1) Annualization of FY 1995 civilian personnel reductions (-78 W/Y) (-2,963)
- B. One Time FY 1995 Costs (-17,147)
- Management Initiatives
- 1) Funds decreased as a result of one-time costs associated with the implementation of core-strand curricula at Service Schools Command, Great Lakes. (Baseline: \$693 thousand) -713
 - 2) Funds decreased as a result of one-time costs associated with the relocation and consolidation of the Seabee 'A' School ratings. (Baseline: \$589 thousand) -1,320
 - 3) Funds decreased as a result of one time costs associated with the implementation of the Navy Leadership Continuum. (Baseline: \$1,800 thousand) -1,852
 - 4) Funds decreased as a result of one time costs required to pay lump sum leave and severance pay for those recipients of SIP/VERA due to Navy downsizing. (Baseline: \$17,313 thousand) -4,551
 - 5) Completion of stand-up of the SH-3H Search and Rescue Aircraft at NAS Pensacola -1,001

Execution/Fact of Life

- 1) Completion of the Congressionally directed Friendly Fire/Safety Training efforts. (Baseline: \$5,000 thousand) -5,150
- 2) Funds are reduced due to the closure of the Family Service Center at Naval Administrative Unit Scotia. (Baseline: \$500 thousand) -511

Modernization

- 1) Completion of FY 1995 major maintenance, repair and minor construction projects. (Infrastructure) (Baseline: \$1,505 thousand) -1,959

Legislative/Environmental

- 1) Completion of environmental projects at the Naval Postgraduate School and Naval War College. -52

Budget Activity: 3 - Training and Recruiting
 Activity Group: Basic Skills and Advanced Training (continued)

C. Reconciliation of Increases and Decreases (cont'd)

Quality of Life

- 1) Completion of one-time projects for Family and Child Care Support. -38

C. Other Program Decreases in FY 1996 (-128,252)

Force Structure

- 1) Decrease in TEMDUINS reflects lower PCS moves as downsizing and force reductions continue. (Baseline \$30,826 thousand) -1,763
- 2) FY 1996 reduction of (-179 E/S, -142 W/Y) consistent with overall Navy force structure downsizing. (Baseline: \$199,669 thousand) -7,716
- 3) Student Input Reductions - Funds are decreased due to a reduction in Specialized Skill Training costs. Planned ship decommissionings, training realignments and an overall decline in student input from Force Level changes, has resulted in reduced requirements for supplies, printing, equipment and other contract purchases. (Baseline: \$147,966 thousand) -1,210
- 4) Reduction in T39N Maintenance Contract based on the phase-out of the aircraft buy portion of contract. (Baseline: \$197,607 thousand) -27,028
- 5) Net reduction in Pilot Training Rate of 10 based on strategic planning and force structure analyses. (Baseline: \$191,665 thousand) -6,240
- 6) Net reduction in non-flight contracts associated with the T45 phase-in and the Pilot Training Rate/Naval Flight Officer Training Rate changes (Baseline: \$197,607 thousand) -886
- 7) Reduced requirements for Depot Level Repairables (DLRs) and Contractor Operation and Maintenance of Simulators (COMS) resources in support of Surface Warfare Training. (Baseline: \$25,296 thousand) -1,627
- 8) Reduced funding for the Shipboard Training Enhancement Program (STEP), Acoustical Sensors Training Aids Program (ASTAP), Chaplain Short Courses, and the Training Program Evaluation Board (TPEB). (Baseline: \$4,301 thousand) -358

Management Initiatives

- 1) Savings resulting from the use of Electronic Funds Transfer as the standard method for paying travel vouchers and from -173

Budget Activity: **3 - Training and Recruiting**

Activity Group: **Basic Skills and Advanced Training (continued)**

C. Reconciliation of Increases and Decreases (cont'd)

from increased usage of the IMPAC Bank Card for purchases below the \$2,500 micro-purchase threshold

- 2) Base realignment and closure savings due to Naval Aviation Technical Training Center, Memphis/Naval Aviation Maintenance Training Group, Memphis/Naval Aviation Schools Command, Pensacola consolidation (-3 E/S, -2 W/Y) (Baseline: \$308,090 thousand) -73
- 3) Decrease to custodial and other engineering support to fund Class I environmental compliance projects. (Management Initiative) (Baseline: \$17,367 thousand) -168
- 4) Reduction as a result of the efficiencies gained through consolidation of CNET support activities. (-55 E/S and -28 W/Y) (Baseline: \$171,070 thousand) -1,893
- 5) Resources are reduced in anticipation of communications telephone bill savings. (Baseline: \$4,265 thousand) -285
- 6) Realignment funding to servicerwide support to reflect central management of DFAS funding (Baseline: \$13,832 Thousand) -13,832

Infrastructure

- 1) Decrease in the Undersea course development and presentation to reflect the elimination of training on the AN/SQQ-89 Surface Combat System and the MK-50 Torpedo. -195
- 2) Decrease in advisory services to reflect the termination of initial Submarine Skills Training (Baseline \$13,948 thousand) -105
- 3) Nuclear Power Operator Training - Funds decreased as a result of reducing the number of land based nuclear power plant training platforms from four to three with the closure of a platform at Idaho Falls. (Baseline: \$84,755 thousand) -6,960
- 4) Decrease in the Training Support Program based on less support for Technical Training Equipment overhauls, and less technical audits due to force structure reduction. (Baseline - \$13,789 thousand) -7,277
- 5) Reduced funding for audio-visual supplies, equipment, and contract support. (Baseline: \$6,212 thousand) -816
- 6) Station Aircraft savings (UC12B -1,235 Flight Hours) due to BRAC III realignment at Memphis Baseline: \$7,953 thousand). -359
- 7) Base Realignment and Closure recurring savings for NAS Memphis (-174 E/S, -174 W/Y) (Baseline: \$26,635 Thousand) -23,482

C. Reconciliation of Increases and Decreases (cont'd)

- | | |
|--|--------|
| 8) Base Realignment and Closure recurring savings of 86 E/S and 43 W/Y associated with BRAC III at NTC Orlando (Baseline: \$59,229 Thousand) | -1,617 |
| 9) Base Realignment and Closure recurring savings of 11 E/S and 5 W/Y associated with BRAC III at San Diego (Baseline \$18,399 Thousand) | -168 |

Execution/Fact of Life

- | | |
|---|--------|
| 1) The decrease in the Specialized Skill Training Program reflects less support for various curriculum materials in support of surface ships and expeditionary warfare training. (Baseline: \$234 thousand) | -84 |
| 2) Funds decreased as a result of the Aviation Technical Training consolidation (-30 E/S, -15 WY) (Baseline \$27,717 thousand) | -565 |
| 3) Decrease reflects a reduction in Equipment Facility Requirement Plans, Navy Training and manpower and hardware requirements analysis due to force structure reduction. (Baseline: \$4,776 thousand) | -1,627 |
| 4) Reduced funding for electronic products and reference/professional materials for the Navy's General Library program. (Baseline: \$3,735 thousand) | -1,763 |
| 5) Reduced funding for the National Museum of Naval Aviation. (Baseline: \$1,983 thousand) | -65 |
| 6) Resources are reduced for collateral equipment as a result of completion of MILCON projects (Baseline: \$4,445 Thousand) | -4,261 |

Legislative Change

- | | |
|---|------|
| 1) Decrease in funds for the Civil Service Retirement and Disability Fund payment representing \$80 for each employee as March 31 of such fiscal year in accordance with the Federal Workforce Restructuring Act of 1994. | -164 |
|---|------|

Quality of Life

- | | |
|---|---------|
| 1) Resources are reduced for Morale Welfare and Recreation, bachelor quarter maintenance and operations, and telephone bills. (Baseline: \$55,960 Thousand) | -15,492 |
|---|---------|

Budget Activity: **3 - Training and Recruiting**
 Activity Group: **Basic Skills and Advanced Training (continued)**

C. Reconciliation of Increases and Decreases (cont'd)

16. FY 1996 President's Budget Request		\$1,087,406
17. Pricing Adjustments		
A. Annualization of FY 1996 Pay Raise		
1) Classified	(1,370)	
2) Wage Board	1,190	
B. FY 1997 Pay Raise	180	
1) Classified	(5,424)	
2) Wage Board	4,526	
C. Defense Business Operating Fund (DBOF)	898	
1) Supplies, Material, and Equipment	(7,571)	
2) Fuel	7,095	
D. Other Defense Business Operating Fund	476	
E. Other Pricing	(233)	
	(16,207)	
18. Program Increases		49,866
A. One Time FY 1997 Increases	(3,626)	
Management Initiatives	600	
1) Explosive Ordnance Disposal (EOD) - Funds are required for the relocation and consolidation of EOD Indian Head Detachment with the EOD school located at Eglin AFB, FL. Resources are budgeted for equipment and personnel relocations, and minor site preparation associated with consolidation.		
Fact of Life		
1) Funds are required for Lump sum leave and severance pay for those employees who will be affected by reductions-in-force (RIF) due to Navy downsizing (Baseline:\$147,980 thousand)	2,104	
Legislative Changes		
1) One-time FY 1996 cost for completion of environmental compliance projects at Naval Postgraduate School and Armed Forces Staff College. (Baseline: \$3,606 thousand)	922	

C. Reconciliation of Increases and Decreases (cont'd)

B. Other Program Increases in FY 1997		(46,240)
<u>Infrastructure</u>		
1) Increase in the Submarine Training Support Specialized Skill Training program provides support for initial training and advisory services.	108	
2) Increased Audio-visual equipment/supplies support to convert 27 Visual Information support centers to electronic digital imagery and CD ROM developmental support in order to phase out all wet chemical hazardous waste in the development of film products. (Baseline: \$5,456 thousand)	2,881	
3) Base Realignment and Closure recurring cost for SUBASE, New London (BRAC III, NTC Orlando) (38 E/S, 19 W/Y) (Baseline: \$135,125 Thousand)	722	
4) Resources are required for supply operations at NAS Pensacola (15 E/S, 8 W/Y) (Baseline: \$1,474 Thousand)	296	
5) Base Realignment and Closure recurring costs for NTC Great Lakes as a result of Service School Command and Naval Training Center San Diego training migration (Baseline: \$38 Million)	375	

Execution/Fact of Life Changes:

1) Increase reflects an increase in Technical Training Equipment Overhauls (TTE), Navy Training Plans & manpower and hardware requirements (HARDMAN) analysis. (Baseline 3,276)	1,052
2) Resources are required for collateral equipment for approved MILCON projects. (Baseline: \$381 Thousand)	605

Management Initiatives

1) Outsourcing - Funds are required to procure contractor services for instruction of courses, maintenance of training equipment and staff support. This program substitutes contract manpower for military manpower. (Baseline: \$0)	7,093
2) Navy Leadership Continuum Phase III - Resources required to implement the Navy Leadership Continuum. The program implements over a three year period, a standardized curriculum for all officer and enlisted personnel integrating a variety of leadership, management and Human Resource Management topics.	2,473

Budget Activity: **3 - Training and Recruiting**
 Activity Group: **Basic Skills and Advanced Training (continued)**

C. Reconciliation of Increases and Decreases (cont'd)

Curriculum development and consolidation is required for programs such as Total Quality Leadership, Navy Leadership, Equal Employment Opportunity (EEO), Core Values, Sexual Harassment, HIV/AIDS and many others. (Baseline: \$6,814 thousand)

- 3) Increase funding for non-incremental base support from Defense Commissary Agency to host organizations (Baseline: \$660 Thousand) 40

Force Structure

- 1) Net increase in PTR of 33 and NFOTR of 14 based on strategic planning and force structure analyses. (Baseline: \$209,025 thousand) 14,110
- 2) Net increase in non-flight contracts associated with the T45 phase-in and the PTR/NFOTR changes. (Baseline: \$183,922 thousand) 114

Legislative Intent

- 1) Provides support to the newly established Armed Forces Staff College Wargaming Center in Norfolk, Virginia. (Baseline: \$0 thousand) 2,000

Modernization

- 1) On-going costs for lab and support equipment purchases, contracts and materials required to maintain instructional and research facilities and curricula at levels commensurate with current technology. (Baseline: \$12,557 thousand) 2,314

Quality of Life

- 1) Increased funding for Child Development Centers (Baseline: \$5,893 Thousand) 303
- 2) Increased funding for MWR program (Baseline: \$10,400 Thousand) 132
- 3) Increased funding for Bachelor Quarters facility maintenance to reduce critical backlog (Backlog of Maintenance and Repair) items. (Baseline: \$105,195 Thousand) 11,622

19. Program Decreases

- A. Annualization of FY 1996 Decreases
 - 1) Annualization of FY 1996 civilian personnel reduction (-138 W/Y) (-5,952)

-59,508

-5,952

Budget Activity: 3 - Training and Recruiting
 Activity Group: Basic Skills and Advanced Training (continued)

C. Reconciliation of Increases and Decreases (cont'd)

B. One Time FY 1997 Decreases	(-9,816)
<u>Execution/Fact of Life</u>	
1) CD ROM - Funds decreased as a result of one time costs associated with the purchase of CD ROM computers for submarine training computer based libraries. (Baseline: \$500 thousand)	-515
2) Funds decreased as a result of one time costs required for lump sum leave and severance pay for those employees affected by reductions-in-force (RIF) due to Navy downsizing. (Baseline: \$148,388 thousand)	-4,332
3) Completion of one-time costs associated with the Helicopter Landing Trainer (HLT) overhaul in FY 1996 (Baseline: \$587 thousand)	-587
4) Funds decreased as a result of one-time costs associated with the consolidated automated Recruit Training System at the Naval Training Center, Great Lakes	-373
<u>Management Initiative</u>	
1) One-time FY 1996 completion of costs associated with the International Seapower Symposium at Naval War College. (Baseline: \$122 thousand)	-126
<u>Modernization</u>	
1) One-time FY 96 Completion of startup costs for the systems technology lab at Naval Postgraduate School. (Baseline: \$450 thousand)	-464
<u>Legislative Changes</u>	
1) Completion of FY 1996 environmental projects. (Baseline: \$3,600 thousand)	-3,419
C. Other Program Decreases in FY 1997	(-43,740)
<u>Force Structure</u>	
1) Decrease in Temporary Duty Under Instruction reflects lower permanent change of station moves as downsizing and force reductions continue. (Baseline \$29,506 thousand)	-1,313
2) Course Cancellation - Funds decreased as a result of savings associated with the cancellation of AN/WLQ-4 courses at the Naval Submarine school, New London, CT. (Baseline: \$117 thousand)	-120

Budget Activity: 3 - Training and Recruiting

Activity Group: Basic Skills and Advanced Training (continued)

C. Reconciliation of Increases and Decreases (cont'd)

- | | |
|--|---------|
| 3) Student Input Reductions - Funds are decreased due to a reduction in Specialized Skill Training costs. Planned ship decommissionings, training realignments and an overall decline in student input from Force Level changes, has resulted in reduced requirements for supplies, printing, equipment and other contract purchases. (Baseline: \$136,228 thousand) | -313 |
| 4) Reduced requirements for Depot Level Repairables (DLRs) and Contractor Operation and Maintenance of Simulators (COMS) resources in support of Surface Warfare Training due to downsizing. (Baseline: \$22,133 thousand) | -1,454 |
| 5) Reduced funding for the Shipboard Training Enhancement Program (STEP), Acoustical Sensors Training Aids Program (ASTAP), Chaplin Short Courses, and support costs for the Training Program Evaluation Board (TPEB). (Baseline: \$3,910 thousand) | -567 |
| 6) Reduction of 55 hours for search and rescue aircraft due to Navy downsizing (Baseline: \$1,934 thousand). | -57 |
| 7) A reduction in civilian personnel and support costs including ADP, travel, course materials and other support due to economies gained due to Navy force structure downsizing and activity consolidations (-188 E/S, -196 W/Y). (Baseline: \$189,077 thousand). | -12,364 |

Management Initiatives

- | | |
|--|--------|
| 1) Savings resulting from increased usage of the IMPAC Bank Card for purchases below the \$2,500 micro-purchase threshold and from the use of Electronic Funds Transfer as the standard method for paying travel vouchers. | -175 |
| 2) Completion of environmental projects (Baseline: \$39,445 thousand) | -5,732 |

Infrastructure

- | | |
|--|---------|
| 1) Decrease reflects less support for various curriculum materials in support of initial submarine, surface and expeditionary warfare training. (Baseline \$9,299 thousand) | -4,593 |
| 2) Nuclear Power Operator Training - Funds decreased as a result of reducing the number of land based nuclear power plant training platforms from three to two with the closure of a platform at Ballston Spa, NY. (Baseline: \$80,338 thousand) | -10,297 |

Budget Activity: 3 - Training and Recruiting
 Activity Group: Basic Skills and Advanced Training (continued)

C. Reconciliation of Increases and Decreases (cont'd)

- | | |
|--|--------|
| 3) Reduction of 6 end strength and 3 workyears associated with BRAC III - NAS Memphis realignment (Baseline: \$34,212 thousand) | -167 |
| 4) Base Realignment and Closure recurring savings for BRAC III, Naval Technical Training Center Treasure Island (3 E/S, 1 W/Y) (Baseline: \$987 Thousand) | -45 |
| 5) Base Realignment and Closure recurring savings for BRAC III, NTC Orlando closure (-194 E/S, -99 W/Y) (Baseline: \$62,174 thousand) | -3,766 |
| 6) Base Realignment and Closure recurring savings for BRAC III, NTC San Diego closure (-69 E/S, -44 W/Y) (Baseline: \$18,231 thousand) | -1,421 |
| 7) Base realignment and closure savings as a result of consolidating the Naval Education and Training Program Management Support Activity (NETPMSA) and Naval Technical Training Support Group. (NTTSF). (Baseline: \$41,914 thousand) (-15 E/S, -8 W/Y) | -413 |
| 8) Funds decreased as a result of the Aviation Technical Training consolidation (-32 E/S, -16 W/Y). (Baseline: \$24,885 thousand) | -616 |

Execution/Fact of Life Changes:

- | | |
|--|------|
| 1) Reduced funding for professional development courses, Rate Training Manuals, Nonresident Training Courses, Personnel Advancement Requirements developments, and the Fleet critical Personnel Qualification Standards program due to Navy downsizing. (Baseline: \$6,359 thousand) | -327 |
|--|------|

Department of the Navy
Operation & Maintenance, Navy
FY 1996/1997 Budget Estimates
Exhibit OP-05

Budget Activity: 03 - Training and Recruiting

Activity Group: Recruiting and Other Training and Education

I. Description of Operations Financed

This activity group funds all recruiting and advertising activities, voluntary education programs, centralized civilian intern programs and the Navy Junior Reserve Officer Training Corps (NJROTC).

Recruiting and Advertising activities provide for the operation and maintenance costs necessary to recruit men and women for enlisted, officer candidate and officer status in the regular and active duty reserve components of the Navy. The Navy's advertising for recruiting is built around a national advertising plan which is complemented by local advertising and an active public service campaign.

There are various **Off-duty and Voluntary Education** programs, most coordinated through the Navy Campus Network. The largest of these programs is Tuition Assistance. Personnel participating in this off-duty program receive 100 percent of tuition costs for high school completion courses and a portion of tuition for post-secondary vocational and academic courses. The Navy is also the executive agent for the Defense Activity for Non-Traditional Education Support (DANTES). In this role, the Navy administers non-traditional educational programs, manages educational service contracts, and provides informational material and other management support tasks. The Navy contracts with colleges and universities to conduct courses on deployed ships through the Program for Afloat College Education (PACE). The Veterans Educational Assistance Program (VEAP) is a contributory educational assistance program through which the Navy provides two-for-one matching funds. The Educational Assistance Test Program is a Congressionally authorized test program through which the Navy funds tuition costs and a monthly stipend. Finally, the Functional Skills program is an on-duty program for military personnel designed to improve their math, reading and grammar skill levels beyond elementary school level.

The **Civilian Education** programs are designed to develop and upgrade the professional knowledge and skills of Department civilian employees through training and education at various points in the employees' careers. Career paths utilizing centralized programs include contracting, logistics, procurement and acquisition, financial management and integrated logistics management.

The **Navy Junior Reserve Officers Training Corps** is a Congressionally mandated youth citizenship program. It provides the opportunity for secondary school students to learn the basic elements and

Budget Activity: 03 - Training and Recruiting
Activity Group: Recruiting and Other Training and Education (continued)

requirements for national security and their personal obligations as Americans. The Secretary of Defense has initiated a program to expand the number of JROTC units.

I. Description of Operations Financed (cont'd)

Base Support includes operation of utilities systems, public works services, base administration, supply operations, base services such as transportation and security, personnel support functions, bachelor quarters operations, morale, welfare, and recreation operations, real property maintenance, and environmental management.

II. Force Structure Summary

This activity group supports a variety of efforts designed to attract quality recruits and to provide both military and civilian personnel with the academic skills necessary to meet the Department's operational and support requirements. The **Recruiting** program supports the operation of 1,350 recruiting facilities located in all 50 states and in Guam, Puerto Rico, Great Britain, and Germany. The **Advertising** program supports the Navy's recruiting goals for officer and enlisted personnel through a media mix which includes printed advertising in magazines and newspapers, direct mail campaigns, and recruiting booklets/pamphlets. The **Off-Duty and Voluntary Education** programs support the academic requirements of over 500,000 active duty personnel through a network of three commands, 12 area coordinators, and 63 field offices located at major naval bases in the United States, Europe, and the Far East. The **Civilian Education** programs support a variety of Navy activities and command echelons by training and developing high quality replacement personnel for professional positions. The **Navy Junior Reserve Officer Training Corps** program supports 398 units in FY 1995 by providing professional leadership as well as administrative and operational support. Many of these units are in troubled inner city areas, and approximately 50% of cadets are minorities. By the end of FY 1996 there will be 435 units on line, of which sixty percent are considered to be inner-city schools. This activity group also provides for the **Base Support** requirements necessary to operate these programs.

<u>Execution/Fact of Life</u>		
1) One additional workday of civilian employment. (Baseline: \$40,458 thousand).	148	
2) Increase in Defense Activity for Non-Traditional Education Support (DANTES) printing requirements due to biennial printing of certain education guides. (Baseline: \$10,604 thousand).	272	
3) Increased recurring costs to support startup of 37 NJROTC units in FY 1996. (Baseline: \$0)	1,085	

Budget Activity: 03 - Training and Recruiting
Activity Group: Recruiting and Other Training and Education (continued)

C. Reconciliation of Increases and Decreases (cont'd.)

Strategy and Policy Changes

1) Increase provides for collateral sales material 1,200

updates and the preparation of 2 new booklets, 13 additional magazine insertions, and 179 additional direct mailings in support of gender neutral advertising and greater minority representation in all ratings. (Baseline \$42,340 thousand)

2) Increase enhances medical, nuclear, NROTC recruiting efforts with additional application kits, minority and medical booth rentals, and Navy's 1-800 number. (Baseline \$30,404 thousand) 609

Quality of Life

1) Increased usage of Program Afloat College Education (PACE) and Functional Skills Programs due to Navy-wide emphasis on enhancement of individual education levels. (Baseline \$8,261 thousand) 1,042

14. Program Decreases

A. One Time FY 1995 Costs

Execution/Fact of Life

1) Decrease reflects FY 1995 funding for Separation Incentive Pay (SIP)/Voluntary Early Retirement Authorization (VERA). -50

-8,276

(-918)

2) Reduction for one-time costs to support startup of 38 NJROTC units in FY 1995. (Baseline: \$868 thousand) -868

C. Other Program Decreases in FY 1996

Execution/Fact of Life

1) Savings resulting from increased usage of the IMPAC Bank Card for purchases below the micro-purchase threshold (-104) and from the use of Electronic Funds Transfer as the standard method for paying travel vouchers (-7). (Baseline \$10,941 thousand) (-7,358)

-111

C. Reconciliation of Increases and Decreases (cont'd.)

Legislative Changes/Intent

- 1) Decrease due to Civil Service Retirement and Disability Fund payment representing 9 percent of the final basic pay of each employee who received a Voluntary Separation Incentive Payment during FY 1995 in accordance with the Federal Workforce Restructuring Act of 1994. (Baseline \$13 thousand) -13

Infrastructure Changes

- 1) Decrease reflects continuing force structure downsizing with reductions in civilian personnel and support costs such as: travel, printing, other contracts and lease payments. Reductions are due, in part, to discontinuation of the Total Quality Environment course, reduced Tuition Assistance for graduate courses, reduced contractual requirement for Defense Activity for Non-Traditional Education Support (DANTES/Centralized Financial Management Program) and scaled back intern programs (-48 E/S, -34 W/Y). (Baseline: \$79,880 thousand). -7,159

- 2) Decrease in VEAP payments commensurate with the general reduction in military personnel. (Baseline: \$3,099K) -75

15. FY 1996 President's Budget Request

\$225,217

1/ The figures represent performance criteria for Navy media placement dollars and collateral sales materials (booklets) on both a national and local basis. In addition to the media listed, advertising dollars also fund certain support requirements, such as public service advertising production, agency ad production costs, and marketing research.

2/ Impressions are reflected in thousands and relate to the number of times the advertising is seen as determined by the circulation of magazines or newspapers, quantity of direct mailings or collateral sales materials, and so forth.

Department of the Navy
Operation & Maintenance, Navy
FY 1996/FY 1997 Budget Estimates

Budget Activity: 04-Administration and Servicewide Activities

I. Description of Operations Financed

Administration and Servicewide Activities programs provide Servicewide support for administration, civilian manpower, military manpower, servicewide communication, and other personnel support. These programs also provide logistic operations and technical support for servicewide transportation; planning, engineering, and design; acquisition and program management; air systems support; hull, mechanical, and electrical support; combat/weapon systems support; and space and electronic warfare systems support. Additional programs supported include investigations and security, support of other nations, and base operating support.

II. Force Structure Summary

Servicewide Support supports the staff offices for the Secretary of the Navy, the Chief of Naval Operations, and the Naval Audit Service as well as the personnel assigned to the headquarters staff of the major systems commands, the public relations activities of the major Department of the Navy commands, and various other legal, personnel management, and administrative offices. Logistic Operations and Technical Support provides planning, engineering, and design for acquisition management, logistics and engineering support for 365 Battle Force Ships in FY 1996 and 358 Battle Force Ships in FY 1997. Investigations and Security Programs support worldwide Navy intelligence and criminal investigative operations both ashore and afloat. Support of Other Nations supports 2 Unified Commanders, 26 Security Assistance Offices, and 62 Defense Attache Offices.

Department of the Navy
Operation & Maintenance, Navy
FY 1996/1997 Budget Estimates
Exhibit OP-05

Budget Activity: 04 - Administration and Servicewide Activities
Activity Group: Servicewide Support

I. Description of Operations Financed

This activity group provides resources for servicewide administrative activities and programs which manage and support the Department of the Navy operating forces. Programs included in Servicewide Support include administrative staffs and support organizations, the various military and civilian manpower and personnel management commands, personnel and base support programs, servicewide communications programs, public affairs programs, and payments to the Defense Finance and Accounting Service for finance and accounting services provided to the Department of the Navy.

Administration

The Secretary of the Navy staff serves as the principal policy advisors and assistants in the administration of the affairs of the Department of the Navy. The Chief of Naval Operations (OPNAV) staff advises and assists the Chief of Naval Operations in the discharge of his responsibilities as the principal naval advisor and naval executive to the Secretary of the Navy on the conduct of the activities of the Department of the Navy, and as the Navy member of the Joint Chiefs of Staff. The OPNAV Support Activity performs functions of an operational nature that support the Chief of Naval Operations Staff Offices.

The Naval Audit Service conducts internal audits of Navy and Marine Corps activities, programs, systems, and functions to determine whether planned and budgeted program results are being achieved and to assess compliance with the applicable laws and directives, determines whether programs are managed efficiently and economically, and whether financial statements are accurate and in compliance with the Chief Financial Officers Act of 1990.

The headquarters staff of the major systems commands manage programs and resources and provide technical direction concerning ship, aircraft, weapons systems, the related equipment and support systems, operating forces personnel, and facilities and bases. Finally, payments for financial and accounting services provided to the Navy by the Defense Finance and Accounting Service are included in this sub-activity group.

I. Description of Operations Financed (cont'd)

External Relations

Public affairs staffs are responsible for enhancing the awareness and support for the missions and operations of the Department of the Navy among the general public, the media, and members of Congress and other personnel support programs. Funding for the Flight Demonstration Team provides for the conduct of flight demonstrations and public appearances. Also funded are Congressional travel, Vice President's Residence Ground Support, and base support for Camp David.

Civilian Manpower and Personnel Management

The Civilian Personnel Management Headquarters, Office of Civilian Personnel Management Regional Offices, and the Consolidated Civilian Personnel Offices are responsible for the execution and evaluation of the Navy's civilian personnel/equal employment opportunity policies and programs. The Naval Civilian Personnel Data System provides automated support to civilian personnel organizations. The Unemployment Compensation Fund provides resources to reimburse states for unemployment compensation paid to eligible former employees of the Department of the Navy.

Military Manpower & Personnel Management

The Navy Manpower Analysis Center (NAVMAC) develops manpower requirements documents for individual ships, aircraft squadrons, and shore activities. The Enlisted Personnel Management Center (EPMAC) provides centralized management support for the distribution of active duty enlisted personnel. The Navy Personnel Evaluation Boards conduct hearings and present reports concerning errors and injustices involving members and former members of the military which the Secretary may use to correct military records. The boards also assist and advise the Secretary of the Navy on matters of policy, procedure, and administration with regard to decorations and medals. Also funded are the operations of the Consolidated Brigs, operations of the Deserter Apprehension Program, and the Corrections Management Information System (CORMIS) which integrates all requirements of the Navy Corrections Programs and enhances the Navy's ability to manage and operate corrections facilities.

Other Personnel Support

The Armed Forces Radio and Television Service (AFRTS) provides news, command information, and entertainment programming aboard ship and overseas as part of the Navy's effort to enhance combat effectiveness and retention by improving morale. The Naval Media Center provides visual information products and services for

Budget Activity: 04 - Administration and Servicewide Activities
Activity Group: Servicewide Support (cont'd)

I. Description of Operations Financed (cont'd)

Navy and other users worldwide. It also designs, procures, operates, and maintains production and broadcast systems and equipment for Navy operated AFRTS outlets worldwide. The Media Center plans and executes print media functions which provide two-way channels of communications between Navy policy makers and active duty personnel, dependents, reserves, retirees, and civilian employees.

The Legal Services Support Group provides the Navy's senior-level officials with advice and counsel on issues such as environmental law, real estate, and base closure. The Navy Litigation Office supports the joint Justice Department/Navy Department contract analysis and review effort concerning the pending A-12 contract termination case. The Legal Services Support Group handles all suspension and debarment actions against government contractors for the General Counsel. Navy Legal Services Offices and detachments provide legal services and counsel concerning command legal matters including, but not limited to, military justice, conducting investigations, adjudicating claims, and providing legal assistance. The Judge Advocate General-Field offices provide legal support concerning military and administrative law.

The Board of Inspection and Survey (INSURV) conducts trials of newly constructed or older ships, service craft, and aircraft to ensure that they are suitable for their intended purpose. The Naval Safety Center promotes and monitors safety to reduce the incidence of accidents afloat and ashore. The Naval Historical Center manages the collection, preservation, exhibition and distribution of objects, and information of historical interest. The Historical Ships Program provides resources to maintain and display the USS Constitution and the ex-USS Nautilus.

The Subsistence-in-Kind (SIK) Program provides for the testing of new food items and the replacement and rotation of rations provided to active duty enlisted personnel. The Retail Clothing Stores and Ships' Stores Afloat programs provide a convenient and reliable source from which authorized personnel may obtain government-procured articles of uniform clothing and related items and other articles for their health and comfort. Funding is also provided for various Human Resources Management Support systems, including the Navy Leadership Program, Equal Opportunity Program, Alcohol Rehabilitation Centers, Health and Physical Readiness Program, Family Advocacy Program and Family Service Centers, and other personnel support programs.

Servicewide Communication

The Servicewide Communication program provides funding for communications systems which support both fleet and shore establishments of the Navy. These systems include Electronic Command and Control systems which provide command, control, readiness and intelligence information in direct support to Commander-in-Chiefs (CINCS). In addition to communications systems, funding also provides for information security which is required to prevent access to classified material, the engineering and logistics support required to maintain

I. Description of Operations Financed (cont'd)

those systems, and Fleet Ballistic Missile (FBM) Strategic Communications High/Very Low/Low Frequency broadcast subsystems. All leased communications costs, the operation of communications stations worldwide, and the management of both are also included in the Servicewide Communications funding.

Base Support

Base support includes operation of utility systems, public works services, base administration, supply operations, base services such as transportation and security, personnel support functions, bachelor quarters operations, morale, welfare and recreation operations, disability compensation, and environmental and hazardous waste management. Funding is also provided for the maintenance of real property and quarters maintenance.

Force structure supported includes eighteen staff offices for the Secretary of the Navy, three Chief of Naval Operations support activities, and the Naval Audit Service. The Naval Audit Service force structure supported includes a headquarters office, four main regional, and forty audit sites in the continental United States and Hawaii. Also supported are the personnel assigned to the headquarters staff of the Naval Sea Systems Command, including the Commander, Naval Sea Systems Command and his staff, and the NAVSEA Comptroller's staff. Further supported are civilians at Naval Air Systems Command headquarters which provide managerial oversight and support to the Naval Aviation Systems Team, 5 Expense Operating Budget (EOB) activities, 7 Naval Aviation Warfare Centers (NAWC), 6 Naval Aviation Depots, 3 Program Executive Offices (PEOs), and 4 other field activities. Also supported are the Naval Facilities Engineering Command Headquarters, Space and Naval Warfare Systems Command headquarters, and the Naval Supply Systems Command Headquarters. In addition, the public relations staffs of the Pacific Fleet, CINCPACFLT, the External Public Affairs, and the Community Relations programs conducted by Commander, Naval Activities, UK, Commander, Sixth Fleet, Command, Fleet Air Mediterranean and the CINCUSNAVEUR Public Affairs office, the public affairs offices of the Atlantic Fleet, the Chief of Naval Education public affairs offices, and the Navy Flight Demonstration Team are supported. Funding is also provided for Naval Support Facility, Thurmont, Md. Support is also provided for various other legal, personnel management and administrative offices, including the Office of Civilian Personnel Management, the regional consolidated personnel offices and the Human Resources Center, the Navy Manpower Analysis Center, the Enlisted Personnel Management Center, the Navy Personnel Evaluation Boards, the Consolidated Brigs, 3 Alcohol Rehabilitation Centers, the Armed Forces Radio and Television Service, the Navy Exchange Command support offices (NEXCOM), and the Navy Legal Services Support Offices. Finally, support is provided for 6 Worldwide Military Command & Control System (WWMCCS) sites ashore and the Joint Task Force Commander afloat.

Budget Activity: 04 - Administration and Service-wide Activities
Activity Group: Service-wide Support (cont'd)

II. Force Structure Summary

This program provides funding for support of information security in accordance with requirements to protect Navy communications; communications equipment which supports strategic battleforce ships; equipment integration, operations, and maintenance support for ship and shore satellite communications; and provides navigation positioning on all Navy platforms. This program also funds communications operations requirements ashore and afloat at 20 echelon III commands, supports the Navy's long haul communications circuits including the Defense Switched Network (DSN) and Automated Digital Network (AUTODIN), and supports the Defense Messaging System (DMS) and communications systems architecture.

Management Initiatives

1. Realignment of funding for payments to the Defense Finance and Accounting Service to a centrally managed account, (Baseline: 184,559). 228,383
2. Increase to RPM for reduction in BMAR for facilities supporting utilities, training, maintenance and operations. 11,006
3. Realignment of funding for INSURV inspections from Hull, Mechanical and Electrical (\$2,950), AirOperations and Safety Support (\$396), and Space and Electronic Warfare Systems (\$450) in order to consolidate resources and cover costs of ship inspections, (Baseline: \$3,931). 3,796
4. Consolidation of Navy Food Service Systems Office within Naval Supply Systems Command Headquarters from Acquisition and Program Management, (+25 E/S, +23 W/Y), (Baseline: \$0). 1,504
5. Increase to allow customer reimbursement to fleet industrial supply centers for supply management and supply operations costs of running SERVMART and retail inventory of Navy owned 9 COG material. 573

Strategy and Policy Changes

1. Increase supports Naples (\$6,763), EastpacTransmitter (\$3,551), Iceland (\$1,197), and VERDIN (\$358) relocation projects. These projects involve relocation and consolidation of communications equipment for reasons including moving away from seismic danger zones, meeting communications survivability criteria, and defense downsizing, (Baseline: \$98,946). 11,869
2. Increase supports multiple broadcast services; integrated and interoperable data transfer capability, and automated broadcast and bandwidth management needed to upgrade Fleet communications and information warfare, (Baseline: \$10,107). 2,049

Quality of Life

1. Increase supports major maintenance and repair and minor construction projects at the Naval District Washington physical plant, related facilities, and other facilities to curb the erosion of real property assets, (Baseline: \$41,029). 8,467

\$ in 000

C. Reconciliation of Increases and Decreases (cont'd)

2. Increase in MWR and bachelor quarters to achieve Quality of Life (QOL) standards, (Baseline: \$52,075). 2,355

Modernization Changes

1. Increase reflects 56 additional satellite communication terminals being fielded which require software maintenance and logistic documentation due to the complexity and interaction of the communications networks; and maintenance of test bed equipment for interfacing new SATCOM equipment with existing equipment, (Baseline \$28,869). 4,048
2. Increase provides engineering and technical support and Cryptologic equipment repair support. These upgrades are required to provide adequate security for information warfare systems, (Baseline \$14,146). 2,431
3. Increase provides life cycle support for the newly fielded Automated Network Control Center and remote control systems, (Baseline \$75,487). 1,473
4. Funding supports initiative to provide common information systems software for systems standardization, (Baseline \$16,782). 1,031
5. Increase reflects communications support to Fleet commanders for Video Teleconferencing and increased tactical data throughput capacity, (Baseline: \$23,459). 900
6. Increase provides engineering support for the newly deployed Navigation Sensor Support Interface program, (Baseline: \$2,506). 418
7. Increased test equipment required for maintenance and quality control of upgraded transmission equipment, such as antennas, at Naval shore communications centers worldwide, (Baseline: \$75,487). 401
8. Increase required to support the transition to the Navy Key Distribution which upgrades protection, distribution and management of classified information, (Baseline: \$3,007). 325
9. Reflects computer hardware and software upgrades for automation of communications circuit monitoring, (Baseline: \$75,487). 227
10. Increase reflects additional communication links required to support the Inter-American Naval Telecommunications Network (TANTN) conversion from High Frequency to satellite communications frequency, (Baseline: \$23,459). 134

Budget Activity: 04 - Administration and Servicewide Activities
 Activity Group: Servicewide Support (cont'd)

C. Reconciliation of Increases and Decreases (cont'd) \$ in 000

- | | |
|--|-----|
| 11. Increase supports additional use of multi-plexer communications equipment which combine multiple circuits for transmission over a single path. The multi-plexers are service interoperable and critical to implementing downsizing requirements, (Baseline: \$75,487). | 105 |
| 12. Funding supports upgrades of command and control infrastructure on the USNS Blue Ridge, (Baseline: 40,373). | 100 |

Infrastructure Changes

- | | |
|--|--------|
| 1. Increase reflects BRAC decision giving BUPERS the base operations responsibility for Naval Support Activity, Memphis, (Baseline: \$0). | 24,900 |
| 2. Increase supports elimination of antiquated message equipment with new equipment and software, and allows send/receive of messages to be done automatically via dial in service. These initiatives are required to support continued downsizing, (Baseline \$75,487). | 3,421 |
| 3. Increase in Navy Public Works Center costs due to additional personnel located at Naval District Washington due to BRAC realignments, (Baseline: \$6,255). | 1,599 |

Legislative Intent

- | | |
|--|-------|
| 1. Increase provides for additional civilian personnel and related costs in support of emergent environmental compliance requirements (+30 E/S, + 8 W/Y), (Baseline: \$229,230). | 5,785 |
|--|-------|

15. Program Decreases -155,078

A. Annualization of FY 1995 Decrease

- | | |
|--|--------|
| 1. Decline in civilian personnel commensurate with Navy downsizing (-16 W/Y), (Baseline: \$394,547). | (-852) |
| 2. Reductions in civilian personnel costs due to closure of Legal Service Office Charleston and Memphis as part of BRAC (-6 W/Y), (Baseline: \$7,071). | -642 |
| | -210 |

B. One Time FY 1995 Decreases

- | | |
|--|----------|
| 1. Decrease in funding for Base Structure Analysis Team (BSAT) support costs, (Baseline: \$1,000). | (-1,935) |
| | -1,029 |

\$ in 000

C. Reconciliation of Increases and Decreases (cont'd)

2. Alternative Energy for Korea, (Baseline: \$880). -906
- C. Other FY 1996 Program Decreases (-152,291)
 - Infrastructure
 1. Reduction in support costs commensurate with overall Navy downsizing; including civilian personnel compensation (-218 E/S, -235 W/Y), travel, supplies and materials, printing, equipment purchases and maintenance, communications, other contracts, rents, utilities, intragovernmental, postal, ADP and other support costs. -64,949
 2. Decrease reflects the downsizing/closure of NCTC Jacksonville (\$964), NCS Stockton (\$4,949), NCTS London (\$790), NCTAMS WESTPAC (\$9,785), and NCTS Newport (\$676), (Baseline: \$229,230). -17,164
 3. Reduction in GSA lease office space costs due to the relocation of Headquarters staff offices to government owned property as a result of Base Realignment and Closure (BRAC) decisions, (Baseline: \$2,805). -4,690
 4. Decrease reflects reduced environmental, WWMCCS and secure program leased lines due to infrastructure downsizing and affordability, (Baseline \$23,459). -3,606
 5. Reductions in INSURV inspections due to downsizing, (Baseline: \$3,931). -2,662
 6. Reduction in uniform sales and ship stores support, (Baseline: \$10,639). -2,298
 7. Reflects reduction in costs of food items for the Subsistence-in-Kind program, (Baseline: \$221,177). -2,082
 8. Reductions reflect savings from closure of Naval Telecommunication Centers Charleston, Mare Island, and Orlando (-4 E/S, -11 W/Y), (Baseline \$75,487). -377
 9. Reductions in costs due to closure of Naval Legal Service Office Treasure Island, Orlando, Charleston, Memphis, and Philadelphia (-9 E/S, -7 W/Y), (Baseline: \$7,071). -225

Management Initiatives

1. Realignment of satellite operational support to Combat Communications to more accurately reflect mission, (Baseline: \$75,487). -2,651

Budget Activity: 04 - Administration and Service-wide Activities
Activity Group: Service-wide Support (cont'd)

C. Reconciliation of Increases and Decreases (cont'd)

\$ in 000

- | | |
|--|--------|
| 2. Decrease reflects the reduction of Activities Providing Telephone Service (APTS) regional coordinator regions from ten to four, (Baseline: \$229,230). | -1,550 |
| 3. Reflects savings resulting from usage of the IMPAC Bank Card for purchases below the micropurchases threshold (-198) and from the use Electronic Funds transfer as the standard method for paying travel vouchers (\$-6). | -204 |

Execution/Fact of Life

- | | |
|--|--------|
| 1. Decrease reflects DIA supply credit not received. | -9,587 |
| 2. Decrease in Unemployment Compensation payments based on Department of Labor estimates, (Baseline: \$25,113). | -3,976 |
| 3. Reduction reflects remaining logistics support associated with the FY 1995 transfer of Naval Telecommunications System (NAVTELSYSIC) to DIS, (Baseline: \$2,821). | -2,821 |
| 4. Decrease in D.C. Water and Sewage costs based on current estimates by the Department of the Navy, (Baseline: \$5,540). | -1,163 |
| 5. Decrease reflects reduction for separation pay (\$-237), lump sum leave (\$-79), and the requirement to pay 9 percent of basic pay to the Civil Service Retirement and Disability Fund for each employee who has received a voluntary separation incentive payment (\$-130), (Baseline \$32,004). | -446 |

Strategy and Policy Changes

- | | |
|---|--------|
| 1. Decrease reflects reduction of routine Defense Switched Network services and level of precedence within the continental United States, (Baseline: \$23,459). | -9,152 |
| 2. Reduction reflects savings associated with review and revalidation of circuit leases and Secure Telephone Units (STU III), (Baseline: \$75,487). | -4,073 |
| 3. Decrease reflects termination of the Continuing Evaluation Program (\$3,798K), and the Integrated Verdin Transmit Terminal program (\$128K) due to reduced emphasis on submarine warfare, (Baseline \$22,001). | -3,926 |

Budget Activity: 04 - Administration and Servicewide Activities
Activity Group: Servicewide Support (cont'd)

C. Reconciliation of Increases and Decreases (cont'd) \$ in 000

4. Decrease reflects engineering and logistics support reductions in the Key Management and Secure Voice programs to systems nearing the end of their operational life, (Baseline: \$14,146).	-1,157
5. Reduction reflects decreased AUTODIN services as the Defense Message System is further implemented throughout the Navy, (Baseline \$23,459).	-1,091
6. Completion of collateral equipment purchases and BEQ modifications for MILCON projects at USNA, NDW, SPACECOM and NCTAMS WESTPAC, (Baseline: \$229,230).	-977
7. Decrease reflects Burdensharing agreement with the Government of Japan (GOJ) that provides that GOJ fund all Foreign National Indirect Hires, (Baseline: \$229,230).	-491
<u>Legislative Intent</u>	
1. Workforce Restructure Act.	-9,785
2. Reflects reduction in Alcohol Rehabilitation programs, (Baseline: 1,000).	-1,030

Modernization Changes

1. Decrease reflects reduced engineering costs for antiquated VLF/LF transmitters replaced by newer upgraded transmitters.	-158

18. Program Increases		31,382
A. Other FY 1997 Program Increases	(31,382)	
<u>Execution/Fact of Life</u>		
1. Increase due to cable replacement costs and automation of billing systems of Activities Providing Telephone Services, (Baseline: \$205,234).	844	
2. Increase in long haul communications costs of Defense Data of Defense Data Network customers.	561	
3. Increase to fund Injury Compensation claims, (Baseline: \$16,257).	518	
4. Increase to support the Armed Forces Satellite Transmitted Radio Service-Ship program, (Baseline: \$2,074).	273	
5. Increase in support costs for A-12 litigation, (Baseline: \$20,085).	120	
<u>Management Initiative</u>		
1. Increase reflects CIM initiative to regionalize and modernize civilian personnel systems, (Baseline: \$1,500).	4,155	
2. Reflects realignment of non-centrally managed equipment purchases from the procurement accounts.	835	
<u>Modernization Changes</u>		
1. Increase supports leased lines required for remote control costs due to station remoting/automation, (Baseline: \$59,817).	12,128	
2. Increase supports software integration and testing of the new generation of off-the-shelf open architecture submarine communications equipment which is NATO interoperable, (Baseline \$10,585).	3,090	
3. Increase reflects additional EHF/SHF terminals being fielded; and additional engineering support to bring tactical receiver equipment to full operational capability, (Baseline \$33,425).	592	

\$ in 000

C. Reconciliation of Increases and Decreases (cont'd)

- | | |
|---|-----|
| 4. Increase supports continual operational implementation of multiple broadcast services, integrated and interoperable data transfer, and broadcast and bandwidth management for upgraded Fleet communications, (Baseline \$11,846K). | 514 |
| 5. Increase supports the Shore LF/VLF Solid State Power Amplifier Replacement program to provide an upgraded common transmitter to replace existing vacuum tube transmitters, (Baseline \$4,497). | 416 |

Quality of Life

- | | |
|--|-------|
| 1. Increase in MWR to achieve DON directed Quality of Life (QOL) standards, (Baseline: \$49,142). | 2,685 |
| 2. Purchase of collateral equipment for various MILCON projects, (Baseline: \$60,218). | 1,239 |
| 3. Increase to provide necessary maintenance and repair of real property projects at various sites, (Baseline: \$60,218) | 640 |
| 4. Increase for the Sexual Assault Victim Intervention (SAVI) Program, (Baseline: \$1,303). | 629 |

Infrastructure

- | | |
|--|-------|
| 1. Increase for efforts to support the Bureau of Naval Personnel relocation to Memphis as directed by BRAC (+2 E/S, +1 W/Y), (Baseline: \$25,333). | 1,463 |
| 2. Increase reflects additional PWC costs at Naval District Washington due to BRAC consolidations, (Baseline: \$8,667) | 402 |
| 3. Increase in civilian personnel compensation due to NAVFAC headquarters move that was not funded in BRAC (+9 E/S, +12 W/Y), (Baseline: \$205,234). | 278 |

19. Program Decreases

-100,768

A. Annualization of FY 1996

Infrastructure

- | | |
|--|--------|
| 1. Decrease reflects full year costs for decline in civilian personnel commensurate with overall Navy downsizing (-9 W/Y), (Baseline: \$29,756). | (-574) |
| | -414 |

Budget Activity: 04 - Administration and Servicewide Activities
 Activity Group: Servicewide Support (cont'd)

C. Reconciliation of Increases and Decreases (cont'd)

\$ in 000

2. Decrease reflects full year costs for civilian personnel reductions due to closure of Naval Legal Service Office Treasure Island and Orlando (\$-4 W/Y), (Baseline: \$7,580).	-160
B. Other FY 1997 Program Decreases	
Execution/Fact of Life	(-100,194)
1. Decrease reflects the phase down in the Naples and Eastpac relocation projects, (Baseline: \$14,767).	-6,015
2. Reduced contractual support for the Electronic Military Personnel Record System (EMPRS), (Baseline: \$11,629).	-5,498
3. Reduction in Unemployment Compensation costs based on Department of Labor estimates, (Baseline: \$21,137).	-3,350
4. Decrease reflects reduced technical management and logistics support requirements for the NAVSTAR Global Positioning System as the system is incorporated throughout the Navy, (Baseline \$2,951).	-501
5. Completion of software development efforts for Source Data Base System Milestone III, (Baseline: \$19,141).	-339
6. Decrease reflects reduced Multilevel Information System Security Initiative engineering and technical support after initial start-up completed, (Baseline \$4,860).	-90

Infrastructure Reductions

1. Decrease in civilian personnel compensation and associated support costs due to base realignment and closure (BRAC) actions and overall Navy downsizing for the following:	-30,842
a. Naval Air Systems Command Headquarters relocation (-9,476) (-143 E/S, -132 W/Y), (Baseline: \$20,076).	
b. Other Headquarters staff relocations from GSA leased spaces (\$-4,102) and Pentagon Reservation office spaces (\$-3,619), (Baseline: \$84,489).	
c. Naval Facilities Command Headquarters relocation (-8 E/S, -4 W/Y), (\$-288) (Baseline: \$10,178).	
d. Navy Information Office East (NY closure), (\$-41).	
e. Naval Legal Service Offices consolidations at remote locations (-165) (-8 E/S, -4 W/Y), (Baseline: \$6,941).	

\$ in 000

C. Reconciliation of Increases and Decreases (cont'd)

f. Legal Service Support Group costs (-418) (-4 W/Y), (Baseline: \$2,639).	
g. Chief of Naval Education and Training relocation (-58), (Baseline: \$205,234).	
h. Overall Navy downsizing (-12,675) (-130 E/S, -130 W/Y), (Baseline: \$140,651).	-12,184
2. Reduction in Subsistence-in-Kind program consistent with military personnel reductions, (Baseline: \$222,333).	
3. Decrease in payments to the Defense Finance and Accounting Service (DFAS) reflects reduced workload due to downsizing, (Baseline: \$376,400).	-5,590
4. Decrease in NAVSEA Headquarters Shore Environmental Program enables a reduction of personnel (-2 E/S, -1 W/Y), (Baseline: \$205,234).	-118
5. Elimination of NAVFAC Headquarters Physical Security Program, (Baseline: \$205,234).	-78

Modernization

1. Decrease reflects automation/modernization initiatives such as equipment upgrades which will result in increased hardware reliability, lower level of spare parts support and reduced Defense Communication System costs, (Baseline: \$70,624).	-5,637
2. Decrease reflects replacement of Local Digital Message Exchange and Naval Communication Processing and Routing Systems equipment with upgraded hardware, and reduced software support, (Baseline: \$70,624).	-3,997
3. Reduction reflects replacing analog circuits with digital circuits for backup dedicated connections within the telecommunication and computer network, (Baseline: \$58,817).	-8,301

Management Initiatives

1. Reduction reflects decrease in overall continental United States Defense Switched Network service and review and revalidation of outside continental United States DSN requirements, (Baseline: \$59,817).	-10,695
--	---------

Budget Activity: 04 - Administration and Servicewide Activities
 Activity Group: Servicewide Support (cont'd)

C. Reconciliation of Increases and Decreases (cont'd) \$ in 000

2. Decrease reflects completion of information system software/hardware commonality initiative to provide telecommunications and computer stations the capability to exchange and share a wide range of data base information even as equipment and software is upgraded, (Baseline: \$15,696). -857

3. Decrease reflects increased savings from continued use of the Bank Card. -372

Legislative Intent

1. Decrease in environmental compliance funding as projects near completion (-9 E/S, -9 W/Y), (Baseline: \$205,234). -5,730

20. FY 1997 President's Budget Request

**Department of the Navy
Operation & Maintenance, Navy
FY 1996/1997 Budget Estimates**

Budget Activity: 04 - Administration & Servicewide Activities
Activity Group: Logistics Operations & Technical Support

I. Description of Operations Financed

Logistic Operations and Technical Support provides funding for logistic operation services and technical support services required to uphold and sustain the operating forces and weapon systems within the Navy. Logistic operations provide servicewide transportation of all Navy cargo, mail, troops, etc. Technical support services are primarily provided by the Navy Systems Commands. These funds provide support for civilian and military personnel assigned to DoN acquisition programs including life cycle management, acquisition management, and program management of air systems, ship systems, combat/weapon systems, and space and electronic warfare systems. Additionally, technical support includes class/system engineering and the Integrated Logistic Support (ILS) for surface, undersea, air, space and electronic weaponry, and the interoperability of each system with one another. Programs supporting this activity group include servicewide transportation; planning, engineering, and design; acquisition and program management; air systems support; hull, mechanical, and electrical support; combat/weapon systems; and space and electronic warfare. Furthermore, this activity group includes the cost of operating shore facilities which support logistic operations and technical support.

Servicewide Transportation - The Servicewide Transportation (SWT) program is Navy-wide and purchases transportation services from DoD industrially funded activities which include the Air Mobility Command (AMC), the Military Sealift Command (MSC), and the Military Traffic Management Command (MTMC). Additionally, SWT purchases transportation services from private sector firms which include aircraft, truck, bus, rail, barge, and freight forwarding services. SWT services include first destination transportation (FDT), second destination transportation (SDT), and continental United States terminal services in conjunction with cargo movements.

Planning, Engineering and Design - This sub-activity group provides funding for ship system acquisition studies and reports for the improvement of ship acquisition planning and ship construction projects. Planning, engineering, and design support is provided for facility related programs including federal military standards, ocean facilities, materials technology, and energy conservation. Funding for salaries, benefits, and administrative support costs is provided for engineering field divisions and related field activities. Funding for environmental protection programs and energy conservation management is also provided.

Acquisition and Program Management - This sub-activity group provides funding for salaries, administrative expenses, and travel of personnel involved in program management and logistic support for ship systems, aviation systems, space systems, food service systems, material transportation, fuel and petroleum support, and special support operations. Also, funding supports program management for the Navy International Programs Office (NIPO). Funding also provides salaries, benefits, and administrative support for procurement operations personnel who provide technical services for supply programs, major ship and weapon system support programs, and space and weapons warfare programs.

Budget Activity: 04 - Administration & Servicewide Activities
Activity Group: Logistics Operations & Technical Support (continued)

Air Systems Support - This sub-activity group provides funding for logistic operations and technical support for air launched missile rework and air launched ordnance and ammunition programs, air engineering services, ground support equipment engineering, technical publications, aircraft structural life survivability, automatic test equipment in-service engineering, automatic test equipment centers, Naval Aviation Logistics Data Analysis (NALDA), electromagnetic interference, standardization documents, support equipment, and integrated logistic support management. Additionally, funding is provided to support salaries, benefits, and administrative support to field operations providing technical services and weapon system support. This sub-activity group also provides funding for airborne anti-submarine warfare support including sonobuoy test support. It also encompasses the Navy's standards reform program.

Hull, Mechanical & Electrical (HM&E) Support - This sub-activity group provides funding for engineering, logistics, and technical support for ship environmental protection equipment and programs. Funding supports technical publications, underway replenishment, ship survivability/damage control, quality and reliability, and HM&E technical support. Funding also supports ship design methodology, federal military standards and specifications, inspection and survey, and marine gas turbines integrated logistic support. Additionally, funding is provided to support salaries, benefits, and administrative support to personnel performing engineering and related functions for establishing and maintaining life-cycle support logistics for HM&E and selected electronic equipment.

Combat/Weapons Systems - This sub-activity group provides engineering support for Shipboard Electromagnetic Compatibility Improvement Program (SEMCIP), Joint Logistics Command, Government/Industry Data Exchange Program, and Total Ship Test/Production Program. Logistics and technical support is provided for sensitive ordnance security, radiation control and health, standardization, quality evaluation, combat system integration, testing, and in-service engineering for multiple ship class combat system computer programs. The Navy Technical Representative Office is also funded to ensure that weapons systems manufacturers conform to contractual requirements.

Space and Electronic Warfare Systems - This sub-activity group provides technical and life cycle support for Navy Command and Control Systems (NCCS) ashore and afloat programs, Anti-Submarine Warfare Operations Center (ASWOC) program, and other Electronic Warfare Programs. These programs provide Meteorological support including site preparation for installation of new systems/equipment and contracted engineering and logistics support associated with new equipment/systems. Engineering and technical support is provided for electronic test and repair, maintenance engineering, technical publications, cover & deception, electronic warfare, naval information programs, portable electronic support measures, other engineering services, tactical electromagnetic program, and electromagnetic compatibility program. Logistics and technical support is funded for Shipboard Non-tactical Automated Data Processing (SNAP), SSN Integrated Communication System, Inspection and Survey, Spare Parts Improvement, Safety, Marine Air Traffic Control Squadrons, Precise Time and Time Interval Maintenance Support, and Navy Occupational Safety and Health. This sub-activity group also provides technical support for Airborne Anti-Submarine Warfare and Surface Ship Anti-Submarine Warfare.

Budget Activity: 04 - Administration & Servicewide Activities
Activity Group: Logistics Operations & Technical Support (continued)

Base Support - Base support includes operation of utility systems; public works services; base administration; supply operations; base services such as transportation and security; personnel support functions; bachelor quarters operations; morale, welfare, and recreation operations; real property maintenance; disability compensation; and environmental and hazardous waste management.

II. Force Structure Summary

This activity group provides planning, engineering, design, acquisition management, logistics, and engineering support for 365 and 358 Battle Force Ships in FY 1996 and FY 1997, respectively. Additional program areas supported are provided as follows:

Space and Electronic Warfare programs provide tactics combat intelligence to 29 surface ships and 2 shore sites. Additionally, support is provided to fleet communication centers, carrier battle groups, amphibian readiness groups, and fleet command ships.

Air systems support provides for out-of-production engineering and logistics support for the Navy/Marine Corps operational inventory of aircraft, associated support equipment, automatic test equipment, and other peculiar and common aircraft systems.

Servicewide Transportation provides funding for the majority of the Navy's first and second destination movement of regular and emergent readiness material including ammunition, chemicals, medicine, subsistence, mail, repair parts, and high value repair items.

Facility related programs provide support for the Navy Energy/Environmental Support Activity and four Engineering Field Divisions (EFDs). These activities provide administration management and oversight for Navy and Marine Corps Operations and Maintenance facilities contracts. This program supports Navy logistics and technical operations worldwide. Funds the Navy's execution of real property maintenance through the EFDs.

	A. Civilian Pay Raise	4,429
	B. Locality Pay Adjustment	3,248
8.	Functional Transfers	
	A. Inter-Appropriation Transfers In	(60)
	Increase reflects a realignment from Other Procurement, Navy to Operations and Navy to reflect a change in the expense/investment threshold from \$25 thousand to \$50 thousand	60
9.	Program Increases	
	A. Other Program Increases in FY 1995	50,898
	Execution/Fact of Life	
	1) Net increase reflects additional commercial transportation purchases as a result of transportation modal distribution change and also increases to reflect proper funding line for DFAS transportation surcharge payment, (Baseline \$72,717 thousand).	14,063

Budget Activity: 04 - Administration & Servicewide Activities
Activity Group: Logistics Operations & Technical Support (continued)

C. Reconciliation of Increases and Decreases (continued)

\$ in 000

2) Increase reflects additional engineering support for major ship and weapons system acquisition, (+80 ES/+90 WYs), (Baseline \$203,827 thousand).	5,187
3) Increase reflects payment of lump sum annual leave to recipients of Separation Incentive Pay (SIP)/Voluntary Early Retirement Authorization (VERA), (Baseline \$0 thousand).	2,576
4) Increase reflects repricing of civilian personnel costs based on projections of actual on-board rates and the FY 1995 pay raise of 1.6%, (Baseline \$203,827 thousand).	4,613
5) Increase supports additional inspections, surveys and Technical Manual Deficiency Evaluation Reports (TMDERS) for the Hull, Mechanical, and Electrical Support program. Results of inspections performed provide the CNO, on a triennial basis, reports of the condition, operational capability and deficiencies for each ship, (Baseline \$42,477 thousand).	2,482
6) Increase reflects additional Navy-wide environmental program requirements including the preparation of environmental studies, project execution support and underground storage tank replacement, (Baseline \$3,200).	2,525
7) Increase reflects realignment of civilian personnel from reimbursable to direct to support the execution of O&M funded facilities repair and maintenance, minor construction, and for facilities services contracts, (+102 E/S, 114 W/Y).	4,160
8) Increase to properly fund GSA lease payments.	3,860
9) Increase in the Quality Evaluation program reflects additional efforts for surface missiles, undersea weapons and surface munitions to reduce the backlog of ordnance that is to be evaluated in terms of safety, reliability and performance characteristics, (Baseline \$2,216 thousand).	942
10) Increase in the ICSTF/EMI Control program reflects additional lines of code production to support combat system integration testing and in-service engineering for multiple ship class combat systems computer programs, (Baseline \$1,567 thousand).	1,505
11) Increase provides for caretaker costs associated with maintaining NAS Agana until the property transfers to the Government of Guam, (Baseline \$0 thousand).	1,362
12) Increased funding for Electronic Data Interchange and Navy Standardization programs, (Baseline \$10,854 thousand).	3,718

\$ in 000

C. Reconciliation of Increases and Decreases (continued)

Legislative Intent

- | | |
|---|-------|
| 1) Increase reflects Civil Service Retirement and Disability Fund payment representing 9 percent of the final basic pay of each employee who has received a Voluntary Separation Incentive Payment in accordance with the Federal Workforce Restructuring Act of 1994, (Baseline \$0 thousand). | 201 |
| 2) Increase reflects Civil Service Retirement and Disability Fund payment representing \$80 for each employee as of 31 March 1995 in accordance with the Federal Workforce Restructuring Act of 1994, (Baseline \$0 thousand). | 1,466 |
| 3) Increase reflects revised estimate for Federal Employment Compensation Act (FECA) payments, (Baseline \$0 thousand). | 238 |

Management Initiatives/Changes

- | | |
|--|-------|
| 1) Increased funding for the Material Handling Equipment (MHE) Service Life Extension Program (SLEP) to extend the life of forklift trucks while reducing procurement requirements, (Baseline \$0 thousand). | 2,000 |
|--|-------|

10. Program Decreases

A. Other Program Decreases in FY 1995

Execution/Fact of Life Changes

- | | | |
|---|-----------|---------|
| 1) Congress authorized locality pay increases for federal employees nationwide. Decreases to Planning, Engineering and Design and Acquisition and Program Management are needed to fully fund the pay raises. A reprogramming request will be provided to Congress and, once approved, funding will be restored. | (-31,039) | -31,039 |
| 2) Reduction for realigning several programs from Logistics Operations to properly align efforts with their direct missions. These efforts include the Naval Sea Systems Command environmental personnel to Servicewide Base Support (-4 E/S, -4 W/Y, -\$286 thousand); Safety and Survivability Program into Servicewide Administration (-\$928 thousand); and software maintenance to Weapons Support (-\$3,284 thousand), (Baseline \$4,498 thousand). | -4,429 | |
| 3) Decrease reflects realignment of civilian personnel from reimbursable to direct to support the execution of O&M funded facilities repair and maintenance, minor construction and for facilities services contracts, (Baseline \$4,160 thousand) | -4,498 | |
| | | -4,160 |

Budget Activity: 04 - Administration & Service-wide Activities
Activity Group: Logistics Operations & Technical Support (continued)

C. Reconciliation of Increases and Decreases (continued)

\$ in 000

-4,124

- 4) Decrease reflects less technical and program management support, hardware and software maintenance, configuration management, logistics support, engineering analysis, shore support surveys, oversight inspections, technical safety assistance, site visits, and in-service engineering efforts for space and electronic warfare system programs, (Baseline \$73,660 thousand).

-7,860

- 5) Reductions in classified programs, (Baseline \$86,097 thousand).

Infrastructure

-2,888

- 1) Net decrease in civilian personnel and support costs including travel, supplies, materials, equipment maintenance, and contractual support due to overall downsizing and reduced requirements for Naval Sea Logistics Center, Naval Sea Systems Institute and the Commander's Development Program (-17 E/S, -44 W/Y), (Baseline \$28,752 thousand).

-690

- 2) Decrease reflects accelerated termination of the Materials Technology Program, including public works shop equipment and miscellaneous equipment for Naval Construction Forces (-12 E/S, -12 W/Ys), (Baseline \$690 thousand).

-1,160

- 3) Decrease reflects accelerated reduction of facility engineering and design services, provided by the Naval Engineering Field Divisions, consistent with shore infrastructure reductions (-5 E/S, -5 W/Ys), (Baseline \$38,888 thousand).

Management Initiatives/Changes

-1,230

- 1) Decrease reflects assumption of management and funding responsibility by OSD of energy-related initiatives which were formerly managed by the Naval Facilities Engineering Command, (Baseline \$1,230 thousand).

A. Transfers In	41,550
1) Inter-Appropriation	
1) Realignment of non-centrally managed equipment purchases from the procurement accounts.	(100,774)
2) Increase reflects mission funding of certain real property maintenance, bachelor quarters maintenance, base communications, environmental compliance, and other base operating support costs incurred by the Fleet and Industrial Supply Centers (FISCs) in support of non-reimbursable tenant activities. These costs were formerly reflected in the rates charged to DBOF customers. DBOF O&M,N customer rates reflect decreases for the removal of these costs from FISC overhead (+479 E/S, +365 W/Y), (Baseline \$0 thousand).	625
3) Transfer of funding for Fitting Out Support Assistance Team (FOSSAC) and large and small purchases done at Fleet Industrial Support Centers from the Defense Business Operating Fund (DBOF) funds civilian personnel costs and DBOF purchases (+1,291 E/S, +1,557 W/Y), (Baseline \$0 thousand).	48,119
2) Intra-Appropriation	
1) Transfer of Arms Control Treaty Compliance and Implementation functions from combat communications (9 E/S, 9 W/Y), (Baseline \$0 thousand).	43,015
B. Transfers Out	
1) Inter-Appropriation	9,015
1) Decentralization of Naval Facilities Engineering Command funding for the execution of O&M funded repair, maintenance, minor construction, environmental compliance and facilities service contracts (Baseline \$59,774 thousand).	(-59,224)
2) Intra-Appropriation	
1) Decentralization of Naval Facilities Engineering Command funding for the execution of O&M funded repair, maintenance, minor construction, environmental compliance and facilities service contracts (-756 E/S, -751 W/Y), (Baseline \$59,774 thousand).	-14,749

14. Program Increases	
A. Other Program Increases in FY 1996	
Execution/Fact of Life Changes	
1) Increase reflects one additional workday in FY 1996, (Baseline \$566,129 thousand).	(86,967)
2) Increase reflects the realignment of salary and support costs which reflects the consolidation of Maintenance Resource Management System (MRMS) and Navy Aviation Logistics Command Management Information System (NALCOMIS) into Navy Tactical Command Support System (NTCSS) (+71E/S, +65W/Y), (Baseline \$12,184 thousand).	2,107
3) Increase in classified programs, (Baseline \$78,237 thousand).	4,018
4) Increase in the Quality Evaluation program reflects additional funding for propellant safety and warhead explosive sensitivity testing in the sensitivity munitions criteria to reduce the backlog of ordnance to be evaluated in terms of reliability and safety to ensure combat weapons system integration, (Baseline \$3,057 thousand).	3,064
5) Increase in the ICSTF/EMI Control program reflects additional hours of testing and lines of code to ensure combat weapon system integration, (Baseline \$3,161 thousand).	982
6) The increase in the Government Industry Data Exchange Program (GIDEP)/Quality Assurance program reflects additional efforts for the Material Readiness Database program and the Product Deficiency Reporting and Evaluation program to improve combat systems readiness assessments, (Baseline \$1,116).	3,768
7) Increase reflects additional support for the Bachelor Quarters (BQ) Management Program, including civilian personnel costs, training, travel, and the purchase of oversea's loaner furniture (+30 ES/+22 WYs), (Baseline \$1,740 thousand).	2,628
8) Net increase provides additional in-service engineering agent support, hardware/software maintenance and updates, engineering, technical support for space and electronic warfare programs including Electronic-Warfare Reprogrammable Library, OSIS Baseline Upgrade, NTCSS, NTCSS-A, SCADS, ILS, Tactical Support Center, COOP, Vulnerability Assessment Support System, and Electronic Warfare. The increases are required in part, to comply with	7,951
	1,363
	86,967

standards document review and to support new equipments coming on-line/being upgraded, (Baseline \$39,727 thousand).

- 9) Increases reflects demolition costs for facilities no longer required Navy-wide, (Baseline \$0 thousand).

5,000

Management Initiatives/Changes

- 1) Increase to fund customer reimbursement to fleet industrial supply centers for supply management and supply operations costs of running SERVWART and retail inventory of Navy owned material since these costs have been removed from the wholesale surcharge, (Baseline \$0 thousand).

4,824

Legislative Intent

- 1) Net increase in environmental programs to comply with federal, state, and local laws and regulations. Efforts funded include hazard abatement program (\$1,524 thousand), environmental engineering (\$7,084 thousand), and pollution prevention (\$7,438 thousand). Hazard Abatement program increases are for asbestos abatement, industrial ventilation, emergency egress, and fire protection projects. Environmental Engineering Support increases to provide support for the implementation of efforts directed to conform with 1990 Amendments to the Clean Air Act and Graywater Collection SHIPALT installations engineering reviews and asbestos programs for DD 963/DDG 993 Class. Pollution prevention increases for special projects and environmental studies required to assist in preventing/reducing pollution at the source, (Baseline \$95,009 thousand).

16,046

Quality of Life

- 1) Increase reflects additional human resource office funding in support of Navy downsizing initiatives and equal employment opportunity (EEO) goals. In support of downsizing, specific efforts include additional job information/referral and counseling services. In support of EEO goals, specific efforts include additional EEO counseling services, special emphasis programs, sexual harassment prevention programs, community outreach, and awareness training (+192 E/S, +202 W/Ys), (Baseline \$40,778 thousand).

Execution/Fact of Life Changes

(-141,624)

1) Savings resulting from increased usage of the IMPAC bank card for purchases below the micro-purchase threshold (\$426 thousand) and from the use of electronic fund transfer as the standard method for paying travel vouchers, (-\$13 thousand).	-439
2) Decrease reflects payment of lump sum annual leave to recipients of Separation Incentive Pay (SIP)/Voluntary Early Retirement Authorization (VERA). (Baseline \$450 thousand).	-450

\$ in 000

C. Reconciliation of Increases and Decreases (continued)

- | | |
|---|---------|
| 3) Decrease reflects reduction in Civil Service Retirement and Disability Fund payment representing 9 percent of the final basic pay of an employee who has received a Voluntary Separation Incentive Payment in accordance with the Federal Workforce Restructuring Act of 1994, (Baseline \$159,738 thousand). | -2,290 |
| 4) Decrease reflects final payment of Navy's DFAS transportation surcharge bill, (Baseline \$110,066 thousand). | -12,100 |
| 5) Decrease reflects less support for Ground Support Equipment, Automatic Test Equipment Center, Aircraft Systems Fleet Support, Electro-Magnetic Interference, and software trouble reports due to reduced engineering and logistics requirements. | -54,832 |
| 6) Decrease reflects reduced configuration management, reliability tracking, and technical manual changes for Coordinated Shipboard Allowance List Feedback reports, planned maintenance system Documentation Packages and Advanced Tactical Data Link Systems due to reduced requirement, (Baseline \$18,329 thousand). | -3,197 |
| 7) Decrease reflects the realignment of funding from reimbursable to direct funding to reflect the consolidation of Maintenance Resource Management System (MRMS) and Navy Aviation Logistics Command Management Information System (NALCOMIS) into Navy Tactical Command Support System (NTCSS), (Baseline \$12,184 thousand). | -4,018 |
| 8) Decrease reflects realignment of Inspection and Survey funding to Other Personnel Support, (Baseline \$433 thousand). | -443 |
| 9) The decrease in the Radiation/Ordnance Security program is due to the program becoming DBOF in FY 1996, (Baseline \$2,761 thousand). | -2,761 |
| 10) The decrease in the Radiation Control and Health program reflects reduced Atmospheric Release Advisory Capability support to nuclear weapons facilities, (Baseline \$1,957 thousands). | -447 |
| 11) Decrease reflects realignment of funding for DFAS services to servicewide support, (Baseline \$728 thousand). | -7,628 |
| 12) Realignment of funding for the Navy Food Systems Service Office (NFSO) to Administration in order to consolidate program resources which include civilian personnel compensation (-1,575) (-25 E/S, -25 W/Y) and other support costs (-88), (Baseline \$1,663 thousand). | -1,601 |

Budget Activity: 04 - Administration & Servicewide Activities
Activity Group: Logistics Operations & Technical Support (continued)

C. Reconciliation of Increases and Decreases (continued)

\$ in 000

Infrastructure Changes

- 1) Reductions in civilian personnel compensation costs, travel, supplies and materials, leased space, utilities, contractor support, ADP support, publications, rents, communications, equipment purchases and maintenance, printing, and other support costs due to downsizing (-203 E/S, -209 W/Y), (Baseline \$519,614 thousand).
- 2) Decrease reflects reduced facility design services provided by the Naval Engineering Field Divisions and are consistent with shore infrastructure reductions (-20 ES/-12 WYs), (Baseline \$39,366 thousand).
- 3) Decrease reflects BRAC III savings associated with the consolidation and closure of Naval Aviation Depot Pensacola, (Baseline \$0 thousand).
- 4) Decrease reflects savings attributable to the closure or realignment of Naval Supply Systems Command and Naval Facilities Engineering Command activities as a result of BRAC III decisions, (Baseline \$122,820 thousand).
- 5) Decrease reflects the termination of Post Operation Analysis Critic and Exercise Review (PACER) effort, Tactical Electro-Magnetic Program, and less Airborne Anti-Submarine Warfare support due to decreased worldwide threat, (Baseline \$3,349 thousand).

Force Structure

- 1) Decrease reflects less transportation of short-tons, less transportation of measurement tons, and less tons port-handled due to force structure reductions, (Baseline \$156,378 thousand).
- 2) Decrease reflects fewer Fleet Electromagnetic Engineering problems addressed, fewer acquisition engineering evaluations to be completed, and fewer battle force studies to be completed as a result of declining force structure, (Baseline \$3,287 thousand).

| 2) Increase reflects additional Airborne ASW Support and Integrated Logistics Management to support an aging inventory and out-of-production aircraft and systems, (Baseline \$205,391 thousand). | 8,169 |
| 3) Increase reflects additional engineering and technical support for Integrated Communications Systems to support the establishment of the Submarine Communications Support System (SCSS), (Baseline \$3,797 thousand). | 1,651 |
| 4) Increase reflects additional Integrated Logistics Support (ILS) associated with the fielding of shipboard Single Channel Ground to Air Radio Systems (SINGARS), (Baseline \$5,973 thousand). | 447 |

Quality of Life

- | | |
|---|-------|
| 1) Increase reflects additional support for the Bachelor Quarters (BQ) Management Program, including the development of comprehensive neighborhood plans and furniture catalogs, (Baseline \$9,761 thousand). | 2,981 |
|---|-------|

Legislative Changes/Intent

- | | |
|--|-------|
| 1) Increase reflects additional support for the refurbishment Navy oil skimmers and other environmental compliance requirements of the Oil Pollution Act of 1990 (8 E/S, 6 W/Y), (Baseline \$40,034 thousand). | 2,191 |
|--|-------|

Budget Activity: 04 - Administration & Service-wide Activities
 Activity Group: Logistics Operations & Technical Support (continued)

C. Reconciliation of Increases and Decreases (continued)

	\$ in 000
19. Program Decreases	
A. Other Program Decreases in FY 1997	
Infrastructure Changes	
1) Decrease reflects reduced civilian personnel and general administrative costs such as communications, supplies, materials, equipment purchases and maintenance, printing, contractor support, minor construction, and other support costs consistent with headquarters downsizing initiatives (-426 E/S, -456 W/Ys), (Baseline \$719,741 thousand).	(-51,161)
2) Decrease reflects reduced facility engineering and design services, provided the Navy Engineering Field Divisions, and consistent shore infrastructure reductions (-14 ES/-14 WYs), (Baseline \$38,618 thousand).	-32,420
3) Decrease reflect BRAC III savings associated with the consolidation and closure of Naval Aviation Depots, (Baseline \$-3,802 thousand).	-341
4) Decrease reflects savings attributable to the closure or realignment of Naval Supply Systems Command activities as a result of BRAC III decisions, (Baseline \$71,600 thousand).	-7,155
	-2,308
Force Structure	
1) Decrease reflects less transportation of short-tons, less transportation of measurement tons, and less tons port handled due to force structure reductions, (Baseline \$147,132 thousand).	-1,274
Execution/Fact of Life	
1) Savings resulting from increased usage of the IMPAC bank card for purchases below the micro-purchase threshold.	-592
2) Decrease reflects reduced configuration management, reliability tracking, software support, and technical manual changes for Advanced Tactical Data Link Systems due to reduced requirement, (Baseline \$14,381 thousand).	-2,725
3) Decrease reflects reduced requirements for the Quality Evaluations Program for propellant safety and warhead explosive sensitivity efforts, (Baseline \$4,287 thousand).	-270
Management Initiatives/Changes	
1) Decrease reflects savings attributable to regionalizing the Fleet and Industrial Supply Centers (-54 ES/-42 WYs), (Baseline \$48,119 thousand).	-4,076
20. FY 1997 President's Budget Request	\$1,499,382

Department of the Navy
Operation & Maintenance, Navy
FY 1996/1997 Budget Estimates

Budget Activity: 04 - Administration and Service-wide Activities
Activity Group: Investigations and Security Program

I. Description of Operations Financed

The Naval Criminal Investigative Service (NCIS) conducts investigations of felony violations of the U.S. Code and the Uniform Code of Military Justice (UCMJ) as they occur throughout the Navy and Marine Corps. Such investigations include fraud, crimes against property, and persons. In addition to the investigative mission, the NCIS manages the DON Law Enforcement and Physical Security Program, DON Security Policy, and operates the DON Central Adjudication Facility.

Funding also supports the National Foreign Intelligence Program (NFIP), which consists of the Consolidated Cryptologic Program (CCP), General Defense Intelligence Program (GDIP), and the Foreign Counterintelligence (FCI). Details of this program are classified and can be provided separately.

Base Support includes operation of utilities systems; public works services; base administration; supply operations; and base services such as transportation and security; personnel support functions; bachelor quarters operations; morale, welfare and recreation operations; real property maintenance; and environmental management.

II. Force Structure Summary

This program supports worldwide Navy intelligence and criminal investigative operations both ashore and afloat.

Budget Activity: 04 - Administration and Servicewide Activities
Activity Group: Investigations and Security Programs (continued)

G. Other Pricing	(5,692)	
11. Functional Transfers		63,424
A. Transfers In		
Intra-Appropriation	64,896	
1) Transfer of telecommunications functions into the classified National Foreign Intelligence Program (NFIP), (-20 E/S, -20 W/Y), (Baseline: \$0).	(2,096)	
2) Decentralization of Naval Facilities Engineering Command funding for maintenance, repair, minor construction, environmental, and facilities service contracts, (Baseline: \$0).	1,886	
	210	

Budget Activity: 04 - Administration and Servicewide Activities
Activity Group: Investigations and Security Programs (continued)

C. Reconciliation of Increases and Decreases (continued)

Inter-Appropriation		
1) Realignment of non-centrally managed equipment purchases from the procurement accounts into the NFIP, (Baseline: \$0).	(62,800)	
 B. Transfers Out		
Intra-Appropriation		
1) Transfer Activities Providing Telephone Service to reflect consolidation of this function within Servicewide Support, (Baseline: \$348).	-1,472	
	(-1,472)	
	-348	
2) Transfer of functions formerly within the NFIP to Combat Operations/Support, (Baseline: \$969).	-969	
3) Transfer of functions also previously within the NFIP to Ship Operations, (Baseline: \$155).	-155	
 12. Program Increases		4,177
A. Other Program Increases in FY 1996		
Execution/Fact of Life Changes	(4,177)	
1. One additional workday.	1,035	
2. Increase reflects additional NCIS support for Pentagon Renovation costs, (Baseline: \$18,313).	693	
3. Reflects rate changes for Federal Employee Health Benefit plans effective January 1994 and employee participation charges, (Baseline: \$658).	19	
4. Increase to Real Property Maintenance for reduction in BMAR for facilities supporting utilities, training, maintenance, and operations, (Baseline: \$2,359).	13	
 Legislative Changes		
1. Increased funding for environmental conservation to support requirements mandated by legislation such as the Resource Conservation Recovery Act, (Baseline: \$0).	400	
 Quality of Life Initiatives		
1. Increased funding to improve morale, welfare, and recreation programs at security stations located in remote and isolated areas, (Baseline: \$1,123).	439	

Budget Activity: 04 - Administration and Service-wide Activities
Activity Group: Investigations and Security Programs (continued)

C. Reconciliation of Increases and Decreases (continued)

2. Increased funding supports replacement of furniture, fixtures, and equipment to revitalize existing bachelor quarters to retain skilled enlisted personnel, (Baseline: \$2,177)	1,578	
13. Program Decreases		-27,048
A. Annualization of FY 1995 Decreases		
1. Annualization of prior year personnel reductions due to downsizing, base closure savings, and classified programs, (-49 W/Y).	(-745) -745	
B. Other Program Decreases in FY 1996		
Force Structure Changes		
1. Decrease reflects NCIS civilian personnel reductions due to downsizing (-33 E/S, -17 W/Y) and base closures at Philadelphia Shipyard, Moffett Field, and Long Beach (-8 E/S, -9 W/Y), (Baseline: \$77,937).	(-26,303) -3,780	
2. Reduction reflects the closure of the Navy Anti-Terrorist Alert Center, (Baseline: \$1,000).	-1,000	
3. Decreased funding for base support to reflect defense downsizing, (Baseline: \$302).	-113	
Strategy and Policy Changes		
1. Net of classified program increase and decrease including civilian personnel, (-144 E/S, -113W/Y).	-16,346	
2. Savings resulting from increased usage of the IMPAC Bank card for purchases below the micro-purchase threshold, (Baseline: \$9,950).	-9	
3. Savings resulting from the use of Electronic Funds Transfer as the standard method for paying travel vouchers, (Baseline: \$770).	-1	
Legislative Changes		
1. Decreased funding for environmental compliance, cleanup, and pollution prevention. Decrease reflects reduction from aggressive FY95 funding as environmental evaluations/studies are completed and	-1,163	

Budget Activity: 04 - Administration and Service-wide Activities
Activity Group: Investigations and Security Programs (continued)

C. Reconciliation of Increases and Decreases (continued)

initial project implementation associated with the evaluations begin to be completed, (Baseline: \$4,344).

Modernization/Infrastructure Changes

1. Decreased funding for real property and bachelor quarter maintenance. Decrease reflects completion of priority projects started under the FY95 property maintenance backlog program, (Baseline: \$7,036).
